Communists Back Down, Give In to U.N. Demand POWs Remain in Korea

Agree New Aid Should Go to Asia

Key Congressmen Favor Arms; Oppose Sending U.S. Troops

WASHINGTON (AP) — Key members of Congress were agreed today that the U. S. should extend new aid to threatened Southeast Asia, but little support was evident for a suggestion that military forces as well as equipment be sent.

The Communist - led drive through the kingdom of Laos in French Indochina continued to dominate congressional consideration of President Eisenhower's proposed $5,828,000,000 foreign aid program for next year.

Gen. Omar Bradley, chairman of the Joint Chiefs of Staff, and Secretary of Defense Wilson give further details of the global military situation today in closed sessions before the House Foreign Affairs and Senate Foreign Relations Committees.

Secretary of State Dulles told both groups yesterday the government is discussing with interested governments the question of taking the new Red attacks to the United Nations.

At the U. N. in New York City, some Asians said the situation might be brought up under Article 34 of the U. N. Charter. This provides that the Security Council may investigate any situation of this sort to see if it imperils world peace.

A House subcommittee simultaneously recommended that the French Indochina war be placed under U. N. jurisdiction. The report was prepared by four congressmen who were in Indochina when the Communists struck at Laos, gateway to Thailand and the rest of rich Southeast Asia.

Sen. Knowland (R-Calif) yesterday told Dulles "not to foreclose the possibility of using our air and naval power" if such action proved necessary to stop conquest of Southeast Asia.

Dulles said this country has no

Crawford Legislator Is Sponsor

House Vote Set on Radar Speed Trap Control Bill

COLUMBUS, O. (AP)—The Ohio House scheduled a vote today on a bill which would give a radar-beamed speed trap some legislative interference.

The cop on the motorcycle hidden behind a billboard—subject of many a comic cartoon—has given way in some localities to a pair of police cars armed with a little black box, says the bill's sponsor, Rep. Terry Drake (R-Crawford).

The black box is full of electronic equipment. It measures the speed of a passing car. If it is exceeding the speed limit, a shortwave radio message to another police car parked a few hundred yards ahead is enough to put the motorist in the toils of the law.

Drake's bill would require warning signs be posted at least 500 feet ahead of zones where radar-speed equipment is used.

The Crawford County Republican said radar-speed devices are operated in at least 25 Ohio counties. The State Highway Patrol also uses the devices.

The Drake bill was the only measure of general interest on the floor calendar of either house as the Legislature prepared to end another week of deliberations.

Wednesday the Senate completed passage of a bill to tighten regulation of the sale of horse meat for human consumption.

The vote on the House approved measure was 30-0.

Sponsors said the changes will plug weak spots in the two-year-old law. They said the weaknesses were uncovered last year in prosecutions in Akron and Findlay for illegal sales of horse meat.

The bill, which will go to the governor for signature as soon as the House concurs in minor Senate amendments, raises maximum penalties for violations to a $1,000 fine and 15 months in jail. Present top penalties are a $500 fine and 100 days in jail.

The Ohio Un-American Activities Commission, originally set up by the 99th General Assembly and resurrected by the present assembly, will continue until Jan. 31, if the House approves a bill passed by the Senate.

The Legislature, earlier in the session, revised the defunct commission. But, in doing so, it amended only the Ohio general code. The general code, however, dies Oct. 1 and will be replaced by the revised code of Ohio. The new bill, geared to the revised code, is needed to insure the last four months of the commission's

LISTS STAGE REDS. Jerome Robbins, 34, choreographer who created the dances for such Broadway hits as "The King and I" and "Call Me Madam," is shown on House un-American activities witness stand in New York, where he admitted having been a Communist from 1943 to 1947, and named seven personalities of the entertainment world he said were members of his Red group. He said he turned Communist because he experienced "prejudice," but later became disillusioned.

Farmers Set Meeting On Price Declines

County Group Will Give Views on What To Do About Drop

Marion County farmers will join farmers throughout the state on May 14 to present their views on what should be done about falling farm prices.

Kensel Clutter of near Marion, president of the Marion County Farm Bureau Federation, sponsor of the meeting, similar "farm price rallies" will be held in each of the 88 counties in Ohio the same evening in order to obtain farmer opinions on skidding prices.

Results of these meetings will be sent to the state Farm Bureau headquarters in Columbus where they will be made available to the Farm Bureau congressional

Unfold Story Of Attempted Tax-Fixing

Senate Investigations Subcommittee Cites West Coast Agent

WASHINGTON (AP)—A story of tax-fixing attempts in California, with cash as a reward and murder as a threatened penalty, was unfolded today by Sen. McCarthy's Senate investigations subcommittee.

The subcommittee filed with the Senate a report containing highlights of testimony it took behind closed doors in the case of Russell W. Duke, West Coast public relations man cited for contempt by the Senate yesterday.

The report pointed toward a close connection between Duke and Edward P. Morgan, former general counsel to a Senate foreign relations subcommittee which investigated McCarthy's charges of Communists in the State Department.

Morgan and Duke, the report said, exchanged "code" messages about tax cases and prospects for more tax cases. It said, however, that Morgan denied having any code arrangement with Duke.

The report said that in the "few cases" it cited "Russell W. Duke received a total of $32,850 in fees and approximately $2,500 in expenses, and Atty. Edward P. Morgan received $13,700 in fees and $450 in expenses."

It said Morgan loaned Duke $500

Offer New Eight-Point Compromise

Propose 5-Nation Neutral Commission Serve as Caretaker

PANMUNJOM (AP) — The Communists today offered a new compromise plan to break the Korean truce deadlock, bowing to Allied insistence that no prisoners of war who refuse to go home be taken out of Korea.

The Allies immediately asked time for top-echelon study.

The eight-point Red plan also proposed a five-nation neutral commission as caretaker for 48,500 Red prisoners who refuse to go back to communism. Both sides previously have suggested one nation for that job.

The new proposal is a reversal of the Reds' earlier demand that these prisoners be sent bodily to the neutral country.

Even though the Reds made it clear the Allies must accept all or nothing, this appeared to be the first major break since the truce talks reopened April 26 in an effort to agree on exchange of prisoners, last major barrier to an armistice.

Lt. Gen. William K. Harrison, chief Allied delegate, said:

"This is an important proposal . . . that merits careful and considerable thought.

"Our major decisions must be made by the governments themselves."

plans to send American troops to the new trouble theater.

Rep. Brooks of Louisiana, a ranking Democrat on the House Armed Services Committee, said it shouldn't plan to.

"We shouldn't wait on the United Nations," he said in an interview. "We should send equipment at once to Laos, Indochina and perhaps Burma—but no troops. We might have a certain use of seapower for blockade."

Rep. Hebert (D-La) said he supported materiel aid but "under no circumstances let one American life be risked."

Claridon Heights Ditch Requested By Residents

Residents of the Claridon Heights addition east of Marion today took the first step in improving sanitary conditions in that area. A petition was filed with the county commissioners asking the installation of additional sewer facilities.

The petition follows a move by the Marion County Health Board to hold up issuing of septic tank permits for the new homes until sanitary conditions had been improved.

Lack of adequate surface drainage in the area was given as the reason for stopping the permits.

The petition filed by Arthur H. Larson, a landowner in the area, and others, asks for the "location, construction, reconstruction, deepening, widening and tiling of a combination sewer in Claridon Heights and adjacent land."

The ditch would start on east side of Kensington Place and continue west to the north road ditch of Linwood Drive and then continue west under North road ditch to Merchant Ave. From there it would run west and south to the north side of Mt. Vernon Ave. to the Ququa Ditch.

The petition terms the project as "necessary and conducive to the public welfare."

At the present time the Claridon Heights addition is without sewers and new homes being constructed have been equipped with septic tanks.

Commissioners set June 2 as the date for viewing the proposed project. June 11 has been set as the date for the first public hearing on the ditch.

Common Pleas Court

Testimony of Courthouse users about the lack of an elevator in the building and about the difficulties encountered by them in climbing the stairs was presented this morning in a hearing in Common Pleas Court before Judge Paul D. Smith.

The hearing, on a motion filed by the Marion County Bar Association requesting the court to review Courthouse facilities, started at 10 a.m. before a group of approximately 40 interested persons.

Howard F. Guthery, a member of the Bar Association committee filing the motion, was the committee's counsel, and County Prosecutor Ralph E. Carhart represented the Marion County Commissioners.

The motion, filed April 16 in Common Pleas Court, requests that the Marion County Commissioners be required to "furnish all the rooms and facilities proper and essential to the efficient performance of the functions of the courts of Marion County."

Among those testifying this morning for the Bar Association committee were Robert Kelly, attorney and former bailiff; Fred Miller, present bailiff of Common Pleas Court; J. W. Jacoby, attorney for 56 years in Marion; Calvin Oborn, clerk of courts; Donna Baer, deputy clerk in the title office of the clerk of courts; Warren Bull, deputy clerk in the Probate Court, and Mrs. Fanny Benson, clerk in the Juvenile Court office.

Volunteers Testimony

Also offering testimony was William Schroll, a Marion resident who requires the use of a crutch in walking. Schroll volunteered to testify after reading about the hearing. He expressed the opinion that it is difficult for those physically handicapped to climb the stairs

U.S. Officer Says Spies Get Data on Troops

SEOUL (AP)—An American division staff officer today expressed the opinion Communist spies are obtaining information on Allied troop movements in Korea "either in Washington or Japan."

"One night on the front the Reds broadcast across no-man's land that our outfit was going to be pulled out of the line," the officer said. "We didn't even have the word at division yet. In fact, it was several days before we got the word.

"They must have got the dope either in Washington or Japan."

The Communists, since the war has stabilized along a definite line, frequently broadcast to Eighth Army troops. It is not uncommon for the Reds to identify units, even down to company size level.

life.

The Senate, without a single objection, completed enactment of a bill to take Huron County out of the Lake Erie trapping district. It puts the county in the inland trapping district which has a later season on mink, muskrat and other fur-bearers.

"The only ones really concerned with this bill," quipped Sen. Delbert Latta (R-Hancock), "are the little mink and muskrats. It gives them a longer lease on life."

Vietminh Retreat Temporarily Halts Red Indochina Offensive

HANOI, Indochina (AP)—Sizable Communist-led Vietminh units were reported withdrawing today from the heart of Laos after overrunning more than a third of the Indochinese kingdom. The move may—or may not—mean an end of the 25-day Red invasion of the peaceful little French-associated state at the back door of Thailand and Burma.

French spokesmen cautiously declined to estimate the scope of the withdrawal but said the number of rebel troops involved was impressive. The Vietminh units were pulling out of areas around the royal residence city of Luang Prabang, the French-fortified Plaine des Jarres and Xiengkhouang to the south.

Two reasons were advanced here for the Communist pullback.

The Reds apparently had overstretched their supply lines in their 200-mile dash south and west from Viet Nam, another of the three Indochinese states.

They also had lost their race to overrun Laos before the seasonal monsoon rains. These are now beginning with ever-mounting force.

Whether or not the enemy movement northward develops into a general withdrawal, the threat to Laos had lessened and possibly even ended for the present.

French Army spokesmen, however, did not exclude the possibility that the Vietminh may yet stage a do-or-die assault on Luang Prabang, 275 miles southwest of Hanoi, or on the strongly fortified Plaine des Jarres.

Some rebel forces still were encamped around the residence town of King Sisavang Vong and the plain, 70 miles to the west. Thus far, however, they have steered clear of an attack on either place. French-Laotian patrols, penetrating as much as 15 miles into areas where the rebels supposedly were concentrated, returned without firing a shot.

The Vietminh also appeared to be stalled in the area south of Xiengkhouang, 90 miles south of Luang Prabang. Advance units of the rebel forces in that sector stabbed two days ago to within 35 miles of Laos' Mekong River border with Thailand.

The supply problem seemed an obvious reason for the Vietminh withdrawal.

The invaders depend for their supplies on tens of thousands of coolies who have been packing guns and ammunition on their backs over jungle and mountain trails from Red China, 300 miles away.

This human chain apparently broke down under the invasion's heavy demands and the torrential monsoon rains.

The French and Laotian defenders, meanwhile, received a big American assist in their own supply problem. Six U. S. C119 Flying Boxcars, the first of possibly two or three dozen to be sent to Indochina under an increased American aid program, took off from Hanoi with war cargoes for Laos.

The big cargo planes have been loaned to France for the emergency. French spokesmen said they would be flown by American civilian crews and serviced by American technicians.

It said Morgan loaned Duke $500 July 22, 1949, and said that, according to testimony of Duke and Morgan, the loan was never repaid.

The Senate subcommittee for which Morgan was general counsel was headed by former Sen. Millard E. Tydings (D-Md), a bitter political foe of McCarthy.

The subcommittee in 1950 inquired into McCarthy's charges of Red infiltration of the State De-

U.S. Warships Enter Harbor, Shell Wonsan

SEOUL (AP)—The mighty battleship New Jersey and the cruiser Bremerton steamed boldly into Wonsan harbor on Korea's east coast today and bombarded the battered Communist port and communications hub for the second time in three days.

Big guns of the two warships and an escorting destroyed opened up a few hours after dive bombers from the carriers Princeton and Valley Forge heavily damaged an important Red metal processing plant in Northeastern Korea, only 100 miles from Siberia.

Sea and air forces provided virtually the only action. Fighting along the twisting 155-mile battlefront was at a virtual standstill.

The New Jersey's 16-inch rifles poured shell after shell into Communist artillery positions ringing the rubbled city. The Bremerton and destroyer Twining bombarded communications targets as well as gun batteries.

Planes from the Princeton and Valley Forge Wednesday demolished the main transformer station at the Komdock silver and lead processing plant northwest of the Communist port of Songkin, the Navy announced.

Corsairs and Skyraiders flew through a curtain of anti-aircraft fire "so heavy we could get out

John H. Lamneck, state welfare director, said in an address to the Marion Kiwanis Club today plans have been completed for construction of additional prison facilities in Ohio.

Lamneck said the department of public works would advertise immediately for bids for the new facilities under the General Assembly's 8½ million dollar emergency prison appropriation. He addressed the Kiwanis Club on Ohio's prison program.

Lamneck listed these new facilities:

A second unit at the Marion Training School, to cost five million dollars; a new $725,000 dormitory at London Prison Farm; a $250,000 dormitory at Lebanon; an additional $175,000 dormitory at Roseville, and a new $1,450,000 hospital building at Apple Creek to make the Lima State Hospital available as a penal institution only.

The director said the new equipment will provide for the care of 1,750 persons—not including a unit now under construction at Marion to accommodate 750 inmates.

Lamneck said Ohio in the past has not provided prision facilities to meet "the demands and the increased population of the state." He said nearly six times as many persons, in proportion to the population, are being confined today compared with 1850.

He spoke at the weekly luncheon meeting of the club held at Hotel Harding.

Gen. Vandenberg To Retire June 30

WASHINGTON (AP)—Gen. Hoyt S. Vandenberg, Air Force chief of staff since April 30, 1948, will retire June 30.

The Air Force released today an exchange of letters between Vandenberg and Secretary of the Air Force Harold E. Talbott in which Talbott said he had approved the retirement "with reluctance."

Vandenberg was originally appointed chief of staff for a four-year term which ended April 30, 1952. At that time his tour of duty was extended for 14 months.

Power Shovel Men to Attend Mining Show

About 25 representatives of Marion Power Shovel Co. are planning to attend the 1953 Coal Convention and Exposition of the American Mining Congress in Cleveland, May 11-14.

The Marion delegation will be headed by John P. Courtright, president and general manager, M. V. Cornell, vice president-sales, A. F. Busick Jr., vice president-engineering, and D. E. Rizor, assistant to the president. Other members of the sales, engineering and service departments, as well as several district managers located in the coal states, will also attend.

Courtright is chairman of the Manufacturer's Division of the American Mining Congress and is also on the board of governors of the congress. Busick will participate in a panel discussion May 12 concerning "Bucket and Dipper Trends in Strip Mining."

More than 250 mining and equipment and supply manufacturers will be represented by exhibits covering 130,000 square feet of floor space at Cleveland's Public Auditorium. An attendance of more than 15,000 coal-mine officials and operators is expected

Marion's display will occupy 700 square feet and will have available complete information, specifications, and illustrations on its entire line of machines for the coal stripping industry. Special features will include 11x14 inch color translites of machines in action and an automatic 35 MM projector also showing action photos.

The company's machines designed for use in coal stripping range from the 43-M, with one cubic yard dipper, to the 5561, largest power shovel in the world with 45 cubic yard dipper.

The next meeting is scheduled for 11 a. m. Saturday.

Harrison gave no clue as to official U. N. reaction. He said any comment he might make would be premature.

The Red plan contains two concessions to Allied demands:

1. A five-nation neutral repatriation commission to take custody—in Korea—of the Reds who won't go home. The Reds suggested Sweden, Switzerland, Poland, Czechoslovakia and India.

2. A total of four or six months rather than nine for those prisoners to hear Red explanations and perhaps decide to go home. At the end of that time, the future of those remaining would be decided by a political conference of warring nations, as the Reds have demanded.

Should the Allies accept the Red proposal, they would drop their previous nomination of Pakistan as a single neutral custodian. They first proposed Switzerland and Sweden. The Reds turned down both, but included them in the five-nation commission proposed Thursday.

If the five-member commission plan were adopted, India undoubtedly would play a key role. Poland and Czechoslovakia were nominated by the Communists to a separate neutral-nation armistice supervisory commission and Sweden and Switzerland were the Allied choices to the same commission.

The Communist offer on the time for processing prisoners provided that those wanting to go home would be sent back within two months and disposition of the others would be settled in four months.

Previously, the Reds had asked for the initial two months, plus one month to transport unwilling prisoners to a neutral state plus six months for their position—a total of nine.

The Allies had proposed a two-month period to settle the fate of all prisoners.

The proposal did not make clear exactly when the unwilling prisoners would be turned over to the commission. As it reads, the four-month custodial period could begin immediately after a truce, or could begin after the two-month period for sending home those who want to return.

The Communists clung to their demand to send representatives to the unwilling prisoners to make "explanations" and "eliminate apprehensions" about return.

North Korean Gen. Nam Il also reserved a right to go back to the Communists' earlier proposal if the Allies do not accept the new one. This called for sending balky POWs to a neutral state.

Despite the reservation and some provisions, the new plan appeared at first reading to approach the Allied views more closely than previous Communist proposals.

Even should the negotiators

Gentleman of Road, 93, on Banking Business, Tells Judge After Night Trip Through City

A 93-year-old man walking down the middle of N. Main St. at 2 o'clock in the morning might cause anyone to stop and wonder and a policeman to stop and ask questions.

This is exactly what happened when two cruiser patrolmen spotted John Albert of Lansing, Michigan, born in 1864, birthplace unknown, as he walked sprightly down the middle of N. Main St. at 2:03 a.m. Tuesday.

The patrolman stopped, took a second look and decided to ask the elderly gentleman, dressed in bedraggled clothing, why he was out at that time of the morning.

When they questioned the 93-year young man, he answered that he had nothing to say and the patrolmen took him into custoday a sa suspicious person.

Taken to court Wednesday on the suspicious person charge John told Municipal Court Judge W. Dexter Hazen that he was merely on his way to Galion to settle some "banking business."

Police say it's not known how he got to Marion from Lansing, but believe he may have hitchhiked.

Judge Hazen listened to John's story and gave him a suspended fine of $10 and costs on condition he go on his way.

By noon yesterday, he was on a bus bound for Galion to settle his "banking business."

7,000 Days

The numerous and thoughtful appraisals of the Eisenhower administration's first 100 days of responsibility have had a good effect.

They have reminded citizens, impatient because heaven and earth had not been moved by the new chief executive and his cabinet, that 100 days is too short a time to produce results in government.

There is one exception to the rule that public policy requires time to grow and mature — the circumstances which enabled Franklin D. Roosevelt and his new government in 1933 to stage a political upheaval in the three months-odd after Inauguration Day in 1933.

Out of that upheaval emerged the first New Deal, which had emerged in turn from a campaign promise to cut down on the waste and extravagance of the "profligate" Hoover administration. Mr. Roosevelt and his Harvard associates discovered a mandate to start a palace revolution in Washington.

The mandate lasted for nearly 20 years. It is no wonder that in 100 days the Eisenhower administration has been unable to change the shape and nature of a kind of government which had been in the making for 7,000 days.

The wonder is that it has been able to make any impression at all — to close the era of inflation, to stop the sniping between the executive and legislative branches and to restore the dignity and prestige of the White House as a source of national and international good will.

Next: Indochina

The largest single item in the proposed appropriation of $5,800,000,000 for new foreign aid —about $400 million — is for Indochina.

This ruins whatever illusions of forthcoming peace have survived the latest hammer - blows of disillusionment. The Eisenhower administration, which went into office with the hope of stopping the war in Korea, now finds it-

Youngdahl Opinion

By David Lawrence

Lattimore Ruling Unprecedented in U.S. Court

When U. S. District Judge Luther Youngdahl — the former governor of Minnesota who was appointed by Presidnt Truman in a political maneuver that caused quite a flurry in Republican ranks in the Northwest — threw out four of seven counts in the indictment against Owen Lattimore, quite a lot of curiousity and puzzlement was aroused in legal circles here.

The judge was not content to dismiss the four counts but in his written opinion said there was "serious doubt in the Court's mind whether any count in this indictment can finally pass the test of materiality."

The curiosity arises because it is being asked: How can a federal judge who has expressed doubt about the three remaining counts in an indictment give a fair trial to the government of the United States in prosecuting the case when he has already prejudged the issues?

Wouldn't a juror be disqualified if he expressed publicly such doubt before a trial took place?

There is some question also as to whether Judge Youngdahl has yet been finally assigned to the Lattimore case for trial but, if he has been, then it would not be surprising if the government asked that another judge be assigned in view of this prejudgment.

Judge Youngdahl's opinion arouses puzzlement not because of the things he said but the things he apparently omitted to say or to take into account in his formal opinion.

Thus, although it wasn't necessary for Judge Youngdahl to do so to make his point, he declared that the Tydings committee of the Senate had investigated the charges against Owen Lattimore and "concluded there was no foundation to the charges against him."

One would have thought in all fairness that the judge would have taken cognizance of the investigation made by a second Senate committee, under the chairmanship of Sen. McCarran, which also investigated the same charges and spent an even longer time doing it and then came up with the conclusion that Owen Lattimore was "A conscious, articulate instrument of the Soviet conspiracy in the United States.'

To state the conclusion of one committee and omit the conclusion of the other committe is to cause more puzzlement.

The only reference that Judge Youngdahl makes to the McCarran tion of materiality, like the question of pertinency, is a question of law for the court to decide when the government's evidence is in or at the conclusion of all the testimony."

But if that's to be the procedure, then why did Judge Youngdahl feel it necessary, even without hearing any evidence, to cast doubt on the counts in the indictment left to be tried?

This and other questions are being asked as the case is being discussed among lawyers here, some of whom say the Youngdahl decision is quite unprecedented.

Another cause for puzzlement is Judge Youngdahl's comments as he dismissed the first — and what is considered by all sides as the most important — count in the indictment. He said:

"Under this count, the defendant is charged with lying in denying that he had never been a sympathizer or promoter of Communism or Communist interests."

The judge added that "Sympathies and beliefs and what they mean to different individuals involve concepts that are highly nebulous and speculative at best" and that a jury should not be asked "to determine an issue which can be decided only on conjectur."

But, strangely enough, Judge Youngdahl did not take into consideration the possibility that a man could be a "promoter" and do physical acts of "promotion" which would be overt and not just within his own mind.

It is susceptible of proof whether a man's activities show that he is or is not a deliberate promoter of certain beliefs or causes.

The Communist line in America for several years now has argued that Communism is a mere matter of political belief.

Actually mere belief in anything by one individual is not unlawful by itself but when combined with what Justice Jackson has described as "guilt by association,' 'individual acts become more pertinent, expecially if they indicate a 'Conspiracy' to overthrow the government by violence.

But the case here does not turn on whether the accused is a believer in any doctrine as such but whether he told the truth when he said that his activities did not constitute a promotion of a particular cause.

Surely a jury could decode that, without probing into a man's mind, but by consideraing only the testimony of witnesses to overt acts if competent witnesses can be pro-

Laos Vital Link in Red Strategy

By Peter Kirk

LONDON

The Communist talk peace — they talk it in Korea, in the United Nations, in Moscow, in Washington and in London. Some of their actions, even, suggest they may be prepared to back up words with deeds.

But, strikingly opposed to their words and almost unnoticed by the outside world, they have started up another war, invaded a small state, and have apparently set of the entire Korea pattern all over again.

eral stability of the Far East as a whole. Now, the whole picture is drastically changed.

It is clear that Laos is not the main target of the Communists; they are aiming at bigger things. South of Laos lies Siam? a rich country — the granary of the Far East — reeking with corruption and almost unable to defend itself. If the Communists break through in Laos, they will find little to stop them in Siam — the many so-called Chinese "refugees" there will help them, and they will be and bring very grave danger to Singapore.

But, more than that, the Laos invasion spells danger for the West in Europe as well, remote as Laos is from Europe. France has always been thought of as the bulwark for land defense in Europe. For seven years, the unending war in Indo China has been swallowing up both French resources and French manpower.

The figures are terrible to contemplate: Nearly 400,000 troops are engaged against the Commun-

The Once Over

By H. I. Phillips

The GI and That $100,000 Offer

Dear Babe: I suppose you read all about Gen. Mark Clark's offer of $100,000 to any Chinese who will surrrender, bringing a Russian MIG, or reasonable facsimile thereof, with him. Gee, I can't figure out why they ain't coming in fast.

One hundred grand is big money anywhere but is even more to a lot of Chinese doing the fighting in Korea and for that much dough some of 'em would try to fly the Great Wall of China over to our side, and take off 10 per cent for cash. One hundred thousand bucks ain't birds-nest soup.

-:-

Of course, a $100,000 offer is a form of germ warfare, even if not paid in those old bills that have passed through so many hands before they get to anybody over here in Korea.

There certainly are "bugs" in any plan to win a war that way. It could result in the Commies making cash offers to us, and while it would be pretty insulting to hint we could be bought, I still think my morale is under heavy enough strain without either side doing anything that would confuse a war with a business opportunity.

There are a few heels, I guess, in any war who might pull a Benedict Arnold for big dough. Any creep who betrays his country for money (one grand if by air, two if by)sea, he is no bargain.

What knocks me is to know that the price for "bugging out" by the enemy is put so high when all I get for complete loyalty is a few dollars a month.

-:-

I got a hunch that for $100,000 them Chinese generals around Panmunjom would fly all the truce tents into Gen. Clark's quarters for that much money, bringing the world's biggest collection of monkey wrenches along for good measure.

Every time we look up and see a couple of MIGs we think maybe it is some Commie flier coming in on a wing and a financial hope. I guess the reason there is no rush of MIGs to our side is on account of the Kremlin realizes what one hundred grand means and won't let a pilot into the cockpit unless he puts up his whole family as security for return of the plane.

I bet they are screening the enemy airmen so thoroughly now that they are disqualified if they have lost money in a crap game.

-:-

SERGEANT Mooney says the Russians are putting in an extra seat in every MIG for a chaperone who goes along to act the minute the pilot shows any signs of having an interest in financial security. (A MIG just flew over us and Mooney says he couldn't make out if it was scouting or just looking for a cash proposition.)

All I wish is that Gen. Clark would make a $100,000 offer to the Chink who is clobbering me from a cave on Old Baldy. If this is a busiself sucked into a war in another part of Asia.

It will cost the Communist conspiracy almost nothing to bleed its victims in Indochina. The fighting and dying will be done there in the future as in the past by ignorant natives — the same kind of troops who have been sacrificed in Korea.

If 10 of these people who otherwise would have lived and died in abject poverty and ignorance can be traded for the life of one Frenchman or one American, especially one who has been highly trained, the Communist conspiracy has made a bargain. Asia has unlimited manpower to trade for Western lives.

There is nothing being said about United Nations resistance to the conspiracy in Indochina. Resistance to the Communists this time apparently will be left entirely to France and the United States — France because it has been the colonial power in Indochina, the United States because it is jumping to the conclusion that it must become embroiled in an Asiatic war which is being fought to no purpose on a battleground of an enemy's choosing against politically ignorant troops armed with the fury of homeland defenders.

Congress Sticks by Constitution

The tidelands oil issue now is all but settled as far as Congress is concerned. It could have been settled years ago as far as congress is concerned.

Congress always has believed it had a clear right to give the states "ownership" of submerged lands, but its belief was challenged by a series of court rulings and presidential vetoes while Harry Truman was in the White House.

All that has happened now to make the situation different is that Dwight Eisenhower is in the White House and has promised to put his signature on an authority "to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States."

It is stated in the same section of the Constitution that "nothing in this Constitution shall be so construed as to prejudice any claims of the United States, or of any particular state."

Yet, for many years there has been a persistent and extremely costly effort by the federal power absolutists to destroy every vestige of state claims to the submerged lands and to challenge congressional authority to dispose of the question.

This effort will continue, with the cooperation of sympathetic judges and publicists. Everything about the issue will be distorted, as it has been in the past, to conceal the one thing about the issue which is fundamental and controlling:

That the United States is a federation of sovereign states with historic rights which can be and must be protected against federal authoritarians, even against 22-hour filibusters by Wayne Morse.

When home gardens hit the peak of production the slogan of housewives should be "We can!"

Numerous department stores have garages where patrons can park, but women still insist on using the middle of the aisles.

committee report is to say that "Apparently the committee could discover no evidence from its investigation of the testimony of the various witnesses that defendant lied in denying that he was a Communist, a member of the Communist party, a Soviet spy or a fellow travelier."

Here is an attempt by the judge to evaluate the Senate committee's work and yet, so far as conclusions are concerned, he apparently ignores the fact that the Senate committe did ask the Department of Justice to submit the perjury charfes to a federal grand jury and did point to specific contradictions which, in its judgment, merited attention.

Is it the duty of a Senate committee to submit all its evidence of alleged perjury before the trial begins or is it the duty of the Department of Justice to do so during the trial itself?

Judge Youngdahl did say, with reference to the three counts that remained for trial, that "The ques-

duced.

There were minor points on which the judge dismissed one of the other counts. Thus he said that, because the government used the word "Communist party" instead of "Communist authorities," he felt obliged to find that count fatally defective.

The issue was whether Lattimore lied when he denied that, in order to get into Yenan on a trip to the Far East, he had made "prearrangements with the Communist party." This defect can be cured by a new indictment using the word "authorities."

The likelihood, however, is that the Department of Justice will appeal every one of the four counts which Judge Youngdahl threw out.

It is hardly probable that there will be a trial on the three counts remaining until after the U.S. Court of Appeals or possibly the Supreme Court of the United States shall have ruled on the Youngdahl decision.

New York Herald Tribune Syndicate

Senior Citizens

By TRUMAN TWILL

In New York state, the entire month of May is set aside for thinking about the problems of "senior citizens." That's a flossy name for old folks.

There's no lack of things to think about — not with almost 10 per cent of the population of the United States past 65. It is beginning to dawn on politicians that these people get mad and vote just like everybody else, so there will be no lack of solicitude in that quarter.

Incidentally, if you're reading this and are under 65 don't think it doesn't concern you. It does. If you live, which you intend to do, you'll be 65 and have all the problems that go with senior citizenship.

And remember, it's not half as far from where you are to being 65 as you think it is going to be. You look up some morning when someone remembers to wish you a happy birthday — and this is the one. The one where they say "old age" begins.

The one where who says so? That fellow over there? Some jughead in government? The insurance salesman? The actuarian? The man in the personnel department? Who is going to be the judge of when old age begins?

This is one of the things the senior citizens in New York state should look into during the month of May. Who is responsible for making the age of 65 a jumping-off place?

Not many years ago, some pointy - heads planted the idea that 45, then 40, had become a jumping-of place. These were the same ones who thought up the age of 65 — eager beavers who had the happy thought that it would be a barrel of fun to lead everybody around by the nose in a legal, paternalistic manner.

If you were 40, you were too old to be a good risk on a new job. If you hadn't been elevated to a vice presidency by 45, you were run-of-mine material and nothing further should be expected from you. Being blunt about this matter, when jobs were short during the depression it seemed like a fine idea to freeze out all the oldsters at one end and refuse to admit any of the youngsters at the other end.

That's where the idea came from that human beings who reached age 65 should disappear into the woodwork. They were doing it without too much fuss and excitement until the woodwork began to get full of old folks.

Then a war happened and they were invited to come out to give the country the benefit of their acquired knowledge. They began to wonder about this age 65 business.

In New York state, they have set aside a whole month to wonder about it in an intensive manner. If New York's senior citizens don't inquire pointedly into the wisdom of the upstarts who have been giving them the business, they aren't as smart as they should be for their years.

In all the basic patterns of nature, an o'‑‑er is entitled to all his privileges until he can be successfully challenged by a whipper-shapper. Only human beings ever have been cute enough to try to do by law what otherwise would have to be done by merit—crowd out the tough old birds they can't lick.

Words of the Wise

To err is human: to forgive divine.—Alexander Pope

With this difference: Whereas Korea really possessed no strategic importance in terms of world domination, Laos — the latest Communist victim — is vitally important strategically, even if it is only a small underdeveloped country, ruled in a primitive semi-feudal way.

"The land of the thousand elephants" it is called. A land of small villages and poor peasants, of yellow-robed Buddlist priests and rice fields. There is little there of any importance to an invader. The old king, Sisavang Vong, and his people have lived in peace since the end of World War II, when the Japanese withdrew and the French resumed their benevolent supervision.

Why, then, is it of such vital strategic importance?

A glance at the map will show. The three associated states of Vietnam, Laos and Cambodia form a sort of a crooked banana lying at the gateway to Southeast Asia.

In the south is Cambodia, and along the east coast, with a "panhandle" stretching west from the northernmost point, is Vietnam — the scene of the bloody seven-years war between the French and the Communist followers of Ho Chi Minh.

Tucked away in a corner between Vietna and Siam, with no outlet to the sea, lies Laos, the most remote and backward of the three states.

Hitherto the activities of the Communists in that area have been confined to the "panhandle" of Vietnam, though they have done great damage there, they have had little effect on the gen-

able to sweep through to the sea.

And if they reach the Gulf of Siam, they will then be in a position to dominate not only Siam and Indo-China, but Malaya and Burma — both of which are suffering from Communist uprisings.

That would be disaster indeed, and disaster on a wide scale. Almost the only advantage of the Korean conflict was that it has been easily localized and has not blossomed into a world war.

Such could not be the case if the Reds reached the Gulf of Siam. It would completely reverse the balance of power in Southeast Asia.

ists; of these 220,000 are from Indo-China itself, but the remainder, including such crack troops as the Foreign Legion, are regular French troops from metropolitan France — that is, from among the troops which should be in the first line of defense in Europe. These latter constitute some 70,000 troops, including 6,400 officers and 24,000 NCO's.

Casualties in Indo-China have been heavy. Of the regular French troops, 90,000 have been killed, wounded or reported missing since 1946. No figures are given for prisoners, for an obvious — though sinister — reason. The Communists do not take any.

There have been 1,452 officer casualties — the equivalent of four years output from the French military college at St. Cyr. The flower of the French Army in fact, is fighting and dying in Indo-China.

As for the cost — it was $1,285,200,000 last year, and the total since 1946 is $4,900,000,000 which is an immense burden for a country still struggling with postwar economic depression.

And now this fresh attack by the Communists will mean more French troops to be sent overseas—for those already there still have to cope with the Communists in Vietnam, and Laos had hardly any French troops to defend it at the time of the attack — and fresh expense, and neither of these is France in any condition to bear.

Yet Laos must be held. The consequences of failure would be too disastrous to think of. So, if the French cannot defend it, someone else will have to, and that could mean only the United States. And, if the United States comes in, so may Communist China.

And that might well lead to general war in Asia.

Marion County History Brevities

By EDNA S. DUTTON

It was a sad sight to witness the Indians when they left their homes in Marion County and adjoining counties as their lands were taken over by the white man. Tears fell from the cheeks of the warriors and half-suppressed sighs escaped from the motley groups as they passed along the road, some on foot, some on horseback and others in wagons. Several of the aged warriors were seen to cast glances towards the sky, as if imploring aid from the spirits of their departed heroes, who were looking down upon them from the clouds, or from the Great Spirit who would ultimately right the wrongs of the Red Man whose broken bow had fallen from his hand and whose sad heart was bleeding.

The Age of Eating

RALEIGH (AP)—Are you eating your way to an early old age? Age can't always be measured in birthdays says Miss Virginia Wilson, State College Extension nutritionist. Scientists today agree that much of what is regarded as aging may actually be signs of poor food habits, she says. Dr. Edward J. Stieglitz, an authority on the science of aging, says that what you eat between the ages of 40 and 60 helps decide your health in later years. Many of the "old age" diseases of the heart, arteries, kidneys and joints find their beginning during the middle age period. The right foods in the right amounts are important aids in slowing up these old age symptoms.

ness war, let him start in the lower echelons.

Personally, I wish that if our side must make these offers of heavy dough it would keep it quiet on account of it does the GI morale no good to think the enemy is that expensive, even allowing for inflation.

It could be our side is putting too much emphasis on money in this global shindig. Things could reach a stage where the enemy would not pay much attention unless we put Groucho Marx, Warren Hull, John Reed King or some of those other giveaway program boys on our general staff.

One hundred thousand dollars is nothing to those lads. They give enough money away in one hour to win all Asia.

Well, take care of yourself, Babe.

If I had $100,000 I would offer it to anybody who would fly you to me over here in Korea, surrendering nothing but your lips, babe.

Yours in a lather of devotion.

Exhibitors From 4 States to Show Antiques Here

Plans are now in the final stage for the Antiques Show and Sale to be held at the Veterans Memorial Coliseum May 15, 16 and 17, with 26 exhibitors coming from Ohio, Kentucky, Illinois and New York with their choicest objects for display and sale.

Particularly appropriate in this sesquicentennial year, the Antiques Show will enable those attending to study the skill and art of the men who fashioned the pieces that went to make up the "Home Beautiful" of the past. Some pieces will be admired for exquisite artistry and others for historical significance.

Items of all types will be on display and for sale. For those interested in furniture, there will be a wide variety of outstanding pieces, including lamps, tables, chests, cupboards and chairs. Proper upholstering for antiques and methods of refinishing will be shown by a local exhibitor.

Metal ware, glassware and fine china will also be in prominence and there will be an exhibit of all types of coins, coin materials and stamps including coin catalogues, premium books, coin folders and albums.

Adding interest and color to the show will be an exhibit of flower arrangements in antique containers, a variety of hooked rugs and hand painted lamp shades, and a demonstration of hand weaving by the loom Craft Studio of Wilmington, Ky. Also on display will be a pair of French character dolls brought by an exhibitor from Columbus.

Tickets for the show and sale, open to the public, may be purchased from any member of the Marion County Federation of Women's Clubs or at the door.

Dog Without License Brings Bucyrus Fine

Special to The Star

BUCYRUS — Refusal to purchase a license for his dog today had cost Clarence E. Campbell, of near Plymouth, $15 and costs.

Campbell, an employee of the Galion Iron Works, entered no plea to the charge at his arraignment and was found guilty Wednesday afternoon by Attorney Robert C. Neff, Bucyrus Justice of Peace.

Warrant for his arrest was filed by Crawford County Dog Warden Howard E. Miller. He was arrested Tuesday afternoon and released from the county jail here Wednesday afternoon.

Authorities said Campbell told them he plans to sell or give away his dog.

Hero Arrives Home Too Soon

COEBURN, Va. (AP)—Residents of this little mining town in Southwest Virginia had made elaborate plans for today to welcome home the community's No. 1 hero—Pfc. Alexander O. Luther.

But somebody failed to get the word along the line.

Luther, who spent 29 months as a POW, arrived home early yesterday.

Things finally were straightened out, though, and the celebration was set to go on today as scheduled.

Luther agreed to leave town, hop a train a few miles down the line and come back home again—the hero's way.

Tiffin Official Speaks at Upper

UPPER SANDUSKY — Mrs. Russell Krebs, was hostess to the members of the Alpha Chapter of the Usando Literary Club, for the regular meeting Monday night.

Mrs. Theodore Wilson, a psychiatric social worker at the State Hospital, Tiffin, talked to the group on "Mental Health Is Everybody's Business." Mrs. Wilson pointed out that the first approach to good mental health and a good life is the facing of life courageously by recognizing the ways mentally sick people use to escape reality. The second approach is the need to learn to accept life and its frustrations by accepting responsibility and ourselves, she said . Another approach is the need of individuals to make some contributions to life through love for others, and to be willing receivers as well. A last approach is the need to make affirmation of life in every day living by recognizing the essential goodness in people.

Founder's Birthday

WASHINGTON (AP)—The American Red Cross will observe tomorrow the 125th anniversary of the birth of Henry Dunant, Swiss founder of the International Red Cross.

Charles Bruggman, Swiss minister to the U. S., will speak at ceremonies to be held at Red Cross national headquarters. Other observances are planned by local chapters, and by Red Cross groups around the world.

Dunant saw the bloody battle of Solferino in the Franco-Austrian War of 1859 and was moved to take the lead in calling an international conference on the care of battle wounded. Out of the conference grew the International Red Cross and the first Geneva Convention, in 1864.

The wedding ceremony took place Tuesday, April 28, at 3 p.m. in the Church of Christ parsonage here with the Rev. Oliver Johnson officiating. Attending the couple were Miss Jean Moser and Barney Pierce.

The bride wore a navy blue suit with white accessories.

Mrs. Vehrs was a student at Harding High School prior to her marriage. Her husband is engaged in farming. They are residing at Harpster with his parents.

MARRIAGE ANNULLED

LISBON, O. (AP)—The marriage of Mrs. Larue Mooney of East Liverpool to Tommie L. Wingatee, 44, a Canfield stock broker, has been annulled. Wingatee is serving a prison sentence for bigamy and selling without a license $54,000 worth of Canadian gold mine stock.

Family Service Society Plans Larger Board

Will Be Increased From 17 to 21; Annual Meeting Set

The Marion County Family Service Society board of trustees voted on constitutional changes and to expand membership in this Red Feather agency when it met recently.

Constitutional changes made were designed to ensure continuity in leadership and rotation of board members. The board was increased from 17 to 21 members.

Date for the annual meeting was set for the month of September.

Mrs. M. F. Axthelm of Caledonia was welcomed to the board of trustees. In addition to her work on the board, Mrs. Axthelm accepted appointment to the casework committee of which Miss Vivian Hall is chairman.

In conformity with the provisions of the constitutional changes, the nominating committee will present a slate of at least 21 persons as candidates for board membership at the September meeting. Of this group seven will be elected for one year, seven for two years, and seven for three years. By the terms of the amended constitution, no board member may serve more than two consecutive terms.

The membership when developed will elect the board of directors. Expressed interest in the purpose and activities of the Family Service Society is the only eligibility requirement. It is unlimited in number and shall continue as long as the interest of the individual members shall remain. It is open to any person in the city or county of Marion. No dues or fees shall be assessed or collected for such membership.

Membership may be obtained by calling the agency, 2-1081, or through advising any board member of interest. The agency plans to keep the membership informed and their thinking sought on new developments in the program of the agency or on significant trends in types of service requested by the community. This information will be sent by mail or given through called meetings of the membership. Members may be asked to serve on committees and future board members will be drawn largely from the membership group.

The Family Service Society was sponsored and established by a steering committee appointed by the Marion County Community Foundation.

Officers are Judge Edward J. Ruzzo, Dr. Frederick W. Rea, Mrs. Mildred Schuetz, and the Rev. Evan R. Owens. Members include Mrs. M. F. Axthelm, Ray Beverly, Mrs. Ashley Booth, Mrs. Robert Fay, Norman Fogt, Miss Vivian Hall, Forest D. Loudenslager, E.

MPS Shovels Used on Jobs From Israel to Australia

Widespread use of shovels from the Marion Power Shovel Co. for many different projects is shown in the April edition of The Marion Groundhog, company magazine for its customers.

In Haifa, Israel, a 33-M crane is principally used to unload raw materials coming into the Middle East Tube Co. plant and to load out finished products. The company operates two plants for fabricating seamless and welded steel tubing and a third will be erected in the near future. The only tube fabricating plant in the Middle East, the crane helped in the erection of the second plant.

A 14-year-old 352 shovel loads out material in Australia that will be processed for gold and copper content. The open cut extends 750 feet below the original top of the mountain and present weekly production is about 70,000 tons of material.

A 43-M shovel is being used in cutting a logging road through Vancouver Island's rugged west coast area for Western Forest Industries Limited, a logging company.

A 33-M loads out shale and clay at a pit a few miles south of Montreal, Canada, for the St. Lawrence Brick Co. The company turns out 100,000 bricks per day.

Hitching up the Tuckaseigee River in North Carolina with a series of dams, the Harrison Construction Co. of Maryville, Tenn., is using 111-M diesel shovels. One earth and rock fill dam is already completed and company is going full blast through mountains of granite to complete the project.

In the heart of Buffalo, N.Y., a 372 crane is being used to help complete construction of the Buffalo Hi-Level Roadway. Twenty-five concrete piers, some as high as 95 feet, were put up by Bates and Rogers Construction Corp. of Chicago to help put heavy east-west traffic upstairs. The seven-tenths mile long viaduct is a $1,400,000 project of the New York State Department of Public Works.

A 111-M dragline is helping in open pit mining of manganese northeast of Batesville, Arkansas, by Westmoreland Manganese Corp. The dragline was supplying a lot of the overburden going into the haul loads. It was averaging about 2,400 tons per shift.

A 43-M helped in the construction of Oklahoma's Turner Turnpike, a four - lane, 88 - mile long roadway costing $38,000,000 and stretching from Tulsa to Oklahoma City.

A 111-M shovel is working in California's American River to supply aggregate for the construction of Folsom Dam. At Hannibal, Mo., a new 93-M and a 4121 shovel are being worked by a limestone excavating team that helps Universal Atlas Cement Co. supply the basic needs of modern construction in the Midwest.

A 361 model crane decked logs awaiting processing through the sawmill working for the Tahoe Sugar Pine Co. in Washington, Cal. Two 93-M diesel shovels are helping the Federal Crushed Stone Corp. work at the Onondage Limestone deposit a few miles east of Buffalo, N. Y., at Cheektowaga, N. Y. Johnson City, N.Y., located

Swimming Pool Adult Meeting Set Tonight

Members of the Marion Community Recreation Center and any Marionite wishing to work for the community outdoor swimming pool will hold an election of trustees and officers at the Moose Hall tonight.

The meeting will begin at 8 p.m. Any groups or individuals who want to become members of the Community Center are urged to attend.

The architectural rendition of the proposed pool, based on a preliminary design which is being shown to various groups in Marion, will be shown again at tonight's Community Center meeting.

Cost of the proposed pool, as estimated from the preliminary plans, would run some $175,000, but it is expected that costs could be slashed almost in half with contributions of labor by members of the community, materials at cost and services offered by several Marion industries.

The pool, accroding to preliminary plans, would accomodate at least 1,000 persons per day. Dimensions of the T-shaped pool with a roped-off diving area, would be 80 by 165 feet. Estimated construction cost includes the main pool, fenced in wading pool for small children, lighting system and bathhouse facilities.

About seven per cent of U.S. men of draft age are ineligible for military service because of eye defects.

IPANA A.C.'s ammoniated ingredients proved twice as effective to reduce decay

It's true! Much of the pain, trouble, and tooth loss from cavities can now be avoided! A 2-year test by dental scientists on 784 school children proved the ammoniated formula *twice as effective* in reducing decay as the ordinary dentifrice tested. And that same ammoniated formula is in *just one leading tooth paste*—IPANA A.C.

No bad breath all day with CHLOROPHYLL!

Scientific odor-measuring tests proved that the chlorophyll in IPANA A.C. definitely stopped unpleasing mouth odors—in most cases even 12 hours after brushing. *No other tooth paste offers evidence of such long-lasting breath protection.*

Play Producer On Broadway Defies Probers

NEW YORK (AP)—The producer of "Finian's Rainbow" and other Broadway plays declined to tell the House Un-American Activities Committee today whether he ever was a Communist.

Lee S. Sabinson, the witness, said he is not now a member of the party.

The committee told Sabinson two previous witnesses had identified him as a party member.

"Have you ever been, at any time, a member of the Communist party of the United States?" he was asked.

"I am not now a member," Sabinson replied, "but I claim my privilege under the Fifth Amendment of the Constitution."

"As to whether you have ever been!"

"That's right."

This was the fourth day of New York hearings by the committee, which Wednesday heard testimony the Communist party had a military specialist ready for the job of secretary of defense in event of a Red revolution.

Fined $300 On Drunk Driving Charge

Man Arrested After One Of Seven Accidents

A Marion man arrested and charged with drunken driving following one of seven traffic accidents investigated Wednesday by Marion police pleaded guilty in Municipal Court today and was sentenced to five days in jail and fined $300 and costs.

Clifford Harold Schultz, 60, of 778 N. Main St. was arrested at 1 p.m. Wednesday after the truck he was driving struck another truck parked in front of 254 Oak St. and a car parked in front of 284 Oak St.

Police reported both the parked truck, owned by Arthur J. Peters of St. Paul, Minn., and the car owned by Emma Lewis of 284 Oak St. were damaged.

The right side of the truck driven by Schultz was also damaged, police said. Schultz was driving north on Oak St. and was arrested just north of 284 Oak St.

Municipal Court Judge W. Dexter Hazen said the heavy fine was levied against Schultz because this was his third arrest on similar charges of drunken driving. In addition, his driver's license was suspended without the right to comply with the Ohio Driver's Financial Responsibility Act. This law permits a motorist whose driver's license has been suspended to post a bond and continue driving.

A 10-year-old bicyclist escaped injury when he collided head-on with an automobile at Indiana and Clover Aves. at 4:17 p.m. Wednesday.

Michael Bauerle of near Marion was riding his bike west on Indiana Ave. and collided with a car driven by Carol Roser of 791 E. Center St. which was eastbound on Indiana Ave. The front wheel of the bike was badly bent. There was no damage to the car.

A car parked in the 500 block on Oak St. and owned by Grace Gunder of 130 Garden St. was damaged when struck by a car driven south on Oak St. by Stanley Smith, 75, of 348 Silver St. at 4:47 p.m. Wednesday. The right rear fender of Smith's car and the left rear fender of Mrs. Gunder's car were damaged slightly, police said.

Cars driven by Glenn R. Foos, 26, of 253 Reed Ave. and John E. Lane of near Prospect were damaged when they sideswiped on McKinley Park Dr. at 7:49 p.m.

TRUCE TALKS ALSO FALL FLAT. Flat tire on the car of Red truce delegate Gen. Chang Chun San somehow seemed symbolic of the situation at Panmunjom where armistice talks had at that time hit a low point. While a Communist mechanic is trying to fix the tire, other Reds look on. In commenting on the truce negotiations, Lt. Gen. William K. Harrison, senior Allied delegate, said, "At the moment I should say progress is zero."

Cardington Rotary Celebrates Its 15th Anniversary

The Cardington Rotary Club will celebrate its 15th anniversary tonight with a 6:30 o'clock banquet at Long's Lake Lodge, north of Cardington.

John Stafford of Marion, who helped organize the 15-year-old Cardington club, and Carroll Bachelder, president of the Marion Rotary, will be special guests of the club. Others who will attend include A. W. McCallister, president of the Cardington club, J. L. Patterson, superintendent of Cardington School, who had a perfect attendance record for the 15-year history of the Cardington club, and district governor, Simon Davidian.

Main speaker of the evening will be the Rev. Sam U. J. Peard, of Mansfield.

to the Courtroom. He cited a personal example of several years ago when he found it necessary to go to the Courtroom. He said his crutch slipped on the metal stairs and he injured his knee-cap.

Kelly related he was familiar with many instances of prospective jurors asking to be excused from jury duty because of having to climb the stairs. Witnesses also were inconvenienced by having to climb the stairs, Kelly said, with many having to wait to get their breath before being able to continue their business after climbing the stairs.

Kelly specifically mentioned three instances where persons collapsed after climbing the stairs. One was Alfred Luthold, an attorney from Bucyrus who was representing a client in the Marion Common Pleas Court. After the Bucyrus attorney collapsed on climbing the stairs, he was taken to the hospital where he died that afternoon of a heart

Marion Club Hears Lima Ad Manager

Some 40 members and guests attended the May meeting of the Marion Sales Ad Club, held Tuesday noon at the Harding Hotel.

Saul Siegel, advertising and sales promotion manager of Neon Products, Inc., of Lima was guest speaker. Subject of his talk was "The Part Point - of - Purchase Plays in a Well Rounded Advertising Program." He also presented film slides on "Point of Sale Advertising."

In his talk, Seigel told club members that there are three steps necessary to a successful sales program. These steps are to establish a fine distributorship, to advertise through all media, and to have a good promotion at the point of sale.

Writer of numerous articles on similar topics which have appeared in trade magazines. Siegel was advance publicity agent for the Stan Kenton orchestra before joining Neon Products. He is also scheduled to take over the public relations directorship of the Lima Community Chest in the near future.

Club members were also reminded of the 49th Annual Advertising Federation of America Convention to be held at Cleveland June 14-17. Announcement was made that some 40 top speakers will be on convention program including Postmaster General Arthur Summerfield; James J. Nance, president of the Packard Motor Car Co.; and Arthur H. Motley, publisher of Parade magazine.

Final meeting of the club for this year will be held early in June and will be a social gathering. Date and program for the meeting is to be announced later, according to Jack Lautenslager, secretary-treasurer.

A new member of the club attending her first meeting Tuesday was Virginia Lynch of the Swink Advertising Agency.

Guests were Marion Burton, Gerald Robey, Henry Knaeffler, Philip Dickerson of Mansfield, Bernard Lyons, and Hoover Bromn.

Republican Club Makes Picnic Plans

Plans for a summer county-wide picnic were discussed by members of the Marion County Republican Club when they met Monday night at Republican headquarters, 134½ E. Center St.

In charge of picnic plans are Robert Stief, handling time and place; Marion Hinklin, speaker and program; and A. L. Watt, publicity.

On Monday evening's program, centering around President Dwight D. Eisenhower, Dr. Jack Smythe spoke about the President from his personal knowledge of him.

Dr. Smythe told the group that he first met the President in 1932 while he was interning at Walter Reed General Hospital. Eisenhower at that time was serving as an aide to Douglas MacArthur, then Chief of Staff, and was assigned to help the bonus marchers who needed hospitalization.

From that original meeting in 1932, Dr. Smythe followed the progress of Eisenhower's career to the present time. He illustrated his talk with color motion pictures and slides he took at the recent Presidential inaufuration. Assisting Dr. Smythe on the program was J. C. A. Arter.

Refreshments were served following the business meeting, which was conducted by the club's pres-

Drivers Unhurt In Ashley Crash

Truck and Its Load Of New Cars Damaged

Drivers of a haulaway truck, loaded with new cars, and a car, which collided at the main intersection in Ashley at 7:55 p.m. Wednesday,- escaped without injury, according to local state patrolmen who investigated.

Vehicles driven by Eric V. Bias, 26, of near Huntington, W. Va., driver of the truck loaded with four new cars, and Louis B. Corwin, 66, of near Ashley, collided at the intersection which is the junction of U. S. Route 42 and Route 229, after Corwin drove through a red traffic signal on Route 229, patrolmen said.

The car crashed into the left side of the truck's tractor, causing the driver to lose control of the vehicle. The truck overturned on the highway. The tractor was demolished, patrolmen said, and the right side of the trailer was lightly damaged. The load of new cars was extensively damaged. The grille, front bumper, right rear fender and both front fenders of the car were moderately damaged.

Corwin was cited to appear before Mayor Russell Lolting of Ashley May 10 on a charge of failing to obey an automatic traffic signal.

France Opposes U.N. Intervention In Laos Invasion

PARIS (AP)—France has informed the United States she is firmly opposed to bringing the Communist-led Vietminh invasion of Laos, in Indochina, before the United Nations.

U. S. Secretary of State John Foster Dulles Wednesday told a congressional committee he was exchanging views on a possible U. N. airing of the Laos invasion with the governments of France, Laos Viet Nam and Thailand. He had already been advised of the French views.

These governments are directly affected by the powerful assault on the independent Loatian Kingdom.

The French foreign minister, Georges Bidault, called U. S. Ambassador Douglas Dillon to the foreign office Sunday night and handed him a memorandum outlining France's opposition to the move.

The note was understood to point out that such a step would give

agree to it or something close, there undoubtedly would be days and probably weeks more of working out details.

Almost all the 24-minute session was taken up by Nam Il, the chief Red negotiator, in presenting the new plan.

Harrison said only that he noted Nam Il's statement and then requested the break until Saturday.

Nam Il revealed the plan suddenly at a time when the new series of negotiations were bogged badly. Only Wednesday, Harrison had termed progress "zero."

The Communist plan provided:

1. Within two months after a truce, both sides will exchange prisoners willing to go home. These number about 84,000 North Koreans and Chinese in Allied hands and about 13,000 Allied captives in Communist camps, of which about 3,000 are known to be Americans.

2. The creation of a neutral nations repatriation commission made up of the four nations on the armistice supervisory commission and India.

3. Prisoners unwilling to go home shall be released from military control at "the original places of detention and be handed over to the neutral nations repatriation commission" for custody. Members of the neutral nations repatriation commission shall each provide an equal number of armed forces to insure "effective execution" of its authority.

4. The neutral commission shall permit nations to which prisoners belong to send representatives to talk to the prisoners, "so as to eliminate their apprehensions and inform them of all matters relating to their return . . ." A four-month limit was set on such talks.

5. During those four months, the neutral commission shall facilitate the "speedy return to their fatherlands" of those prisoners who request repatriation after the explanations. The commission will decide on the administrative details involved.

6. Disposition of prisoners still unwilling to return home after the four-month period shall be submitted to the political conference proposed to follow an armistice.

7. All expenses of prisoners during the period of custody by the neutral commission and traveling expenses to their homelands shall be paid by the nations to which they belong.

8. Terms of the proposal and arrangements developing from it shall be explained to all prisoners.

Suggests Dairy Tests at Galion

Special to The Star

Galion—The licensing and sanitary inspection of all dairies selling milk in Galion was recommended by C. K. Aukland, sanitarian of the district of the State Board of Health, Wednesday, to the Galion Board of Health. He came to Galion from his home at Delaware, to make this recommendation.

Crawford County is one of the few areas of its size and in this part of the country that does not have this service. At present, it is necessary for dairymen to have their milk inspection conducted by adjacent counties.

The May meeting of the Galion Board of Health was held in the office of Mayor Jay F. Nichols. The board also went on record as recommending a full-time city health nurse, and authorized the annual Pre-School conference for children who will start to school next September. This will be held May 16, at the Junior High School.

Kelly also cited two other instances where medical aid was necessary after persons collapsed from climbing the stairs.

Some Must Be Carried

Miller, court bailiff since Feb. 1, 1947, estimated approximately 15 to 25 persons asked to be excused from jury duty each term of court. He also recalled instances where witnesses had to be carried to the courtroom on stretchers. He estimated that approximately 15 to 30 persons came to the courtroom on business on non-trial days, and about 50 persons when trials were in session.

Jacoby, who told the court he had been practicing law for 56 years, said he remembers discussions of the need of an elevator for "at least 40 years." He recalled an instance where the court had to send a stenographer to the homes of three elderly witnesses to obtain testimony for a case because the witnesses could not climb the stairs in the Courthouse.

Oborn estimated around 20 to 25 persons, other than attorneys, used his office each day. He said more than 200 persons this year have had to come to his office on the third floor to apply for passports alone.

Miss Baer, a deputy in Oborn's automobile title office, testified that between 50 to a hundred persons came to the title office each day. On Saturday morning and Monday, she said the office averages about 192 titles processed.

Bull estimated about 50 people came to the Probate Court office each day, and Mrs. Benson reported 147 cases the first four months of this year had been processed in her office. She said an average of five persons is involved in each case.

The hearing recessed for lunch and was to be resumed in the afternoon.

Attention Wives: SPCH in Australia

MELBOURNE, Australia (UP)—A Society for the Prevention of Cruelty to Husbands, recently formed here by Rex Testro, a business man, is growing rapidly.

The society had about 400 members after the first two months. Its main enemies are nagging wives, aggressive mothers-in-law, wives who cant' balance household budgets and interfering in-laws.

"The society was born during a discussion between three husbands, including myself, on the faults of wives," Testro explained. "We decided to gather harrassed husbands into an organization which would ask voluntary experts to solve problems."

The society's motto: "Safety in numbers."

Finding experts to help was no difficult. "We soon found so many with so much wife trouble of their own that they were willing to help others," Testro added.

"The experts include a psychologist, a banker whose mother-in-law bosses him around, and a doctor cursed with an extravagant wife.

"The psychologist advises members on how to handle irritable or argumentative wives. He has no simple answer for henpecking wives, including his own.

"The banker advises on the balancing of budgets.

"The doctor tackles sex and family health problems. The number of men who complain of frigid wives is astonishing."

Taft's determination in ordering around-the-clock sessions of the Senate, backed by other Republican chiefs, was given primary credit in breaking up talk that had occupied Senate sessions for 20 days. Axle Tax Gets Lausche OK

COLUMBUS, O. (AP)—Gov. Frank J. Lausche today gave his blessing to a Republican-sponsored axle tax on heavy trucks to raise money for new highways.

The governor said after a conference with highway department officials he preferred a weight-distance tax on trucks but an axle tax would be acceptable.

"An axle tax has in substance what I wanted in my weight-distance bill," Lausche told newsmen.

He expressed belief that Rep. Roger Cloud (R-Logan) attempted to draft an axle tax bill "to impose on commercial cargo carrying trucks their just responsibility to provide an equitable share of moneys with which to maintain and build our roads."

Cloud said the axle tax proposal, keystone of the Republican highway program, would accomplish the same result as a weight-distance tax with less bookkeeping by truckers and easier enforcement against truck overloading.

The tax would apply to trucks with three or more axles based on the number of axles and the distance a truck traveled.

Play Producer On Broadway Defies Probers

NEW YORK (AP)—The producer of "Finian's Rainbow" and other Broadway plays declined to tell the House Un-American Activities Committee today whether he ever was a Communist.

Lee S. Sabinson, the witness, said he is not now a member of the party.

The committee told Sabinson two previous witnesses had identified him as a party member.

"Have you ever been, at any time, a member of the Communist party of the United States?" he was asked.

"I am not now a member," Sabinson replied, "but I claim my privilege under the Fifth Amendment of the Constitution."

"As to whether you have ever been!"

"That's right."

This was the fourth day of New York hearings by the committee, which Wednesday heard testimony the Communist party had a military specialist ready for the job of secretary of defense in event of a Red revolution.

Fined $300 On Drunk Driving Charge

Man Arrested After One Of Seven Accidents

A Marion man arrested and charged with drunken driving following one of seven traffic accidents investigated Wednesday by Marion police pleaded guilty in Municipal Court today and was sentenced to five days in jail and fined $300 and costs.

Clifford Harold Schultz, 60, of 778 N. Main St. was arrested at 1 p.m. Wednesday after the truck he was driving struck another truck parked in front of 254 Oak St. and a car parked in front of 284 Oak St.

Police reported both the parked truck, owned by Arthur J. Peters of St. Paul, Minn., and the car owned by Emma Lewis of 284 Oak St. were damaged.

The right side of the truck driven by Schultz was also damaged, police said. Schultz was driving north on Oak St. and was arrested just north of 284 Oak St.

Municipal Court Judge W. Dexter Hazen said the heavy fine was levied against Schultz because this was his third arrest on similar charges of drunken driving. In addition, his driver's license was suspended without the right to comply with the Ohio Driver's Financial Responsibility Act. This law permits a motorist whose driver's license has been suspended to post a bond and continue driving.

A 10-year-old bicyclist escaped injury when he collided head-on with an automobile at Indiana and Clover Aves. at 4:17 p.m. Wednesday.

Michael Bauerle of near Marion was riding his bike west on Indiana Ave. and collided with a car driven by Carol Roser of 791 E. Center St. which was eastbound on Indiana Ave. The front wheel of the bike was badly bent. There was no damage to the car.

A car parked in the 500 block on Oak St. and owned by Grace Gunder of 130 Garden St. was damaged when struck by a car driven south on Oak St. by Stanley Smith, 75, of 348 Silver St. at 4:47 p.m. Wednesday. The right rear fender of Smith's car and the left rear fender of Mrs. Gunder's car were damaged slightly, police said.

Cars driven by Glenn R. Foos, 26, of 253 Reed Ave. and John E. Lane of near Prospect were damaged when they sideswiped on McKinley Park Dr. at 7:49 p.m.

Kelly related he was familiar with many instances of prospective jurors asking to be excused from jury duty because of having to climb the stairs. Witnesses also were inconvenienced by having to climb the stairs, Kelly said, with many having to wait to get their breath before being able to continue their business after climbing the stairs.

Kelly specifically mentioned three instances where persons collapsed after climbing the stairs. One was Alfred Luthold, an attorney from Bucyrus who was representing a client in the Marion Common Pleas Court. After the Bucyrus attorney collapsed on climbing the stairs, he was taken to the hospital where

Marion Club Hears Lima Ad Manager

Some 40 members and guests attended the May meeting of the Marion Sales Ad Club, held Tuesday noon at the Harding Hotel.

Saul Siegel, advertising and sales promotion manager of Neon Products, Inc., of Lima was guest speaker. Subject of his talk was "The Part Point - of - Purchase Plays in a Well Rounded Advertising Program." He also presented film slides on "Point of Sale Advertising."

In his talk, Seigel told club members that there are three steps necessary to a successful sales program. These steps are to establish a fine distributorship, to advertise through all media, and to have a good promotion at the point of sale.

Writer of numerous articles on similar topics which have appeared in trade magazines. Siegel was advance publicity agent for the Stan Kenton orchestra before joining Neon Products. He is also scheduled to take over the public relations directorship of the Lima Community Chest in the near future.

Club members were also reminded of the 49th Annual Advertising Federation of America Convention to be held at Cleveland June 14-17. Announcement was made that some 40 top speakers will be on convention program including Postmaster General Arthur Summerfield; James J. Nance, president of the Packard Motor Car Co.; and Arthur H. Motley, publisher of Parade magazine.

Final meeting of the club for this year will be held early in June and will be a social gathering. Date and program for the meeting is to be announced later, according to Jack Lautenslager, secretary-treasurer.

A new member of the club attending her first meeting Tuesday was Virginia Lynch of the Swink Advertising Agency.

Republican Club Makes Picnic Plans

Plans for a summer county-wide picnic were discussed by members of the Marion County Republican Club when they met Monday night at Republican headquarters, 134½ E. Center St.

In charge of picnic plans are Robert Stief, handling time and place; Marion Hinklin, speaker and program; and A. L. Watt, publicity.

On Monday evening's program, centering around President Dwight D. Eisenhower, Dr. Jack Smythe spoke about the President from his personal knowledge of him.

Dr. Smythe told the group that he first met the President in 1932 while he was interning at Walter Reed General Hospital. Eisenhower at that time was serving as an aide to Douglas MacArthur, then Chief of Staff, and was assigned to help the bonus marchers who needed hospitalization.

From that original meeting in 1932, Dr. Smythe followed the progress of Eisenhower's career to the present time. He illustrated his talk with color motion pictures and slides he took at the recent Presidential inaufuration. Assisting Dr. Smythe on the program was J. C. A. Arter.

Refreshments were served following the business meeting, which

Drivers Unhurt In Ashley Crash

Truck and Its Load Of New Cars Damaged

Drivers of a haulaway truck, loaded with new cars, and a car, which collided at the main intersection in Ashley at 7:55 p.m. Wednesday,- escaped without injury, according to local state patrolmen who investigated.

Vehicles driven by Eric V. Bias, 26, of near Huntington, W. Va., driver of the truck loaded with four new cars, and Louis B. Corwin, 66, of near Ashley, collided at the intersection which is the junction of U. S. Route 42 and Route 229, after Corwin drove through a red traffic signal on Route 229, patrolmen said.

The car crashed into the left side of the truck's tractor, causing the driver to lose control of the vehicle. The truck overturned on the highway. The tractor was demolished, patrolmen said, and the right side of the trailer was lightly damaged. The load of new cars was extensively damaged. The grille, front bumper, right rear fender and both front fenders of the car were moderately damaged.

Corwin was cited to appear before Mayor Russell Lolting of Ashley May 10 on a charge of failing to obey an automatic traffic signal.

France Opposes U.N. Intervention In Laos Invasion

PARIS (AP)—France has informed the United States she is firmly opposed to bringing the Communist-led Vietminh invasion of Laos, in Indochina, before the United Nations.

U. S. Secretary of State John Foster Dulles Wednesday told a congressional committee he was exchanging views on a possible U. N. airing of the Laos invasion with the governments of France, Laos Viet Nam and Thailand. He had already been advised of the French views.

These governments are directly affected by the powerful assault on the independent Loatian Kingdom.

The French foreign minister, Georges Bidault, called U. S. Ambassador Douglas Dillon to the foreign office Sunday night and handed him a memorandum outlining France's opposition to the move.

The note was understood to point

agree to it or something close, there undoubtedly would be days and probably weeks more of working out details.

Almost all the 24-minute session was taken up by Nam Il, the chief Red negotiator, in presenting the new plan.

Harrison said only that he noted Nam Il's statement and then requested the break until Saturday.

Nam Il revealed the plan suddenly at a time when the new series of negotiations were bogged badly. Only Wednesday, Harrison had termed progress "zero."

The Communist plan provided:

1. Within two months after a truce, both sides will exchange prisoners willing to go home. These number about 84,000 North Koreans and Chinese in Allied hands and about 13,000 Allied captives in Communist camps, of which about 3,000 are known to be Americans.

2. The creation of a neutral nations repatriation commission made up of the four nations on the armistice supervisory commission and India.

3. Prisoners unwilling to go home shall be released from military control at "the original places of detention and be handed over to the neutral nations repatriation commission" for custody. Members of the neutral nations repatriation commission shall each provide an equal number of armed forces to insure "effective execution" of its authority.

4. The neutral commission shall permit nations to which prisoners belong to send representatives to talk to the prisoners, "so as to eliminate their apprehensions and inform them of all matters relating to their return . . ." A four-month limit was set on such talks.

5. During those four months, the neutral commission shall facilitate the "speedy return to their fatherlands" of those prisoners who request repatriation after the explanations. The commission will decide on the administrative details involved.

6. Disposition of prisoners still unwilling to return home after the four-month period shall be submitted to the political conference proposed to follow an armistice.

7. All expenses of prisoners during the period of custody by the neutral commission and traveling expenses to their homelands shall be paid by the nations to which they belong.

8. Terms of the proposal and arrangements developing from it shall be explained to all prisoners.

Miller, court bailiff since Feb. 1, 1947, estimated approximately 15 to 25 persons asked to be excused from jury duty each term of court. He also recalled instances where witnesses had to be carried to the courtroom on stretchers. He estimated that approximately 15 to 30 persons came to the courtroom on business on non-trial days, and about 50 persons when trials were in session.

Jacoby, who told the court he had been practicing law for 56 years, said he remembers discussions of the need of an elevator for "at least 40 years." He recalled an instance where the court had to send a stenographer to the homes of three elderly witnesses to obtain testimony for a case because the witnesses could not climb the stairs in the Courthouse.

Oborn estimated around 20 to 25 persons, other than attorneys, used his office each day. He said more than 200 persons this year have had to come to his office on the third floor to apply for passports alone.

Miss Baer, a deputy in Oborn's automobile title office, testified that between 50 to a hundred persons came to the title office each day. On Saturday morning and Monday, she said the office averages about 192 titles processed.

Bull estimated about 50 people came to the Probate Court office each day, and Mrs. Benson reported 147 cases the first four months of this year had been processed in her office. She said an average of five persons is involved in each case.

The hearing recessed for lunch and was to be resumed in the afternoon.

ATTEND STATE CONVENTION

Dr. E. K. Clark, 189 Pearl St., and Dr. Richard E. Eicher, 240 Homer St., attended the 54th annual convention of the Ohio Osteopathic Association of Physicians and Surgeons which opened Sunday in Columbus. The Marion men attended the convention on Monday, Tuesday and Wednesday. Approximately 400 osteopathic physicians attended the session held at the Neil House in the form of a refresher course in the latest methods of diagnosis and treatment of diseases.

HEADS SENIOR PROM

UPPER SANDUSKY—Miss Mary Kathryn Henige, of Upper Sandusky, is co-chairman of the senior prom at the St. Elizabeth School of Nursing, to be held Friday at the Miami Valley Golf Club. Miss Henige is a graduate of the Upper Sandusky High School.

The famous schooner yacht, America, first winner of the America's Cup, was planked largely with teak.

at 8 p.m. in the school auditorium.

The band, under the direction of George Reed, will play. The vocal portion will be in the form of a variety show, "Show Business." Master of ceremonies will be Thad Sobers as Garth Oddfrey, Robert Tuttle will be announcer, talent scouts will be Elinor Williams and Wayne Seiter, and other speakers will be Steven Lauer, Sara Howser, Jay Rogers and Judy Long.

The mixed chorus, junior high boys chorus, junior high girls chorus, girls glee club and boys glee club will sing, along with the Barbershop Polecats composed of Ronald Woods, Paul Harmon, Tom Hickman and Harold Anderson, and the Tonettes, Dixie Skinner, Janet Ball and Lois Roller. Ukelele players will be Marilyn Myers, Janet Moser and Patty Welch, and accompanists will be Delores Seiter and Barbara Ann McNeal.

Mrs. Robert Rice is vocal director.

Attention Wives: SPCH in Australia

MELBOURNE, Australia (UP)—A Society for the Prevention of Cruelty to Husbands, recently formed here by Rex Testro, a business man, is growing rapidly.

The society had about 400 members after the first two months. Its main enemies are nagging wives, aggressive mothers-in-law, wives who cant' balance household budgets and interfering in-laws.

"The society was born during a discussion between three husbands, including myself, on the faults of wives," Testro explained. "We decided to gather harrassed husbands into an organization which would ask voluntary experts to solve problems."

The society's motto: "Safety in numbers."

Finding experts to help was no difficult. "We soon found so man with so much wife trouble of their own that they were willing to help others," Testro added.

"The experts include a psychologist, a banker whose mother-in-law bosses him around, and a doctor cursed with an extravagant wife.

"The psychologist advises members on how to handle irritable or argumentative wives. He has no simple answer for henpecking wives, including his own.

"The banker advises on the balancing of budgets.

"The doctor tackles sex and family health problems. The number of men who complain of frigid wives is astonishing."

Taft's determination in ordering around-the-clock sessions of the Senate, backed by other Republican chiefs, was given primary credit in breaking up talk that had occupied Senate sessions for 20 days. Cots were ordered out from the recesses of the Capitol for members to relax but still be on hand for quorum calls.

was conducted by the club's president, Riley Hall.

Axle Tax Gets Lausche OK

COLUMBUS, O. (AP)—Gov. Frank J. Lausche today gave his blessing to a Republican-sponsored axle tax on heavy trucks to raise money for new highways.

The governor said after a conference with highway department officials he preferred a weight-distance tax on trucks but an axle tax would be acceptable.

"An axle tax has in substance what I wanted in my weight-distance bill," Lausche told newsmen.

He expressed belief that Rep. Roger Cloud (R-Logan) attempted to draft an axle tax bill "to impose on commercial cargo carrying trucks their just responsibility to provide an equitable share of moneys with which to maintain and build our roads."

Cloud said the axle tax proposal, keystone of the Republican highway program, would accomplish the same result as a weight-distance tax with less bookkeeping by truckers and easier enforcement against truck overloading.

The tax would apply to trucks with three or more axles based on the number of axles and the distance a truck traveled.

Early U.S. settlers, noting that war followed the appearance of large broods of cicades in several instances, believed they were omens of war says the National Geographic Society.

PULITZER WINNER. William Inge (above) is winner of the 1953 Pulitzer prize for his play, "Picnic," a current hit on Broadway. The 40-year-old Inge, a comparative newcomer to literary fame, also wrote, "Come Back, Little Sheba." "Picnic" has a Kansas setting.

out that such a step would give Communist Vietminh leader Ho Chi Minh the status of an international belligerent, dignifying his case before the world. The United States is reported to have expressed understanding of the French reasoning without being wholly convinced.

Letters of invitation to the meeting are being sent to farm leaders in the county urging them and their families to attend this meeting.

George Schertzer, organization director of the Marion County Farm Bureau, reported the meeting is open to the public.

Abandoned Car Identified as Stolen

Two insurance company representatives from Ft. Wayne, Ind., today identified a car found abandoned on a township road, two miles west of Big Island, as one stolen April 27 from that city, state patrolmen reported today.

The car, a 1950 Pontiac coach, with Indiana license tags, belongs to Lesley A. Hall of Ft. Wayne, who reported the auto stolen from in front of his house where he had parked it on the afternoon of April 27.

The car was driven [illegible] township road, just off Route 30-S, about 7:30 p.m. on April 29 and abandoned, according to nearby residents. Patrolmen had the car towed into Marion the following morning.

Two Prospect Boys to Sleep in Car, Cook Own Meals

Students Plan Cross-Country Trip

By DOLORES McCLURE

Two Prospect High School boys are looking forward to a scenic and somewhat unusual auto tour of the United States this summer.

Senior students, Jim Almendinger, son of Mr. and Mrs. Paul Almendinger of Prospect, and Howard Graham, son of Mr. and Mrs. Sterling Graham, of near Prospect have big plans for this summer. They'll leave Prospect by automobile on May 27, one day after they get a "welcome home" from their senior class trip to New York City, for a trip through 29 western and southern states plus Canada and Mexico. Right now, they're busy scanning folders and guide books on points of interest in the United States.

Thing that's rather unusual about the "tour" is that the boys plan to cook their own meals and sleep in the car throughout the trip. They're taking their own outdoor cooking stove and a supply of food. Here's hoping one of the fellas is skilled at wielding a frying pan.

The 17-year-olds, who started school together 12 years ago, decided several months ago to make the journey this summer and have been busy with part time jobs to earn money for the trip.

The boys hope their trip will include some of the following points of interest: Springfield, Ill., where they hope to visit Lincoln's home and tomb; Mt. Rushmore, S. D., where they will view statues of Lincoln, George Washington, Theodore Roosevelt and Thomas Jefferson carved on the mountainside; Yellowstone National Park, Sun Valley, Idaho; Olympia National Park in Washington; Yosemite National Park in California; Sequoia National Park, Death Valley, Long Beach, San Diego, Calif.; Mexacalle, Mexico; Pipe Organ National Park in Tucson, Ariz.; the Petrified Forest at Prescott, Ariz., and the Grand Canyon; Rocky Mountain National Park; Pike's Peak, Royal Gorge, Santa Fe, Carlsbad Caverns, N. M.; Tulsa, Okla.; Little Rock, Ark., Shreveport, Baton Rouge and New Orleans, La.; Birmingham, Ala., Chattanooga, Tenn.; and the Smoky Mountains.

The Prospect seniors will undoubtedly have a lot to tell when they return from their cross-country tour, and by the time it's over, it's a good bet they'll be glad to be home.

Finds Old New Year's Pamphlet Given Star Subscribers in 1879

What field of endeavor made the greatest contribution to progress in 1878

Science, says a pamphlet Marion Star newspaperboys presented their customers on New Year's Day in 1879.

A copy of the pamphlet, which in verse recounts the events of the year, was uncovered recently by Miss Mary Dean of 410 N. State St. She found it with some other old papers in an abandoned two-story house at N. State and Mark Sts. formerly occupied by the Christy family. Mrs. Dean, whose home is next door, is operator of the Mary Dean's Hat Shop.

"Science, with quickened eye and ear, Has, in forced marches, led the year," says the pamphlet, putting to rout claims of modern day folk of a monopoly on scientific progress.

"Today speaks through the telephone
"Great truths to yesterday unknown.
"Now, we may sing, and talk, and laugh,
"And bottle in the phonograph,
"And centuries hence, some curious elf
"Shall take it from its dusty shelf
"And turn the crank, and we anon
"Shall sing and talk and laugh right on!"

"The eight-page booklet, entitled "A Carriers Address," contains some poems by William Cullen Bryant, as well as a review of the year's activities, which included the Paris Exposition, "breezy" politics, and a pestilence which "Possessed her cities proud and fair, And poisoned all their summer air."

The Star was two years old at the time the pamphlet was distributed. Founded in 1877 as The Pebble, the name was changed to The Marion Daily Star a year later.

Doesn't Need Saving

SEOUL (AP)—A 210-pound Marine stood watching an evangelist preach to a group of soldiers.

Someone in the crowd walked over to Marine Cpl. Paul Dansky of Clinton, Mass., and said:

"Would you like to be saved?"

Dansky replied:

"Mack, I don't need saving. I'm a Marine."

Shall I tell you where and when?
On the maps of the world you will
find it not;

Plan to Set Up Medical Depots

WASHINGTON (AP)—The federal Civil Defense Administration is planning to set up medical supply depots to serve the Cleveland and Toledo, O. areas in case of air attack.

An FCDA official said today the agency is preparing to move supplies into more than 101,000 square feet of warehouse space in Zanesville, O.

The official said for the time being, the Zanesville depot will serve Ohio and neighboring states.

However, he said the FCDA is asking Congress for enough money to set up additional depot in Ohio during the year that starts July 1.

Both the Senate and House Armed Services Committees have approved the leasing of the Zanesville space.

The Army Wednesday certified it has no other space available for the purpose in that general area.

This was the last detail to be cleared away before the FCDA could begin to move into the Zanesville warehouse.

The official said orders are being issued to move crews and supplies in at once.

Political Party Disbanded By De Gaulle

French Leader On Sidelines of Public Life Once Again

PARIS (AP)—Gen. Charles De Gaulle once more was a lone figure on the sidelines of French public life today as he scuttled his ultraconservative political party after its shellacking in recent local elections.

The tall- 63-year-old hero of World War II announced last night that his followers—most important, 84 deputies in the National Assembly—could continue any political actions they wished, but under their own names only.

He emphasized that officially the Gaullist RPF—the Rally of the French People—was no longer a political party.

Instead, he said, he would return to his original crusade for the "regeneration" of France. The RPF now becomes an "advance guard for regrouping the people to change the regime."

The inference was obvious—De Gaulle, apparently, still hoped that eventually the French would get fed up with their multitude of parties and frequent changes of government and would turn to him as the "strong man."

It was not yet known how the 84 still-faithful Gaullist deputies now would line up in the complicated French political picture. The general—up to now the hope of the far right—advised his followers to move left and think more about social problems.

After issuing his statement to the press, De Gaulle returned to his usual isolation at his villa at Colombey-les-Deux-Eglises, 180 miles east of Paris. His friends said he would talk with the heads of all political parties and eventually make a new announcement as to his intentions.

WILL RECALL JURY

WARREN, O. (AP) — Prosecutor Charles H. Anderson said he will ask recall of the April grand jury to indict Thomas Mango, who was returned to county jail here Wednesday from Boston. Mango, arrested in Boston as John Minello, is wanted in connection with the fatal shooting of Marty Flask in nearby Niles 14 years ago.

have to buy a GIFT?

Brawn to Brains

By Inez Robb

Foreigners who visit the United States and return home proclaiming that America has no culture obviously are visiting firemen who never get out of the Stork Club and west of the Hudson.

INEZ ROBB

I have just returned from a foray into Oklahoma and Texas and can testify that the inhabitants of these two great oil and cattle baronies are 100 per cent couth. Both regions are so full of culture vultures as to make the effete East seem unlettered by comparison.

-:-

IT IS MY first-hand observation that Texas and Oklahoma citizens no longer have any time for ridin' and ropin' because all their energies are devoted to opera, symphony orchestras, the little theater, art museums and long-hair lectures. Even draw poker has given way to Canasta.

A few old-timers still wear shootin' arns for sentiment's sake, but the majority of citizens are round shouldered from carrying books.

In New York I am permitted to lead a happy, low-brow life, but in Tulsa, Dallas and Fort Worth I was constantly badgered to improve my intellectual outlook at museums or concert halls.

I can report that ballet is big in an area where square dancing, with some difficulty, once replaced the Indian war dance.

-:-

BELIEVE ME, when I was growing up in the great open spaces, any man who had danced into town on his toes would have danced right out again with bullets beating a tatoo around his tootsies.

I suppose this represents progress. But I can remember a West in which an evening devoted to the better things of life scaled the intellectual heights when a student of elocution recited "Curfew Shall Not Ring Tonight" and Gunga-Din."

At Fort Worth parties, perfect strangers walk right up and start discussing Kaffka, Kinsey and Gide without so much as a "by your leave."

During my childhood, a working knowledge of James Whitcomb Riley and "Ben Hur" was sufficient to set a citizen apart as an educated man.

-:-

DURING a few days in Tulsa, I was exposed to the Philbrook Art Center, the Gilcrest Museum, Tulsa the world, the Tulsa opera group presented "No, No, Nanette." It imported Jo Sullivan, Billy House, John Sckleton and Robert Smith from New York to sing the leads with the local chorus. Local citizens sang the secondary roles.

The opera group, organized only a few years ago, is already planning to tackle grand opera next November with a production of Puccini's "Mme. Butterfly."

-:-

CITIZENS of Oklahoma and Texas seem happy to ante up, no matter what the cost of culture. In the short span of five years, the Tulsa Philharmonic Orchestra has become one of the nation's 30 major symphony organizations.

At a recent dinner to raise money for the philharmonic, various Tulsans bid as much as $5,000 to hear Robert Weede, Metropolitan Opera baritone, sing a favorite song. They also bid $5,000 to hear Lowell Wadmond of New York, president of the Metropolitan Opera Association who was visiting Tulsa at the time, lead the Philharmonic in "Stars and Stripes Forever."

Podner, thar's no use denying that out of the prairies, "Cara Nome" is giving "Wagon Wheels" a run for its money.

30 Called For Duty On Grand Jury

Thirty Marion County residents have been notified their names have been drawn for prospective grand jury duty when the jury convenes Monday and Tuesday.

The names were drawn recently under the supervision of Jury Commissioners John Zuck and Mrs. Chester Roberts.

Prospective grand jurors and their addresses were reported as follows:

Lena Johnson of LaRue; Sherman D. Biggerstaff of Prospect; Arlouine Jenkins of 369 Bellefontaine Ave.; William B. Schroll of Hoyle St.; Francis D. Walters of 687 N. Main St.; James A. Osmun of 289 Clover Ave.; Emerson G. Long of 142 Pennsylvania Ave.; Marguerite Luke of 409 Nye St.; Margaret M. Smith of 1110 Cheney Ave.; C. E. Price of near Galion.

Mildred Pickett of near Caledonia; Ellen J. Brown of 205 Cummins Ave.; C. E. Graham of Waldo; Virginia Longacre of Caledonia; Robert E. Severns of 961 E. Center St.; Lester S. Miller of 186½ S. Main St.; Martha D. Chaney of 470 Davids St.; Marie T. Everly of 606 Davids St.; Edna Wick of near Waldo.

Erwin E. Rowley of 275 Nye St.; Carroll S. Caris of 306 S. Prospect St.; Mildred R. Rinehart of 144 Charles St.; Hattie A. Zelgfried of 262 N. Grand Ave.; Mary E. Emerson of 685 Meadow St.; Violet A. Naher of near Prospect; Alice E. Peacock of 370 N. Greenwood Ave.; Earl Harrod of Caledonia; Zelda C. Landgrabe of 414 E. Fairground St.; and Robert Breece of near Marion.

DENIES HE'S A RED. Band leader-clarinetist Artie Shaw, being sworn in as opening witness before the House un-American activities committee in New York, told investigators that to the best of his knowledge he never had joined the Communist party, but added that he might have been a "dupe" of the Reds. He admitted attending four Communist recruiting meetings in 1946.

Convicts Stage Sitdown Strike

JACKSON, Mich. (AP) — Warden William H. Bannan said 90 Southern Michigan Prison inmates engaged in maintenance work staged a five-hour sitdown strike yesterday.

Bannan said the men had heard they were going to get a raise above the 5 to 10 cents an hour they are paid now and demanded the pay boost immediately.

The warden said the inmates returned to work peacefully after he told them they would have to wait until the new state budget, providing the raises, is approved by the Legislature.

Woman Convicted In Drowning Of Foster Daughter

DES ARC, Ark. (AP)—Linda Epperson Head, 33-year-old mother of two other children, was convicted yesterday of the drowning of her foster daughter in a rain barrel, and sentenced to prison for 12 years.

A jury of farmers convicted Mrs. Head of second degree murder. She originally was charged with first degree murder, as was her husband, James Walter Head, on whom she placed full blame for the brutal killing. He has been committed to the state hospital for insanity.

The bruised and lacerated body of five-year-old Mary Wolfe was found Dec. 30 in a homemade rain barrel near the Heads' rented shack. An autopsy showed she had drowned.

Mrs. Head testified her husband beat the child to make her mind and, thinking her dead, weighted her down in the barrel with a sledge hammer.

NAB MOONSHINERS

FAYETTEVILLE, Ga. (AP)—Four Negroes were arrested yesterday and charged with operating three 1,000-gallon moonshine stills—on the farm of State Revenue Commissioner Charlie Redwine, chief liquor law enforcement officer for Georgia.

Scott Township, $3,531.97; Tully, $13,712.96; Waldo, $22,918.61; and Marion City Schools, $464,385.31.

Out - of - county schools' share was: Cardington Local, $4,152.09; Elm Valley, $118.43; Radnor, $431,-79; Marseilles, $2,217.61; and Crawford County, $12.23. These schools received a share of the taxes because Marion County children attend them.

These real estate and inheritance taxes were listed on the February settlement recently approved by the state auditor's office.

Those Poor Fish! No Privacy at All

BOSTON (UP) — Fish can talk and science has discovered a means to hear their under-water conversations.

The Museum of Science, a modern group of buildings on Boston's Charles River, currently is housing equipment which enables human visitors to listen to the sounds of fish. The receivers used were developed by the Oceanographic Institution at Woods Hole, Mass.

Propose Uniform Divorce Laws

WASHINGTON (AP)—A divorce legal in one state would be legal in the other 47 under a bill passed by the Senate yesterday and sent to the House.

The Senate Judiciary Committee said that since some states refuse to recognize divorces granted in others, as many as four million persons face possible prosecution and harassment.

The bill was sponsored by Sen. McCarran (D-Nev), whose state has relatively liberal divorce laws.

Owen V. Everly

Owen V. Everly, 41, of 540 Blaine Ave. died early today at home. He suffered a first heart attack about midnight, then was stricken with the second and fatal attack at 4:15 a.m.

Born Dec. 2, 1911, in Marion, he was a son of Lee and Bertha Scovill Everly, the father a native of Ironton and the mother of Marion. July 2, 1939, in Marion, he married Mary A. Brown. He was a foreman for the Erie Railroad, and was a member of Masonic bodies, Marion Lodge 70, F. and A. M., Marion Chapter 62, R.A.M., and Marion Council 22, R. and S.M.

Surviving are his widow, his father who lives in Cleveland, and children, Virginia, Jamse, Robert and Jeannie, and sisters, Mrs. Richard Hines and Miss Janet Everly, both of Cleveland.

Funeral services will be conducted Saturday at 10 a.m. in the Schaffner-Denzer Funeral Home on E. Center St. The Rev. Frederick W. Leech, rector of St. Paul's Episcopal Church, will officiate. Burial will be in Marion Cemetery. Friends may call at the funeral home after 7:30 tonight.

—:—

Mrs. C. E. Hackworth

Mrs. Elizabeth A. Hackworth, 52, wife of Charles E. Hackworth of 489 Thompson St., died about 6:30 p.m. Wednesday in City Hospital. She was ill seven weeks.

Born Oct. 28, 1900, in Lawrence County, she was a daughter of David and Ann Hardy Campbell. April 21, 1919, at Chillicothe, she married Mr. Hackworth. A resident of Marion 34 years, she came here from Lawrence County. She was a member of Lee Street Presbyterian Church, of the Eagles Lodge Auxiliary, and of Roosevelt Lodge 277, auxiliary, to Lodge 1281 and Local 1059 AFL Machinists Union.

Surviving with her husband are children, Homer and William M. Hackworth, both at home, Mrs. Helen Ettore of 739 Silver St., and Mrs. Maxine Miller of 357 Milburn Ave., five grandchildren, and sisters and brothers, Mrs. Emma Roache and Mrs. John Lewis, both of Ironton, Mrs. Mary Christian of Pedro, O., Mrs. Laura Campbell of Portsmouth, John and Charles Campbell of Vinton, O., and Albert Campbell of Ashland, Ky.

Funeral services will be conducted Saturday at 10:30 a.m. in the Merle H. Hughes Mortuary on Mt. Vernon Ave. The Rev. Howard L. Olewiler, pastor of First Presbyterian Church, will officiate. Burial will be in Chapel Heights Memory Gardens. Friends may call at the funeral home after 7:30 tonight.

—:—

Mrs. Lewis P. Albert

Mrs. Laura Manley Albert, 59, wife of Lewis Peter Albert of 388 Thompson St., died at 9:30 a.m. today in City Hospital. She was ill two weeks.

Born Sept. 17, 1893, in Marion County, she was a daughter of James H. and Mary Etta Clay Manley. Her marriage was May 19, 1919. She was a member of the Mt. Olive Methodist Church near Green Camp.

Surviving with her husband are children, Lew C. Albert at home, and Mrs. Mary Jane Camm and Jesse J. Albert, both of Santa Ross, Calif., two grandchildren, and sisters, Mrs. Dale Weston of Edison and Mrs. Earl Drake of New Bloomington.

Funeral services will be conducted Saturday at 2 p.m. in the Merle H. Hughes Mortuary on Mt. Vernon Ave. The Rev. L. L. Zimmerman of First Church of the Nazarene will officiate. The body will be sent to California for burial at Santa Rosa where the remaining family from Marion has planned to move. Friends may call at the funeral home after 7:30 p.m. Friday.

Famous State Dishes Prepared At Food Institute

The 1953 Gasco Food Institute closed Wednesday afternoon at the Palace Theater with approximately 350 persons attending the final session.

Theme was "United Tastes of America." Miss Katherine Dunn, lecturer, and Jay Parker, institute manager, both from the Ohio Fuel Gas Co. in Columbus, and Miss Betty Cox, the local Betty Newton, took part in the continuous show which took the audience on an imaginary recipe tour around the United States.

The trip took the group to some

Atomic Tests Not Causing Rainfall, Weatherman Says

NEW YORK (AP)—Don't blame the atomic test blasts for the abnormal rainfall this year, says Ernest J. Christie, head of the New York weather bureau.

He said any number of persons believe the Nevada explosions are responsible.

"Everywhere I go, they toss the question at me," he told a reporter who was asking the same question.

Christie put it this way:

"If rain were caused by any additional dust or chemical particles put into the air because of atomic explosions, the pattern of rain would be consistently in the path over which this material is carried by the upper air wind flow.

"But that's not the case. The precipitation pattern isn't consistent with that idea."

Ike to Make Major N.Y. Talk Tonight

WASHINGTON (AP) — President Eisenhower flies to New York City tonight for perhaps his most important outright political appearance since he took office.

Several thousand party faithful bought $100 tickets to hear him address the annual banquet of the New York State Republican Committee. Because of an overflow audience, two dinners were arranged, one at the Astor and the other at the Waldorf Astoria.

The President planned to address both of them, first at the Astor (about 8:25 p. m., EST) and then at the Waldorf (about 9:35). Both talks will be made from notes. There will be a live NBC radio broadcast of the Waldorf address. ABC will carry a recording of the Astor talk (9:35 p. m.) and so will CBS (9:45 p. m).

Funds raised by the dinners will be divided equally between the state and national committees.

Before today, the President had made only two other political speeches since taking office. Both were informal. One was April 24 before the Republican women's spring conference here and the other several weeks earlier when he addressed members of the GOP National Committee at the White House.

Presidential aides indicated Eisenhower might choose to review tonight some of the highspots of his first 100 days in office.

The President will stay in New York a little more than 3½ hours. He is traveling by commercial plane. The cost will be met by the New York state committee because, aides said, it is purely a political journey.

STOLEN CAR RECOVERED

Recovery of a car stolen in Marion Wednesday night was reported today by Police Chief Tom Coon. L. M. Lessley of 214 Pennsylvania Ave. called police at 8:44 p.m. Wednesday to report his 1950 model car had been stolen sometime after 8 p.m. from a driveway beside his residence. Police located the car at 5:17 a.m. today abandoned in front of 220 Kenmore Ave Lessley was notified and the car was turned over to him.

Pleads Not Guilty To Charge Of Leaving Accident

Arthur H. Laube, 36, of 34 Windsor Apartments entered a plea of not guilty to a charge of leaving the scene of an accident when arraigned in Marion Municipal Court Wednesday.

He was arrested at 1:13 p.m. Wednesday on E. Center St. on a warrant signed by Dr. John F. MacGregor of 29 Windsor Apts. The warrant charged an automobile owned by Laube struck Dr. MacGregor's car while it was parked in front of his residence about 8:20 a.m. Tuesday. Dr. MacGregor called police Tuesday morning and said a hit-skip motorist had struck his car about that time. Police investigating the accident found a long chrome strip apparently torn from the side of the hit-skip car lying in the street near Dr. MacGregor's car.

Wednesday morning a patrolman directing traffic on W. Center St. noticed a car pass him which was missing a chrome strip from the side of the car at the bottom of the door.

He took the license number, found it was registered to Laube, and contacted Dr. MacGregor who later signed the warrant for Laube's arrest.

A hearing on the charge will be held Thursday in Municipal Court.

Church Women's Assoc. Plans Series Of Book Reviews

A series of three book reviews, with Mrs. Lloyd Beuthal of Sandusky as speaker, will again be given this fall and winter in Marion. As in the past four years, the series will be under sponsorship of the Woman's Association of the First Presbyterian Church.

The programs will be given in the First Presbyterian Church and the dates have been set for Sept. 29, Oct. 27, Dec. 1. Tickets are priced at $1.55 for the series of three. The titles of the books will be announced later.

Mrs. George Howser is serving as general chairman, and working with her are Mrs. Joseph Yannitel and Mrs. John Bartram, publicity, and Mrs. Harry Lazear and qMrs. Maurice Cornell, tickets.

N.Y. Stock Quotations

NEW YORK (AP) — A decline in the stock market today was held to moderate proportions.

The decline extended into the major fractions with plenty of resistance developing along the way.

Automobiles resisted the decline along with utilities. Steels were a little lower and that also held true for oils, railroads, and most chemicals.

Lower stocks included Bethlehem Steel, Chrysler, Montgomery Ward, Boeing, Radio Corp., Kennecott Copper. Allied Chemical, Dow Chemical, Santa Fe, Westinghouse Electric, Pennsylvania Railroad, Standard Oil (NJ), and Gulf Oil.

and walk on it" to bomb the key metal plant.

Pilots said bombs landed squarely on several buildings and touched off three secondary explosions which could have been ammunition stores.

Low clouds grounded many Allied warplanes Thursday, but 23 Sabre jet fighter-bombers bombed a Red troop concentration at Singye, northwest of Chorwon in Western Korea. Pilots reported 26 buildings destroyed.

Fourteen Japan - based B29 Superforts dumped 140 tons of bombs on a 130-acre troop and supply area at Tokchon in Northwest Korea Wednesday night.

The ground front was so quiet an Eighth Army, briefing officer said only 30 Communist soldiers were killed or wounded in the 24 hours ending early Thursday. U. N. divisions on the Western Front reported hitting only one Chinese in overnight skirmishes.

partment. Democrats on the subcommittee concluded the accusations were "a fraud and a hoax."

McCarthy retorted "whitewash" and campaigned against Tydings, who was defeated in 1950 by Sen. John Marshall Butler (R-Md).

Duke, last reported in Montreal, Canada, was cited for contempt after he did not respond to a summons to appear before McCarthy's investigations group last month. The Senate ordered all facts in the case turned over to the U. S. attorney for the District of Columbia.

The McCarthy subcommittee report described several alleged tax-fixing attempts on the West Coast. One, it said, involved a meeting in 1948 between Duke and David Sullivan, a new employe of the Bureau of Internal Revenue who had been assigned to a tax case involving a $265,001 assessment against the L. De Martini Company of San Francisco.

The report said Duke had received a $5,000 fee from the company's treasurer and told Sullivan, while lunching, he was "just the man we are looking for."

Ex-Red Tells Of Communist Plotting in U.S.

Pre-War Campaign Described Before House Committee

NEW YORK (AP)—House investigators have turned up testimony that the Communist party once had a military specialist lined up for the job of defense secretary in event of Red revolution in America.

Robert Gladnick, an ex-Communist and now an AFL organizer in Ohio and Kentucky, said yesterday he was part of a prewar Red campaign to build up the party's military resources.

He told the House Committee on Un-American Activities that Irving Charles Velson, a New York iron worker, headed the party's military program, and "was to become secretary of defense, come the revolution."

Velson took the stand later and called Gladnick's story "kind of fantastic." Velson wouldn't answer questions about any Communist connections, past or present.

Gladnick, organizer for the AFL International Ladies Garment Workers Union, said Communists in the 1930s were encouraged to enter the armed forces to learn to handle weapons in anticipation of revolt.

His own job, Gladnick said, was to distribute Communist literature among men and officers of the fleet. He said pretty girls were used on both coasts to hand out material when the fleet was in.

Members of the Young Communist League, he said, infiltrated the prewar Citizens Military Training Corps to prepare for eventual entry into the National Guard of the armed forces.

Gladnick said Velson used the party name "Charlie Wilson," and was in charge of this work.

The House committee came out of its third day of New York hearings with an armload of names given by co-operative ex-Communists as people they had known in the party.

The committee got 41 names from Gladnick, 24 names from Mrs. Abe Burrows, wife of the comedian, 66 names from Mrs. Dorothy K. Funn, a Brooklyn schoolteacher.

SAME WORDS, BUT MUSIC ADDED. Song composer Jay Gorney (left) and movie "tough guy" Lionel Stander (right) joined the list of witnesses refusing to answer questions asked by the House un-American activities committee in New York. Gorney, composer of "Brother, Can You Spare a Dime?", startled the probers by singing the first amendment to the Constitution. When interrupted, he complained: "You allowed lots of stool pigeons to come here and sing . . . so why can't I continue?" Stander, although declining to answer questions, shouted denials that he is now a Communist.

Baccalaureate And Commencement Set at Waldo

Baccalaureate services for the graduating class of Waldo High School will be held Sunday at 8:15 p.m. at the Waldo School auditorium.

The Rev. William F. Kissell, pastor of the Waldo Evangelical and Reformed Church will deliver the message. The invocation will be given by the Rev. Robert Fichter, pastor of the Waldo Methodist Church, and the Rev. S. C. Long, pastor of the Waldo Lutheran Church, will give the benediction. Special music will be presented by school pupils under the direction of Mrs. Mary Salisbury and Mrs. Robert Rice.

Commencement exercises are scheduled for next Thursday at 8:15 and will also be held in the school auditorium.

Dr. Marcus Rieke, a Columbus Lutheran Young People's pastor, will be the speaker. Devotions will be led by the Rev. Mr. Fichter and Mrs. Rice and Mrs. Salisbury will direct the students for the special music.

Diplomas will be presented to 16 seniors by Dwight Hedges, president of the Waldo Board of Education.

Members of the graduating class include Bonita Burton, Marjorie Edwards, Ardath Gaston, Joyce Klingel, Roy Klingel, Shirley Klingel, Virginia Klingel, Donald McKenzie, Clifford Miley, Louise Moyer, George Richardson, Donald Shultz, Donald Seiter, Marie Traxler, Rosella Yake and Wayne Yake.

Fear 3 American Women Among 5 Shipwreck Dead

HARWICH, England (AP) — Five persons lost their lives in the North Sea collision that sliced the bow off the British steamer Duke of York. Four bodies remained unidentified today and it was feared three American women may be among the dead.

Twelve passengers, including two U. S. Air Force officers, were injured, but approximately 500 passengers and crewmen were rescued from the 4,190-ton British ship after the collision with the 7,607-ton American freighter Haiti Victory 40 miles east of this port city.

Workers cut their way into the mangled hull of the Duke of York after tugs nudged the ship into a berth. The workers removed the bodies of two women and a man. A spokesman for British Railways, owner of the ship, said the body of another woman was discovered pinned in the wreckage.

Police found the passports of three American women in the wreckage of the ship. They were Miss Gilda Jordet of Rocky Ford, Colo., Miss Viola Larson of La Crosse, Wis., and Miss Ann Spring, for whom no home town was given.

The only victim identified thus far is Mrs. Argo Ansdell, 54, an Englishwoman who died in a hospital Wednesday night.

Stricken Ohio POW Saved From Death

• 12-Hour Fight Won After GI Quits Breathing

TRAVIS AIR FORCE BASE, Calif. (AP)—Doctors waged a 12-hour fight Saturday night to save the life of Cpl. John L. Robinson, 20, a repatriated prisoner of war, who almost died soon after arrival from the Far East.

The Air Force revealed Tuesday that at one time, Robinson's parents, Mr. and Mrs. Buel Robinson, Wellston, Ohio, were notified their son was in a dying condition.

Robinson stopped breathing Saturday night—he was suffering from a degenerative nerve disease. He was revived after being administered stimulants and placed in an oxygen tent.

The Air Force credited Dr. Walter Riley, Los Angeles, with saving the soldier's life.

Dr. Riley, a captain in the Marine Corps, said young Robinson is suffering from an unidentified illness, contracted in the POW camp, and "very similar to polio."

Robinson was in a wheel chair Wednesday and appeared in remarkably good spirits. He was smiling and happy and eager to go home and "help around the house." But doctors said he will be sent to a military hospital near his home city in about 10 days.

Corporal Robinson's recovery "was like a man coming back from death," physicians said. He was in a coma for eight hours and was placed in an iron lung for several hours. Doctors then took him out, but breathing stopped and the crisis developed.

Artificial respiration was resorted to while Robinson was again placed in the mechanical lung. Dr. Riley and ward attendants were at his side for 12 hours, until he again was able to breath.

The boy is very thin. His throat difficulty is such that he can speak only when he is exhaling. The disease has affected his hearing greatly.

CHILD FATALLY HURT

PIQUA, O. (AP)—Donald Evans, 5, of near St. Paris, was injured fatally when struck by a truck Wednesday on Ohio 69 near Kiser Lake.

'Steve Canyon' Creator To Be At Ohio U.

Milton Caniff On June Program Of Workshop

Special to The Star

ATHENS, O. — The famed cartoonist, Milton A. Caniff, will be on the Ohio University campus for the High School Publications Workshop June 22-27. Originator of the comic strips, "Terry and the Pirates" and "Steve Canyon," Caniff will give a number of drawing demonstrations for the high school students and advisers.

This year will mark the eighth annual Workshop on High School Publications conducted by the OU School of Journalism. It is designed for five major groups: editors and advisers of newspapers, editors and advisers of yearbooks, staff members and advisers interested in the business phases of newspapers and yearbooks, high school photographers, and a special session for advisers.

Born at Hillsboro, O., in 1907, Caniff at the age of nine moved to California where he was a child actor in some of the early Hollywood two-reelers.

Returning to Dayton, Caniff penned sketches for the Dayton Journal's "School and Scout" pages while attending high school. He worked during one summer vacation in Florida as an artist for the Miami Daily News.

He attended Ohio State University and was graduated in 1930 with the BA degree. While a student there he worked nights as an artist for the Columbus Dispatch.

After graduation, Caniff went to New York, where he was staff

Home Demonstration Week Being Observed

Homemakers throughout the nation are this week observing National Home Demonstration Week. Home demonstration work is the adult women's part of the Agricultural Extension Service of the land grant colleges and the U. S. Department of Agriculture.

Marion County women had their own observance March 17 at a countywide achievement meeting. At this time they did as women all over Ohio are doing this year—reviewing the way in which home demonstration work began in the late 1930's.

Miss Leta Gigax, now Mrs. Howard Duhamel of 663 King Ave. in Marion, was employed in June 1938 as the first home demonstration agent. The first home agent in Ohio was located in Montgomery County in 1916.

With no home council to start with, Miss Gigax had to start from scratch. The county agent, S. L. Anderson, listed outstanding, active women in the county who were invited to a meeting to consider plans for the winter's program. Miss Nellie Watts, now the state home demonstration leader, met with this group. Outstanding problems of the homemakers in the county were listed and from this list a tentative program was planned.

Meal planning using home grown foods was the first major project. Twelve communities had this project with 276 women in attendance. Twenty-five local, volunteer leaders taught this project. This is much the same way in which the county home demonstration program is carried out today.

Home demonstration work has been actively carried on in this county since 1938. Other agents have been Mrs. Christine S. Cook, now of near Bucyrus, Louise Cook, Mary Faye McMillan, now Mrs. Robert Van Sickle, near Cardington, and Lois Simonds.

Through the years home demonstration work has helped women realize that running homes and rearing families in this era presents special problems, and has helped them to meet these problems through activities of the home demonstration council.

Five hundred women in 13 home demonstration groups and 344 girls in 20 4-H Clubs received help in solving their homemaking problems in Marion County in 1952.

An appreciation of families and their individual interests was attained through the "Family Good Times" project which was held in four communities with 80 women present.

Families were helped to have more efficient and more convenient storage through the "Storage in Home" project. Seven groups had this project with 105 homemakers participating.

Through another home furnishings project, about 60 Marion County people have caned chair seats, close to 100 of them, and through this they have saved close to $500 altogether.

Many other methods were used to pass information on to others, among them the 30 radio talks given by the home demonstration agent, many news items, circular letters, and personal visits made by leaders as well as the home agent.

In 1953 home demonstration work will continue helping homemakers to solve their problems through projects. These projects will be broiler meals to help learn to use another part of the range as well as to help make meal getting not so time consuming; selection, care, and use of the new fabrics continually found on the market; mending of good clothes to save on the pocketbook; reupholstery of furniture for the same reason, and basket weaving for leisure time.

Seek Galion Health Nurse

Special to The Star

GALION — The need for a city health nurse was called to the attention of City Council and the city administration, Tuesday night, in the form of a letter from the Trouble Clinic of Galion, as well as by City Health Commissioner Mart Helfrich and members of the Trouble Clinic who addressed Council in behalf of this service.

In response to the request, Mayor Jay F. Nichols asked that the Trouble Clinic board meet with health and finance committees of Council as to the advisability of such a service, and then come up with some legislation prepared by the city solicitor. The meeting was called for next Tuesday night in the Council chambers.

It was explained that financial help to set up the program may be secured from the county tuberculosis program as well as through subsidy from the state department.

Galion has never had the services of a public health nurse. Health services have been handled by the city board of health, health commissioner, sanitary officer, and in the schools by the health nurse and attendance teacher.

Council also was asked by R. J. Olmutz for a lease on a small area of Heise park, south and west of the horseshoe courts, to set up three kiddy rides and a miniature golf course, beginning Memorial Day. In response to this, the city solicitor was asked to draw up the proper legislation for presentation to Council at the May 19 meeting.

Council heard second readings of two ordinances, one regulating and establishing the rates of the municipal swimming pool, to which an emergency clause was added, and another ordinance repealing a city admission tax on entertainments in Galion.

Two ordinances were passed, one granting permission to the Cemco Industries to tap into the sanitary sewer system of Galion, and another to pay Attorney George H. Davies a fee which he had deposited in city court for a client who died before a hearing was held.

Reports were heard that the municipal swimming pool repairs are progressing to make opening on Memorial Day possible.

Council also adopted a resolution that the mayor and president of Council lease the Crestline-Galion Airport to the Fisher Brothers Aviation, the Fishers to assume all taxes and maintenance expenses.

College Student Held in Robbery

WHEELING, W. Va. (AP)—A flying tackle by a former football player has thrown a college student for a loss in his new role of a brash young robber in downtown Wheeling.

The tackle ended a three-block chase which had started with the $127 daylight holdup of a night club moments earlier yesterday.

Detective Sgt. Ray Lucas identified the student as Guy Anthony Cuthbert, 19-year-old son of a Kayford, W. Va., coal mining executive. Police quoted the tall, slender youth as saying he needed money to pay a hotel bill.

His captor was husky Gene Colvin of Martins Ferry, O., now a truck driver for the Wheeling News-Register.

Cuthbert was arraigned on an armed robbery charge and placed under $10,000 bond for a hearing tomorrow.

Senate Passes Bills On Reorganization

WASHINGTON (AP) — The Senate passed and sent to the House yesterday separate bills to establish commissions on federal-state relations and on reorganization of the federal government.

The federal-state commission, asked by President Eisenhower, would give special attention to U. S. grants to the states. It would have 25 members, 15 named by the President and five each by the Senate president and the speaker of the House.

The reorganization group, patterned after the former one headed by ex-President Herbert Hoover would have 12 members. Each would be appointed by the President and by the presiding officers in Congress.

Last 12 Freed GIs Flying To U.S. Homes

TRAVIS AIR FORCE BASE, Calif. (AP)—Twelve Americans flew homeward today on the last plane of Freedom Airlift, a magic carpet from Red captivity in Korea to America.

These are almost the last of 149 Americans, some sick, some wounded, who only last month were liberated from North Korean prison camps.

Two remain in Tokyo.

A four-engined C54 transport left Honolulu last night with the 12 Americans, 2 Canadians and 6 Colombians.

It was due at this sprawling air base north of San Francisco at 11 a. m. (1 p. m. EST) today.

Thirty-eight other American repatriates arrived yesterday. Five were litter cases.

Nine started almost immediately for home by car or plane. The other 29 were to begin leaving today for military hospitals near their homes.

A total of three relatives had met the first flights of Freedom Airlift last week. No. 4 was different. Fifty relatives and friends clustered around as the plane halted and the door opened.

A man walked into the arms of a mother, or a brother, or a girl, or a friend. Cpl. Cecil B. Preston of Sausalito, Calif., found 12 relatives waiting. He was mobbed.

A mother held a soldier tightly, sobbing, "My son, my son, my son."

A father smiled and wept.

The men and their people ate lunch together, steaks again. Steaks have become so common some repatriates are tired of them. Only a few weeks ago they knew too well the taste of rice.

Then they talked with newsmen, telling of the past and their hopes for the future.

Pfc. George W. Rogers of Tulsa told how he felt when a Chinese told him he was going home:

"I guess I gave him a blank stare. I was shaking like a leaf. I couldn't talk for half an hour."

And Pfc. James D. Martin of Tulelake, Calif., explained why he missed one Freedom Airlift plane a week ago:

"The officers just smiled when I told them we had been out on a beer bust."

Inside Labor

Opium From Reds

By Victor Riesel

Sovietizing of Chinese Opium smuggling specialists are roaming the U.S. contacting the underworld and arranging for the sale of millions of dollars of Chinese-grown heroin through the secret channels which pour it into our schools and colleges.

RIESEL

Although a few agents have been caught with some $1.5 million worth of dope on them, others are getting through.

So successful are they, they've made the U. S. part of an underground market which brought the Peking government at least $70 million in 1952 from sales in Southeast Asia, Japan and the U. S.

-:-

GRIMLY ENOUGH, only $30 million of this terrific haul went to Sovietized China. The remaining $40 million is paying for the Chinese revolutionary activity in Burma, Malaya and Indo-China; for disruption and sabotage in Japan—and for Communist party activity and espionage in the United States.

If these statements sound like pipe dreams, I can only report here that our intelligence services wish they were.

Actually they are official United States charges filed against the Peking government in the United Nations here during the first week of April.

Now for more than a month the U. N. has ignored the report turned in over the signature of Harry Anslinger, chief commissioner of our Bureau of Narcotics and U. S. representative on the U. N. Commission on Narcotic Drugs. The protests of Russia's Vasili M. Zonov and Sovietized Poland's Mrs. Maria Kowalczyk on April 17 apparently have silenced the entire U. N. and its special commission. Why?

-:-

HOW CAN this special commission be silent when Anslinger, as scientific a sleuth as was ever produced anywhere and certainly one of the worlds authorities on this debilitating weed, names dates, places, officials and conferences at which the Peking government deliberately planned the opening of vast underground markets for opium in the U. S.

For one complete month, the world authorities in the U. N. have overlooked a flat charge Anslinger made on Page 16 of his 24-page report.

There he said: "Large quantities of herion have reached the U. S. from Communist China.

"Emissaries have been sent to the U. S. to arrange for the details of the smuggling transaction. . ."

Anslinger revealed that he has the living evidence to prove these ghastly serious charges. As late as last November 9, his agents seized a Soviet Chinese courier on the SS President Wilson in San Francisco Bay.

-:-

THIS CHINESE had heroin picked up in Hong Kong and manufactured in Communist China, Anslinger charges flatly.

"That the U. S. is a target of Communist China to be regularly supplied with dollar - earning, health and morale-devastating heroin" is shown by Anslinger, who also reveals that the opium money is for China's "fundamental construction for fiscal 1953."

There were "secret meetings in Peiping on December 5. . . presided over by Po I Po, chief of the (enemy's) finance division," Anslinger told the Narcotics Commission.

Then he named the five other high Peking government leaders at that session, including Yeh Li Chuang, chief of its Foreign Trade Division.

To smuggle this opium into the U. S., and to the South Korean and South Asian war zones, the Peking government, aided by Russia, charters planes and used the very ships which are being discussed at senatorial hearings in Washington.

Corroboration of all this can also be gotten from the AFL sailors who man our freighters plying the Asiatic waters.

the revenue obtained from the sale of narcotics abroad for fiscal 1952 reached approximately $70 million American dollars, out of which $30 million were sent to the Chinese Communist regime and the rest was spent for party activities as well as information collection; that the largest outlet was Southeast Asia countries, followed by Japan and the U. S.

It was decided at this conference that the sales method would be changed and the business would be conducted exclusively by the Overseas Trade Division."

Why was this report buried? If we care little about espionage and sabotage in our factories, what about our youngsters in their schools?

Child Swimming Prodigy Dies

MIAMI, Fla. (AP)—Kathy Tongay, who learned to swim before she could walk and once made preparations to swim the English Channel, died yesterday, two weeks before her sixth birthday.

Homicide Detective Charles Sapp said the flaxen-haired child went into convulsions soon after returning from her daily swimming exercises and died en route to a hospital. He ordered an autopsy.

Sapp said the autopsy also was requested by the parents, Mr. and Mrs. Russell Tongay. The father had often been criticized for his handling of swimming careers he mapped out for his young children.

His first child, Russell Jr., died in 1945 and a doctor testified at the inquest that a cerebral hemorrhage, probably brought on by a head injury, caused his death.

Kathy and her brother Bubba, 7, swam several miles down the Mississippi River some years ago and in 1951 Tongay announced they would attempt to swim the English Channel but the project was abandoned.

Don't Mix Golf And Business

WASHINGTON (AP)—What do governors, a senator and a president talk about when they get together on a golf course?

"It was just a good sociable game, minus any business. We'd just comment on each other's game, such as 'You were in luck on that shot.'"

BG Graduates Wed At Crestline Church

Special to The Star

CRESTLINE — The chancel of Calvary Evangelical and Reformed Church was decorated with two seven - branch candelabra, beauty baskets of yellow and white gladioli and palms for the wedding of Miss Jacqueline Nelda Miller, only daughter of Mr. and Mrs. Howard E. Miller, of Crestline, and Philip James Mersereau, of Sandusky. He is the son of Mr. and Mrs. Marion M. Mersereau of Toledo.

The candlelight service was performed at 7:30 p.m. Saturday night by the Rev. W. L. Margard using the double ring ceremony. Mrs. M. V. Snyder, church organist, presided at the organ and Gene Gehrisch, was vocal soloist.

Miss Patty Thomas, of Brooksville, a sorority sister and college roommate of the bride's, was maid of honor, and Mrs. Richard Miller, the bride's sister - in - law, of Circleville, was a bridesmatron. Sara Jayne Miller, the bride's cousin, was flower girl. Lt Philip Reedolph, of Walbridge, a fraternity brother of the bridegroom's, was best man and ushers were Richard Miller, William Saylor of Toledo and Richard Cooper of Quincy, Mich.

Immediately following the ceremony a reception for 100 guests was held in the church parlors. Upon their return from a wedding trip, they will reside in Sandusky.

The bride is a graduate of Crestline High School and Bowling Green State University. She has been employed at the Art Schreck, Inc., here and is a member of Delta Gamma sorority. Her husband is a graduate of Toledo Devilbiss High School and Bowling Green State University. He is a member of Sigma Alpha Epsilon fraternity and is employed in the personnel department of the New Departure Co., Sandusky.

NOTICE—DITCH BIDS

Sealed bids will be received on the 18th day of May, 1953, at 10:00 o'clock a.m., at the office of the County Auditor of Wyandot County, Ohio, for the construction of the improvement or furnishing of materials: including new tile ditch, tile outlet structure and open ditch cleanout for the Kreisel Joint Marion-Wyandot County Ditch located in Grand Township, in Marion County, Ohio, petitioned for by Frank Kreisel and others.

Said bids shall be in writing on a form to be furnished by the County Engineer, and be accompanied with either, a deposit of money, or a certified check on some bank or a bill of current commercial exchange in an amount of three per cent of the bid, as a guarantee that, if the bid is accepted, the bidder will sign the contract for the performance of the work or furnishing of the material bid upon, and will furnish such bond to the County for the performance of the contract signed as may be required by law.

The Board of County Commissioners reserves the right to reject any or all bids.

By order of the Board of County Commissioners of said County.

Cut Off All Trade With Red China, Dulles Says

WASHINGTON (AP) — Secretary of State Dulles said yesterday the free world should cut off all trade with Communist China, but not all of that with Iron Curtain countries in Europe.

He told the House Foreign Affairs committee trade with China should be halted "to penalize her for her aggression and make her repent of her ways." But East-West trade in Europe, he added, could show satellite nations the "advantage of closer relations with the West."

Atomic Test Postponed

LAS VEGAS, Nev. (AP)—Unfavorable weather has caused a 24-hour postponement of an atomic blast scheduled for this morning at the Nevada Providing Ground.

The Atomic Energy Commission announced last night atmospheric conditions were such that desired data could not be obtained. It was the first weather-caused postponement of the spring series.

The shot, eighth of the series, is now set for about 8:30 a. m., Pacific Daylight Time, tomorrow, weather permitting. It's expected to be a big one. The 2,000 Army troops participating will be dug in 9,800 yards from ground zero, or nearly six miles away. In previous tests troops have been as close as 2,500 yards.

DILLINGER NOTE IN FORD ARCHIVES. Among archives made public at 50th anniversary of the Ford Motor Company in Dearborn, Mich., is this letter from John Dillinger to Henry Ford in 1934 when the famed bank robber and jail breaker was a fugitive. It reads, "Hello, Old Pal: Arrived here at 10 a.m. today. Would like to drop in and see you. You have a wonderful car. Been driving it for three weeks. Its a treat to drive one. Your slogan should be, Drive a Ford and watch the other cars fall behind you. I can make any other car take a Ford's dust. Bye-Bye, John Dillinger." Two months later the Public Enemy No. 1 was killed in Chicago.

Letters From Our Readers

FOR THE FUTURE OF YOUTH

Editor of The Star: Marion is really a city definitely on the up-trend. Business houses and factories are gradually on the increase. New homes are being built, and our city is finally beginning to wake up.

Along with this up-trend we are getting some lovely buildings and new schools, as well as a fine YMCA-YWCA, and a modern airport, with passenger flights in all directions, new hospital, etc.

But there is one thing which bothers me no little, and that is—will our citizens (mostly children) appreciate the fine advantages these facilities have to offer? One is inclined to speculate on this problem, when you notice the careless way in which some of the chilidren abuse property, instead of taking pride in these buildings, and realizing that such things as new schools, and other buildings, are put up in order that they may have a much better education, with the best lighting and working conditions.

As it happens, I live in the vicinity of the new Harding High School, and it has been possible for me to witness at first hand some of the destruction which our young folks have wrought upon this most modern of all institutions of learning. Windows broken, plumbing torn out, tools stolen, etc.

Now don't get me wrong. I like young people, and I like to see them have a good time. As matter of fact, I would not give two cents for a youngster who did not have at least some mischief in him, or her. But, I do feel youngsters could have just as much fun, if they would contribute their efforts to doing something constructive, instead of tearing things apart.

Where are the parents, that they allow their youngsters to do such things? It seems to me that since the last war, there are far too many women who have families who are pursuing business careers instead of looking after their children and homes.

My only hope is that young people be made to realize that all of

The World Today

Ike's Goal Is Word Peace

By DON WHITEHEAD
(For James Marlow)

WASHINGTON (AP) — President Eisenhower is striving today to translate into world peace the victory he won in Europe eight years ago. The man in the White House says that is his basic hope.

He won a military victory in Europe. But he found a military victory was not enough. It rarely has been in this old world.

It was on this date in 1945 that Eisenhower, then supreme commander of the Allied forces in Europe, accpted Germany's unconditional surrender.

He said in a victory order of the day: "The crusade on which we embarked in the early summer of 1944 has reached its glorious conclusion . . . Full victory in Europe has been attained . . ."

And so it seemed. Millions laughed and wept and celebrated around the world with prayers of thanksgiving. Troops who had come to know war as a way of life looked eagerly toward home, once they could comprehend the fighting actually was ended.

Oddly enough, while there were victory celebrations in Paris and London and New York and San Francisco and hundreds of towns and cities around the world—there was a strange quiet among the fighting men.

I remember in Germany on VE-day the men accepted the news almost stolidly. It was as though they just couldn't realize the fighting was over.

One soldier said: "I've dreamed about this day so long . . . Now that it's here, I don't know what I feel."

But within a short time it became apparent the victory in Europe was one of arms—and not of peace. Communism boldly rode to power in Eastern Europe on the force of arms and it spread fear and distrust among men as the Nazis had done.

Eisenhower, perhaps more than any other man, has a right to be bitter over Soviet corruption of the victory in Europe that could have symbolized world peace. It is little wonder he has warned this nation the Russians must show their desire for peace by deeds rather than words.

Eisenhower made it clear he no longer relies on the words spoken by the Russians. He made it clear he will judge them—and that the free world should judge them—solely on their acts.

In their words, the Communists have raised the hopes of peace in a world long weary of conflict and strife and deception.

But in their deeds? The Reds haggle on and on in the Korean truce talks. A Communist army invades the peaceful little kingdom of Laos and threatens the border of Thailand. There is fear that while the Reds talk of peace, they move behind their words to conquer Southeast Asia, and move no nearer to acceptance of a foolproof system of inspection for disarmament.

How well Eisenhower will succeed in moving toward the goal of peace no one can predict accurately. That depends largely on how much the men in the Kremlin want peace.

And only time will give the answer.

Program Given At Grange Meeting

A program was given by the past lecturers when Montgomery Grange met April 28 in the Grange hall. Past lecturers present included Mrs. Mary Thibaut, Mrs. Lila Oldham, Mrs. Josephine Wenig, Mrs. Grayce Kennedy and Mrs. Mildred Anderson.

Included in the program was a reading by Mrs. Anderson; a reading, "When Ma and Pa Were Sick," by Mrs. Kennedy; several stunts and relays led by Mrs. Oldham; a Sarah and Susie skit with Mrs. Thibaut reading, Mrs. Wenig at the piano and Mrs. Louis Snare leading the singing; and several amusing speeches by Mrs. Oldham and Guy Roux.

Plans were made for Rural Life Sunday to be observed May 18. A basket dinner at noon will be followed by a program in the afternoon at the Grange Hall. A report of the stock sale from which the Grange received $460 was given by Clifton Wenig. Plans were made to present pins to the 25-year members of the Grange. Mrs. Thibaut read a list of charter members and past lecturers. Appointed on the refreshment committee for the next meeting by Mrs. Mildred Murphy, home economics committee chairman, were Mr. and Mrs. Guy Roux and Mr. and Mrs. Willis Snare.

these fine projects are being constructed in order to help them, make things easier for them, and provide them with a very valuable education, which will be most useful to them in later life.

My school days were spent in an eastern city. I went to an old grammar school building which was three stories high, and only had nine class rooms, three to a floor. If we desired to use the wash room, it was in the basement. We had cloak rooms, but not the fine private lockers which are now located in the school corridors.

Then in high school partitions were so thin on one floor, between class rooms, that we could hear the teachers talking in the rooms on either side of the one we were in, and as our English teacher's voice was very low, you can imagine what a problem was thrust upon us when we attended that class.

In closing may I just say to the young people of Marion: Take pride in your schools, YMCA and YWCA, and other public buildings. Don't destroy them. They are erected for you, so let's take care of them and not ruin things which many other cities this size would give their eyeteeth to have.

Let's take pride in our city and make it worth while.

Browns' Rookie Throws No-Hitter in Major League Debut

Bobo Holloman Handcuffs A's; Faces Only 31 Men

By BEN PHLEGAR
AP Sportswriter

Bobo Holloman of the St. Louis Browns pitched himself a no-hitter in his first major league start last night and the big test now will be whether he can survive it.

Holloman, a fun-loving Georgian nicknamed after the last Brownie hurler to pitch a no-hitter jumped from low man in the bullpen to pitching glory in nine hitless innings against the Philadelphia Athletics. He faced 31 men. Three of them walked one reached first on the pitcher's own error. St. Louis won, 6-0.

The big right-hander now will have to whip the jinx that befell the last pitcher who opened his major league starting career with a hitless performance.

In 1892, far enough back that baseball historians don't recognize it as "modern times," Charley Jones broke in with Cincinnati with a no-hitter against Pittsburgh, although Pittsburgh scored one run.

Jones won only one other major league game and was out of the big leagues by 1894.

In addition to this king-sized jinx, consider the pressure Holloman will face the next time he pitches:

A rookie is on the spot every time he starts a game.

A rookie with a buildup is on more of a spot.

A no-hit pitcher often gets into trouble his next couple of games. Virgil Trucks, now of the Browns, pitched two no-hitters for Detroit last year but his record for the season was a poor 5-19.

A rookie, such as Holloman, who pitched a no-hitter in his first start will have all of these things going against him the rest of the season.

Holloman's performance overshadowed the rest of the major league activity yesterday but for the record Detroit defeated Washington, 8-4, and Chicago stopped Boston, 6-2, in the American League, and Brooklyn whipped St. Louis, 7-3, and New York whipped Chicago, 8-5, in National League games.

Cleveland and New York weren't scheduled in the American League while rain halted the other two National League games. Philadelphia was leading Cincinnati, 2-0 season after winning 16 and losing seven for Syracuse of the International League in 1952 and pitching Santurce of the Puerto Rican League to the Caribbean championship this winter.

Billy Pierce of the White Sox, one of two American League pitchers to hurl a one-hitter this season, won his fourth game of the year as he set down the Red Sox on six hits. A pinch-hit home run by Del Wilber with a runner on base cost him a shutout.

Ned Garver won his second straight for Detroit after three early-season setbacks, scattering 10 Washington hits and driving in two of the Tigers' eight runs on a homer in the eighth inning.

Brooklyn, where "rhubarb" was first applied to a baseball argument, had another one last night. St. Louis finished the game under protest after a sixth-inning set-to during which Cardinal Manager Eddie Stanky and catcher Del Rice were chased from the park.

They were ousted for arguing with Umpire Jocko Conlan, who had waved Jackie Robinson home from third base after a collision with Cardinal shortstop Solly Hemus. Hemus sprawled head first in the baseline, diving for a drive off the bat of Roy Campanella Robinson, running from second, collided with him and fell down. Conlan ruled Hemus had obstructed the base runner.

Duke Snider and Gil Hodges hit home runs for the Dodgers. Rookie Ray Jablonski hit two for the Cards, who got only five hits off Carl Erskine.

The Giants battered six Chicago pitchers for 15 hits as they handed the Cubs their seventh straight loss. The victory moved the Giants up to sixth place and pushed the Cubs down to seventh.

SHORT SPORTS

By John Short

SHORT

We spent a recent week end in Columbus with a group of friends and acquaintances from the OSU campus. The group included a pair of newsmen, a young attorney, a medical student and one member of the coaching profession.

The coach, employed by a junior high school in the Columbus school system, mapped out the evening and took special care in setting up our agenda.

He explained that he had recently had a little trouble with parents of one of his junior high school cagers. Seems he had been seen in a small neighborhood tavern, watching a telecast of a prize fight and enjoying a sample of the sponsors product when it happened.

The father of one of his charges entered and sat at the same bar. After watching about eight rounds of the scrap and downing a jug each round, the father stalked up to the coach, whom we know to be a very light imbiber, and accused him of being unfit to handle the young junior pupils because he was drunk.

Now that strikes us as being the action of a downright nasty character,. who enjoys making life miserable for his fellow man. However, we have noticed that many parents, and the public at large, expect coaches and school teachers, to be just a little above average as a human being.

One beer and a coach is a drunkard and one loss of temper, he's an irritable cuss and too dangerous to be in charge of youngsters.

We can't stand still for that idea. It has been our privilege to work with a lot of coaches, both high school and junior high school, during the past few years. Thus far, we have never met one who was the slightest bit different from the average man on the street.

We've never seen a coach intoxicated. We've never seen one strike any of his charges. We've never seen any of them deprive his family of food or shirk his other responsibilities.

And in four years of scanning police and highway patrol reports, we have never seen a coach charged with speeding or any other violation. That's a claim every few of us can make. Before any reader, who might fit the description already given blows his stack, check with our local police and patrol.

Rain Halts Redlegs Again

Postponement Robs Roberts of 2-0 Lead

PHILADELPHIA (AP) — Maybe those rains which have been piling up postponed games for the Cincinnati Redlegs aren't too bad after all.

Wednesday night's rain came when the Redlegs were bucking the pitching or Robin Roberts, just about the hottest hurler in the National League, and they were trailing by 2-0.

It wasn't a particularly bright outlook for the Cincinnatians but when the umpires called off everything in the third inning the play that far turned out to be just so much wasted effort.

And the Rhinelanders had some encouragement in the fact they won't have to face Roberts in the current series. They'll wind it up today with Steve Ridzik of the Phils facing either Harry Perkowski or Harry Erautt.

Manager Rogers Hornsby still blamed the weather for the sad showing of the Cincinnatians thus far.

"We'll start to roll as soon as we can get six or eight straight games under our belts," he said. "I still believe we have a better ball club than the Braves, Pirates or Cubs."

Protests Game

Stanky Blows His Stack Over Decision by Umpire

By JOE REICHLER

BROOKLYN (AP)—Can a fielder obstruct a base runner while lying on the ground?

The question was raised by St. Louis Manager Eddie Stanky today following a decision by Umpire Jocko Conlan in last night's game between the Cardinals and Brooklyn, won by the Dodgers, 7-3.

The decision set off a heated argument between Stanky and Conlan that resulted in the manager's expulsion and his official protest of the game.

Here is what happened:

The Dodgers were batting in the sixth inning with Duke Snider on Third, Jackie Robinson on second and Roy Campanella at Bat. Campy smashed a hard grounder to the right of shortstop Solly Hemus, scoring Snider.

Hemus dove headlong for the ball, which eluded his glove. Robinson collided with him while he was on the ground and he, too, was knocked down, but regained his feet and stumbled to third.

Third Base Umpire Tom Gorman made no call on the play but Conlan ran down the baseline and waved Jackie home, ruling that Hemus had obstructed the runner. Stanky catapulted out of the dugout and argued in vain with Conlan. The expulsion and protest followed.

"I based my judgment on obstruction," Conlan explained later. "The ball was past the infield. I don't say that it was intentional but Hemus already had a chance to field the ball and Robinson couldn't change his direction."

Stanky hit the roof when Conlan's explanation was relayed to him.

"Hemus was diving after the ball," he said. "How he can obstruct anybody while lying on the ground I don't know. The way I see it, the rule applies only to intent of interference or obstruction. Even Conlan admits there was no intent."

Rule 706 (A) states: "A batter who has become a runner is entitled to unimpeded progress as he advances around the bases. Whenever a defensive player impedes the runner in any way, unless he is attempting to field a batted ball or has the ball in his possession, the umpire shall call obstruction. . . ."

was leading Cincinnati, 2-0, when the game was canceled after 2½ innings. Milwaukee and Pittsburgh were tied, 1-1, after three innings.

A cozy gathering of 2,473, including Holloman's wife Nan and his 6-year-old son Gary Lee, witnessed the St. Louis spectacle and will be able to come back to see another game free.

Owner Bill Veeck told the small crowd he was grateful they had defied threatening weather to come out and issued an invitation for them to use their rain checks to come back again sometime.

Bobo Newsom was the last Brownie hurler to pitch nine no-hit innings but he lost the game—against the Red Sox in 1934. He gave up a safety in the 10th and got beaten, 2-1.

The last St. Louis pitcher to win a no-hitter was Robert Groom again the Chicago White Sox. Holloman's epic came 36 years to the day after Groom's.

Holloman, whose given name is Alva, came up to the Browns this

peated warnings for eye gouging. The disqualification came after 21 minutes. He copped the second fall after only nine minutes by throwing Geigel into the turnbuckle and using an arm twist.

Karl Von Schober won the one-fall match from Tommy O'Toole with a back breaker after 15 minutes.

No decision was notched in the other 60-minute scrap. Bobby Ford was drop kicking Johnny Swenski when Swenski ducked and Ford's back was injured. He had to be carried from the ring and was unable to return for the second fall. Swenski refused to accept the decision.

"I'll Make Him Fight"

Marciano Will Chase Walcott If Necessary

By JERRY LISKA

HOLLAND, Mich. (AP)—If Jersey Joe Walcott decides to hit and run in their coming heavyweight title bout, Champion Rocky Marciano will storm in flailing pursuit to "make him fight."

They meet a week from tomorrow night at Chicago Stadium with Walcott seeking to become the first man ever to regain the heavyweight crown.

"I know Walcott can change his style a lot, but I can't," said Marciano today.

"If he doesn't make it a fight, I'll have to. I'll need to go after him and make him fight. No matter what he does, though, I'll try to nail him from the start."

Reports from Walcott's Chicago camp hint strongly 39-year-old Jersey Joe will try to outbox Marciano for a 15-round decision instead of blasting away for a knockout as Rocky himself exploded in their brutal fight at Philadelphia last fall.

Marciano, now rated an 18-5 favorite, doesn't figure Joe's famed sideways and forward shuffle, used only once in their first meeting, would trouble him if Walcott gets fancy this time.

"Whether he's jigging or not, he has to come near me to hit me," said Marciano. "And when he's near enough to hit me, he's near enough for me to blast him too."

Rocky's manager, Al Weill, leaped into the conversation. "That Walcott can shuffle off to Buffalo as far as we're concerned," snorted Weill. "You can say that other guys have tried to dance and dodge, but Rocky knocked out 38 of them and he's undefeated in 43 fights."

Roland La Starza, who dropped a split 10-round decision to Marciano in 1950 watched Rocky work out yesterday after a two-day layoff.

"He looks in fine condition and his punching is faster and his short work sharper than the last time I saw him," said La Starza, who reportedly will fight the winner of the Marciano-Walcott bout.

Marion Posts "Fine List" For Brownies

ST. LOUIS (AP)—St. Louis Browns players are now subject to fines if they fail to do five things while on the diamond.

Manager Marty Marion posted the "fine list" on the team's clubhouse bulletin board. One dollar fines will be levied for:

"Leaving runner on third with one or less out.

"Missing sign.

"Failing to bunt man over.

"Not running out any ball."

Pony League Try-outs Set For Saturday

13 and 14-Year-Olds To Compete for Spots In New Program

Try-outs for the Pony League, which is made up of 13 and 14-year old boys, begin at Lincoln Park Saturday.

Thirteen year olds will try out at 1 p.m. and at 2:30 14 year old boys will take their turn.

The 13 and 14-year-old boys will have the opportunity to try out for the four teams the next week also. Those try-out dates follow: Tuesday, May 12, 4:30 p.m., 13-year-olds; Friday, May 15, 4:30 p.m. 14-year-olds; and Saturday May 16, 1 p.m., 14-year-olds; 2:30 p.m., 13-year-olds.

The Pony League will begin this season as soon as a new diamond is built. The new diamond site at the Veterans Housing unit on Fairground St. is now being filled and grading will follow. Opening of the Pony League will probably be delayed until after the Little Leaguers are playing due to weather and other circumstances.

Managers for the Pony League team are Don Kay, Max Roseberry, Bob Shoemaker and Joe Roseberry. They are choosing their coaching staffs and drawings will soon be made to allot the managers to specific teams.

The Pony League will cover those boys becoming too old for Little League Baseball. Boys not becoming 15 years old before Aug. 1 of this year who reside in the Marion city school district are eligible for play in the league.

Teams will be chosen in exactly the same manner as Little League squads with the team managers, after seeing the boys in tryouts, buying the players. Each manager will be alloted 40,000 "points" or "credits" at the beginning of the season with which to purchase the players.

The Marion Little League Baseball Commission recently voted to change the name of the commission to Baseball for Boys Commission, since the program included more than just the Little League. They adopted the slogan, "Baseball for Boys in Marion," since it is descriptive of the aim to provide organized, supervised baseball for boys in all ages up to 16.

A successful "Baseball for Boys" fund drive in the near future will mean it will be possible to light the new field in time to

Indians Head For Minors

Scheduled to Play Indianapolis Farm

INDIANAPOLIS (AP)—It was back to the minors today for all the Cleveland Indians except their pitching Big Four and slugger Al Rosen.

But, in spite of Tuesday night's 11-1 flop against the New York Yankees, all of the players will move on to St. Louis for resumption of major league competition Friday night against the Browns. The Big Four, and Rosen—who has a stiff neck—will meet the rest of the club there.

The Indians, unscheduled in the American League for the second day in a row, are here to play their Indianapolis farm club in the second half of a twinight doubleheader. Indianapolis and St. Paul play an American Association contest as the opener.

600 Thinclads In Miami U. Track Meet

Springfield Favored To Carry Home 5th Straight Crown

OXFORD, O. (AP)—More than 600 youngsters from at least 57 high schools will compete Friday and Saturday in the 19th annual Miami University invitational track and field meet.

Springfield, winner of four straight relay titles this season, is expected to successfully defend the Class A laurels it has captured here eight times, including the last two years. Xenia Woodrow Wilson, Lockland and Wyoming are slated to fight it out in Class B.

Preliminaries will be held Friday at 2:15 p. m. in the 100, 220 and 440-year dashes, the high and low hurdles and the 880-yard relay for each division. Field event preliminaries are set for 9:30 a. m. Saturday, with all finals scheduled at 1:30 p. m. A dual meet between Miami and Ohio Universities will be held in conjunction with the finals.

The Class A entry list includes: Anderson Twp., (1950-51 Class B winner); Central, Hughes, Norwood, Purcell, Roger Bacon, Walnut Hills, Western Hills, Withrow and Woodward of Cincinnati; Cleveland John Adams; Dunbar, Fairview, Kiser, Roosevelt, Stivers and Wilbur Wright of Dayton; Delaware Willis, Fairborn, Grove City, Hamilton, Hillsboro, Middletown Milton-Union, Springfield and West Carrollton.

In Class B are Ansonia, Bradford, Camden, Centerville, Chesapeake, Cincinnati Deporres and Indian Hill, College Corner, Covington, Dayton Jefferson Twp., Greenhills, Lockbourne Hamilton Twp., Lockland, Magnetic Springs, Mariemont, New Madison, North College Hill, Newton Local (Pleasant Hill), Painesville Harvey, Reading, Seven Mile, Trenton, Trotwood, Madison, West Alexandria, Wyoming, Xenia Woodrow Wilson and Lanier.

New Softball League Ready For Campaign

RICHWOOD—At a recent meeting held at North Lewisburg, a new softball league was organized for play this season.

The league will be known as the Tri - County League and will include the following teams: Howard Bond of Urbana, Mechanicsburg, North Lewisburg Firemen of Champaign County, Middleburg, East Liberty Boosters, DeGraff Merchants of Logan County, Western Auto of Marysville and Gruber-Reidenbaugh Pontiac of Richwood.

The league has adopted its bylaws and set up a schedule for the coming year. Its officers consist of Don Inskeep of East Liberty, president; John Westfall of North Lewisburg, secretary and treasurer; and the advisory board of Charles Murray of Richwood, Don McCauley of Urbana and Warren Smith of Middleburg.

The teams making up the league have all had success in District Tourney play. In the last six years, North Lewisburg, Mechanicsburg, Middleburg and East Liberty have divided the district championship between them. Richwood has been in the semi-finals the last three years.

Several top-notch pitchers are members of these teams. John Steele, Bob Jennings, Bob Converse, Dan Welty, Phil Ferryman, John Moats, Bud Thorpe and Bob Finch all will compete.

The league will play two rounds with the winner receiving a trophy. The Gruber - Reidenbaugh Pontiac team of Richwood will play all of its home games at Prospect.

Buckeyes Take On Undefeated Teams

CHICAGO (AP)—Northwestern and Wisconsin, the Big Ten's only undefeated baseball teams, will take on Ohio State's pennant contenders this week end in major games of the conference program.

Northwestern has a doubleheader at Ohio State Saturday and Wisconsin visits the Buckeyes for a single game Friday.

Rain forced cancellation of four games thus far for both Northwestern and Wisconsin. They are leading the flag chase with 2-0 records.

Ohio State has played a full schedule to date and has a 5-1 mark.

Rain Holds Up Class B Action

UPPER SANDUSKY — District Class B baseball tournament games rained out Tuesday were again canceled Wednesday because of wet grounds. A heavy rain earlier in the day had quit by game time but Harrison Smith park was a sea of mud.

The "Tuesday" games, Ottawa Parochial meeting Ontario and Sycamore against Alger, were reslated for this afternoon at 1 and 3 p.m. "Thursday" games, Mt. Zion against the Ottawa-Ontario winner and Nevada against Lexington may be played Friday if the winner of the Otawa-Ontario game has a first string pitcher ready after playing today.

The 1942 West Virginia basketball team set a school record with 80 points in one game. The 1952 Mountaineers averaged 80.4 points over a 27 game season.

TO APPEAL CONVICTION

CLEVELAND (AP) — Fined $500 and sentenced to six months in the workhouse, Charles Russo, 38, a Democrat election booth judge, planned today to appeal his conviction for fraud in the 1952 primary vote. A jury of seven women and five men took two hours Wednesday to agree Russo had pencilled in "Xs" for his candidate on 23 ballots which the voters had cast with those spaces blank.

USTA Lifts Suspension At Fort Miami

Former Operator Pays Money Due From Purses

COLUMBUS, O., (AP)—The U.S. Trotting Association Wednesday lifted the suspension of Sam Cordovano, former operator of Fort Miami Track at Toledo.

Don R. Millar, executive vice president of the association, told the Ohio Racing Commission Cordovano had paid the USTA $34,698.50 for distribution to horsemen who won purses at Fort Miami in 1951.

Cordovano was suspended when he defaulted on the payment of purses and other expenses. Millar said Wednesday's payment by Cordovano resulted in an automatic lifting of the suspension.

The payment was made just before the racing commission heard testimony that Cordovano had received about $50,000 from the operation of the Fort Miami track last year. The suspended operator had leased the track to Illinois Rep. Carl H. Preihs for one per cent of the pari-mutuel handle, documents placed before the commission showed.

Preihs, following weeks of controversy over the lease and other angles, sold the raceways stock to Edwin T. Keller, former Ohioan now of Norway, Me., and Ben Reisman of Buffalo, attorney for the Jacobs Brothers' concessionaire firm. Keller and Reisman, as 50-50 partners, now are operating a running meeting at the track.

Pinch-Hit Triple Whips Toledo Sox

By The Associated Press

Joe Montalvo's home run in the seventh inning provided Indianapolis with a 5-4 victory over St. Paul Wednesday night and pushed the Indians into first place over the skidding Saints.

The Tribe climbed on top in the American Association with a .625 percentage compared to .611 for St. Paul.

Indianapolis, outhit 13-6, scored four unearned runs in the fifth and after the Saints had tied the score, Montalvo slammed the decisive homer.

In the only other game played, pinch-hitter Chico Ibanez slammed a two-run triple in the 13th inning to give Minneapolis a 3-1 triumph over the Toledo Sox.

Rain washed out Kansas City at Charleston and Louisville at Columbus.

CHANGING NATURE

HOPE VALLEY, R. I. (UP) — Engineers re-building Route 3, which cut diagonally across the state, are shaping a river to fit a bridge. They are straightening 1,200 feet of the Wood River to build a new bridge over it. It's less expensive than building a bigger bridge.

Bratton Seeks Early Kayo Over Minelli

CLEVELAND (AP)—Welterweight Johnny Bratton is swinging for a fast knockout tonight in a "big" fight that he hopes will vault him into a title scrap with champion Kid Gavilan.

Bratton is going after Livio Minelli, a good Italian fighter who himself came close to beating the "Keed" in the same ring, at Cleveland's Arena. If Bratton can do what he hopes, it will be his 33rd knockout in 77 professional fights.

The fight will not be televised or broadcast.

Galion Team Wins From Willard, 4-1

GALION—The Galion High School baseball team defeated Willard here Wednesday, 4-1. The game was played at Heise Park.

Randall Vance, winning pitcher, allowed one run, struck out 14, and walked three. Bogner, losing pitcher for Willard, allowed two runs, struck out one Galion man. Miller, pitching one inning, allowed two runs, and walked one. Willard and Galion teams both had five men left on base.

Galion had four runs, two hits

BOWLING

Action in the Craftsman League closed Tuesday at Marion Recreation with Maynard Snyder hitting 263, one of 19 games over 200 rolled. Snyder was tied by Bob Shoemaker for series honors with a 622. Four other 600 series were posted. Spotless Cleaners hit 1026 and Carroll's Jewelry cracked 2710 to pace the teams. K of C won the league crown with a 63-42 mark and was followed by Spotless Cleaners, 61½-43½, and Carroll's Jewelry, 56-49.

The Automotive League concluded action Tuesday as Earl Drumm hit 212 and Gene Martin posted 542. Drumm Nash, which won the league flag at 92-48, registered 889-2574. Fleet Service ended up in the runner-up spot with 85-55, slightly ahead of Lautenslager's, 83-58.

Lawrence Wuescher's 193 and R. Mick's 537 annexed honors in the Nite Shift Legue which concluded action with a session Monday at Palace Recreation. Nite Hawks took team laurels with 835-2394. Erie No. 3 won the league with its 61-44 mark. Erie No. 2 placed second with 57-48 and Nite Owls came in third at 54-51.

Gets Chance After Begging Starting Job

ST. LOUIS (AP)— Rookie Bobo Holloman, who has banged on the manager's door for two weeks pleading for a starting assignment, threw the portal of fame wide open Wednesday night by pitching a no-hitter in his first major league start for the St. Louis Browns.

The 27-year-old right hander did it with fast balls, sinkers and curves—and some splendid fielding support—against the Philadelphia Athletics for a 6-0 triumph that's unmatched in modern baseball annals.

For two weeks Holloman has pleaded with Manager Marty Marion for a starting assignment. "I'm not a bullpen pitcher," said Holloman. "I'd rather be in the minors than in the bullpen."

"That's right, " confirmed Marion. "He's come into my office every day asking 'when am I gonna start?'

"He sure made a bum out of me tonight!"

3 Ohio Edison Linemen Killed Near Girard

YOUNGSTOWN, O. (AP)—Dangling wire of a new line Ohio Edison Co. workers were installing near here Wednesday touched a high-voltage line and carried death to three of them and critical burns to two others.

Killed were D. J. Vogelsand, 41, of suburban Poland, and Albert Taylor, 27, and William James Smith, 26, both of Youngstown.

Critical at St. Elizabeth's Hospital were Charles McIntee, 40, and Ernest Sferra, 31, both of Youngstown.

Lloyd Geiber of Youngstown, another lineman, was stunned by the shock, but regained consciousness and helped in efforts to revive his fellow workers.

The accident occurred seven miles north of here near Girard Lake.

Ohio Edison Co. officials said the men were standing on the ground pulling a new wire across the cross arm of a pole when the line sagged or was blown against one of two 4,800-volt live wires. The electricity surged through the uninsulated wire the men held in their hands.

Sailor's Illness Defies Diagnosis

WASHINGTON (AP)—A 21-year-old Circleville, O., sailor has been at the Bethesda Naval Hospital for nearly two months and doctors still are unable to pin down the exact nature of his illness.

Navy doctors told a reporter today Wesley A. Hill still is undergoing "diagnostic studies."

Young Hill was flown here from French Morocco March 17 for treatment of a rare skin disease.

Before that, he had been in a hospital at Port Lyautey in French Morocco. Hall was a member of the crew of the U. S. destroyer Brenner when stricken.

Doctors said he is up and about, but that his condition is "not considered too good."

Crawford Co. Deeds To Be Transcribed

Special to The Star

BUCYRUS—A project to transcribe geographical indexes of Crawford County deeds and mortgages, dating back to 1816, will get underway here May 18, county commissioners announced here today.

The work will be done by the Cott Index Co. of Columbus at a cost of $10,000. The project will take about one year to complete work on the first 19 of 43 index books. To transcribe completely the 43 indexes would require about five years' work, representatives of the Columbus firm reported. A similar job was completed recently in adjoining Wyandot County

Plan Contest For Students

Grocery Sponsors Sesqui Event

A contest for students of Ohio elementary and high schools with $2,400 in U. S. Savings Bonds as prizes, was announced today by Big Bear stores through the local store manager. The contest consists of completing the sentence, "I am proud to live in Ohio because . . ." in 50 words or less.

The contest is staged in connection with the observance of the Ohio sesquicentennial and is aimed at stimulating study and interest in the achievements of Ohio in its first 150 years, the store manager reported.

All elementary, high school, parochial and private school students are eligible. Two hundred dollar bonds will be given to each first prize winner in the elementary, junior high and high school groups. There are 36 prizes for students, 12 in each eligible group.

Teachers of students winning first prize awards in each group will be given $100 bonds. Teachers of students winning second prizes will be awarded $50 in bonds. Entry blanks may be obtained at any Big Bear store and must be submitted not later than May 18.

Judges for the contest are James A. Rhodes, auditor of the state of Ohio, George Smallsreed, editor of the Columbus Dispatch, and Chet Long, radio and television commentator.

Prospect Seniors Will Make Trip To New York City

The senior class of Prospect High School will leave May 20 by rail for a four-day trip to New York City.

Members of the class are: Janet Ball, Lois Cloud, Geraldine Landon, Margaret Landon, Ruth Pfleider, Charlotte Reed, Margaret Ruhl, Eleanor Williams, James Almendinger, Harold Anderson, Robert Birchfield, Robert Carr, Howard Graham, Paul Harmon and Thad Sobers.

The group will be accompanied by Mr. and Mrs. George Reed and Mr. and Mrs. Robert Kelly of the high school faculty.

Funds for the trip have been raised by class plays, selling Marion County Fair advertising, candy sales at basketball games and by bake sales during their four years in high school.

Crestline Council Talks Over Hospital Levy

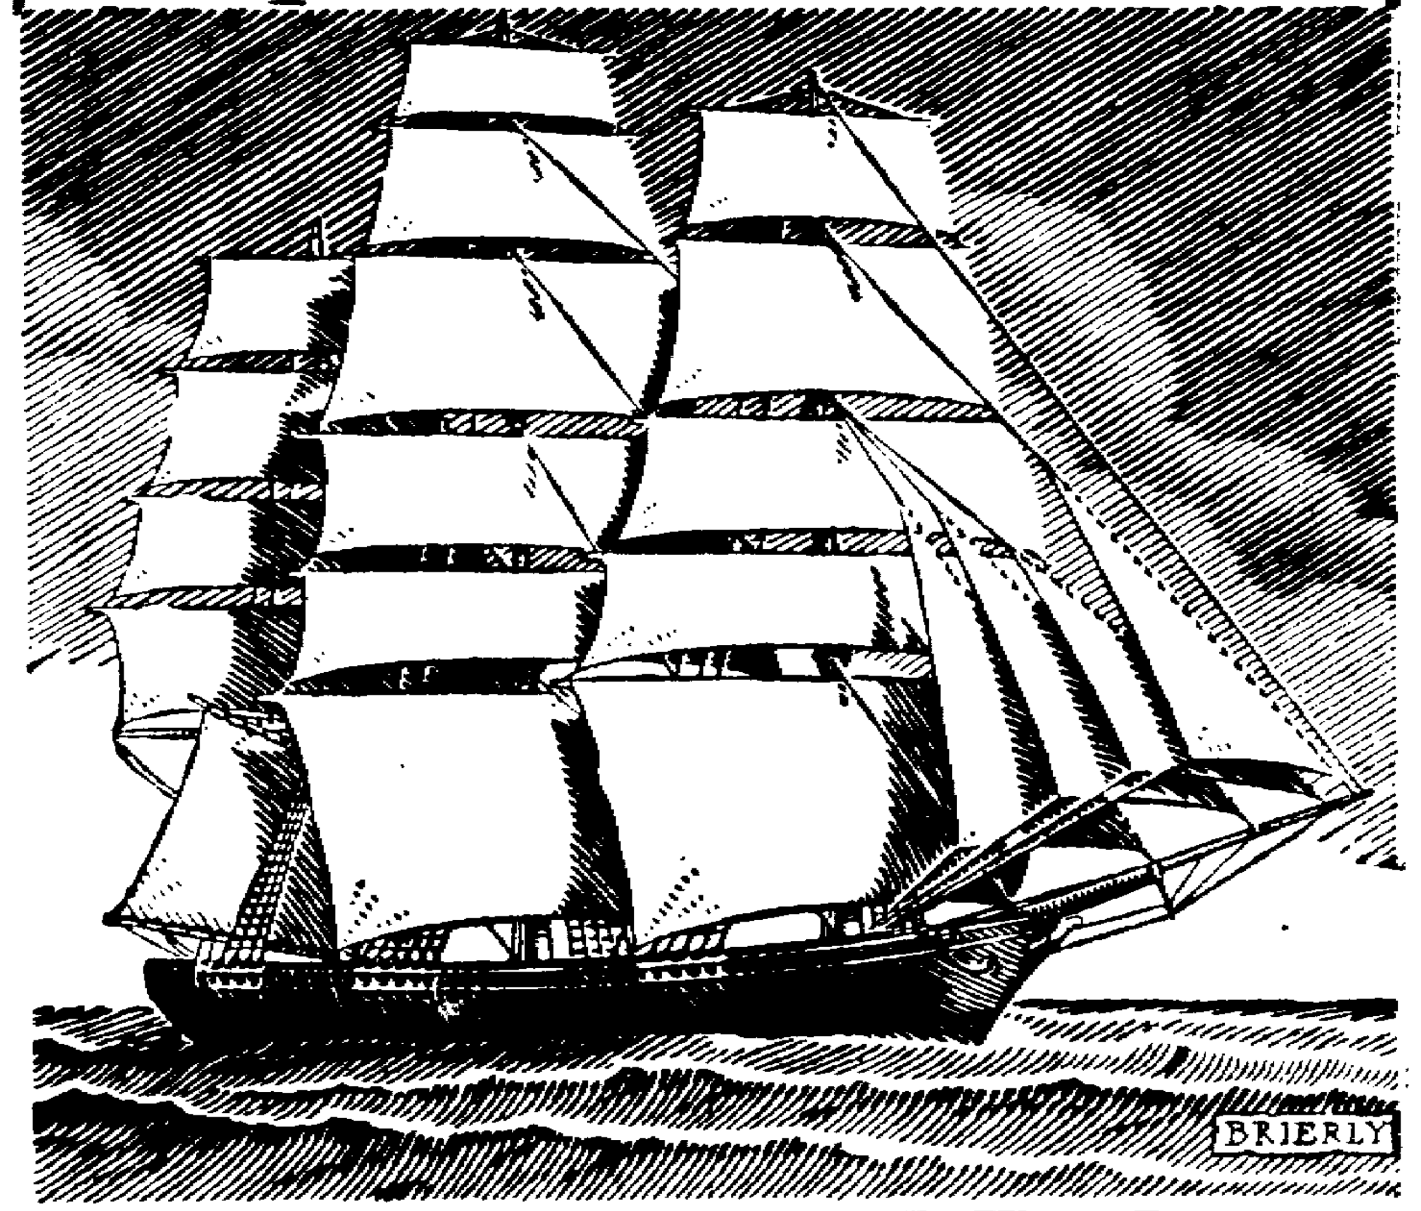
CRESTLINE — A group from Emergency Hospital were present at the meeting of Crestline Council Monday night in regard to a bond levy for the fall election for a new hospital here.

This was referred to the finance committee and the City Solicitor F. B. Cattey to discuss plans and report to council.

The pay ordinance of $1,855.60 was allowed. Mayor Nelson Lee reported $352.45 in fines for the month of April.

Bids for 1100 gallons of oil for unpaved streets will be advertised. Any property owners wanting alleys oiled are to report to clerk, Marie Schill, and pay for the oil before it is put on.

Ships of America ---9



The CUTTY SARK

AP Newsfeatures

When the Cutty Sark was launched, in 1869, lucrative trade with the Orient for sailing ships was near its end. This was the same year in which the Suez Canal was opened. For some time, steam ships had been competing for world trade, but to date, with the speed of the clippers and with the great difficulties of re-fuelling which the steamships faced on long voyages, it had been impossible to capture the China trade. The Suez Canal, cutting off thousands of miles, ended these difficulties. In addition to this, the large crews of seamen necessary to handle the multitudinous sails on the clippers made it impossible to reduce their freight rates to those which the "Iron Boxes" charged. Thus, the full-rigged ship was outmoded and eventually disappeared.

Junior-Senior Program Scheduled at Bucyrus

BUCYRUS — Plans for the annual Bucyrus High School junior-senior reception were announced today by Robert E. Caldwell, chairman of arrangements.

The festivities will be held Friday night, May 22, and will begin with a dinner at Good Hope Lutheran parish house followed by a dance at the high school. Members of the two classes then will go to the Tri-City Drive-In theater, east of Bucyrus, after which breakfast will be served at the Elk's home.

A similar program was carried out last year.

IN THE SERVICE

Sfc. Eugene L. Clark has returned to Ft. Leonard Wood, Mo., after spending a furlough here with his wife, Mrs. Ruth E. Clark, and family, who reside at 120½ Reed Ave. In service nine years, Sfc. Clark is an instructor in the mechanics of Army heavy equipment and is at present assigned to the Sixth Armored Division at Ft. Leonard Wood.

Pvt. Fredric F. Haas, U. S. Army, has arrived overseas for service in Korea, according to information received by his father, Fred P. Haas, 202 Forest Lawn Blvd. He is with the 224th Infantry Regiment. Entering service Oct. 16, 1952, he received his basic training at Indiantown Gap, Pa., and left the States for overseas duty on March 24. A graduate of Harding High School, he was employed at the Quaker Oats Co. plant prior to entering service.

Pfc. David E. Cheney, 22, son of Mrs. Miriam Cheney of 232 Hane Ave., and husband of the former Miss Gloria Reams of Marion, is taking part in operation Sea Jump, the largest Navy and Marine Corps training exercise ever staged on the West Coast. He is a radio telegraph operator. Pfc Cheney and his wife reside at San Diego, Cal. Serving in the Third Engineer Battalion, a unit of the Third Marine Division, the local Leatherneck joined 24,000 Marines in an amphibious assault on Aliso Beach near Oceanside, Cal., on D-day, May 5. Sea Jump, a graduation exercise for the division, completes a 14-month curriculum of beach, desert, snow and atomic training.

DOG'S BEST FRIEND

GREENSBORO, N. C. (UP) — Dogcatcher Gray Fulk is popular with the hounds. He sold Hobo, a Spitz-like dog twice only to have Hobo return to the pound and try to get back in his cage. The record is held by Butch, a white German Shepherd. Six times people have bought Butch from Fulk and six times Butch returned to the pound.

Road Closed For Repairs to Bridge

Temporary closing of County Road 140-A, while a bridge just east of Waldo is under repair, was reported today by Marion County Engineer Reed Ours.

Closed since Monday, the road will not be open to traffic for approximately two weeks, the engineer said.

County workers have been replacing the bridge flooring. While engaged in this repair work, the engineer discovered that steel floor stringers, steel shoes and the abutment need replacement.

Ours reported the repair work to the bridge was scheduled now in an effort not to conflict with crop hauling expected later this summer.

Cost estimate of the repair work was not available.

Check Your Car For Safety, Police, Patrol Chiefs Urge

Cpl. Doyle M. Dewalt, commander of the state patrol's Marion station, and Police Chief Tom Coon of the Marion police department today suggested motorist check their automobiles for mechanical defects.

They suggested the following ten points for a safety inspection:

1. Brakes should take hold evenly on all wheels. The hand brake should be able to hold the car on any hill. Brake fluid should be clean and at the proper level.
2. Headlights should be at th proper level for maximum road illumination and minimum glare. Lenses should be clean and reflectors bright.
3. Rear and stop lights should operate properly. Directional signals also should be checked.
4. Tires should be checked for wear and proper inflation.
5. Wheel alignment should be tested on testing equipment.
6. A qualified mechanic should completely check the exhaust system and muffler.
7. Windshield wipers should be clean, with blades checked after the heavy winter.
8. All glass should be clean, free of cracks or discoloration. At this point, check for unauthorized stickers on windshield.
9. The horn, while it should not be an annoyance to others, should be audible for 200 feet.
10. The rear view mirror should give a clear view of the road behind.

"We want to enlist the support of every motorist to have his car checked before he starts the heavy driving that usually comes with the warmer months," the corporal said.

"By keeping your car in safe condition, by cautious driving, you protect the most important people in the world, those who ride in your car," Chief Coon remarked.

Wedding Peformed At Salem Church

Special to The Star

UPPER SANDUSKY—David F Smith, son of Mr. and Mrs. Lawrence Smith of near Upper Sandusky, claimed for his bride, Miss Marilyn Lessig, daughter of Mr. and Mrs. Lloyd Lessig, of Marseilles.

The double-ring ceremony took place in the Salem Evangelical United Brethren Church, at 6:30 Saturday night in the presence of the immediate families. The Rev. Ted Wonder officiated.

Attending the bride as matron-of-honor was her sister-in-law Mrs. Richard Lessig, of Arlington. Kenneth Wenner, of Carey, cousin of the bridegroom, served as best man.

Immediately following the ceremony, a reception was held for the couple in the home of the bride's parents.

A graduate of Marseilles High School, the new Mrs. Smith is employed at Kimmel Cleaners. Mr. Smith was graduated from Bellefontaine High School and is employed as milk hauler for the Chief Dairy in this city.

Following a wedding trip to Florida they will be at home in an apartment here.

Meeker School Program Set

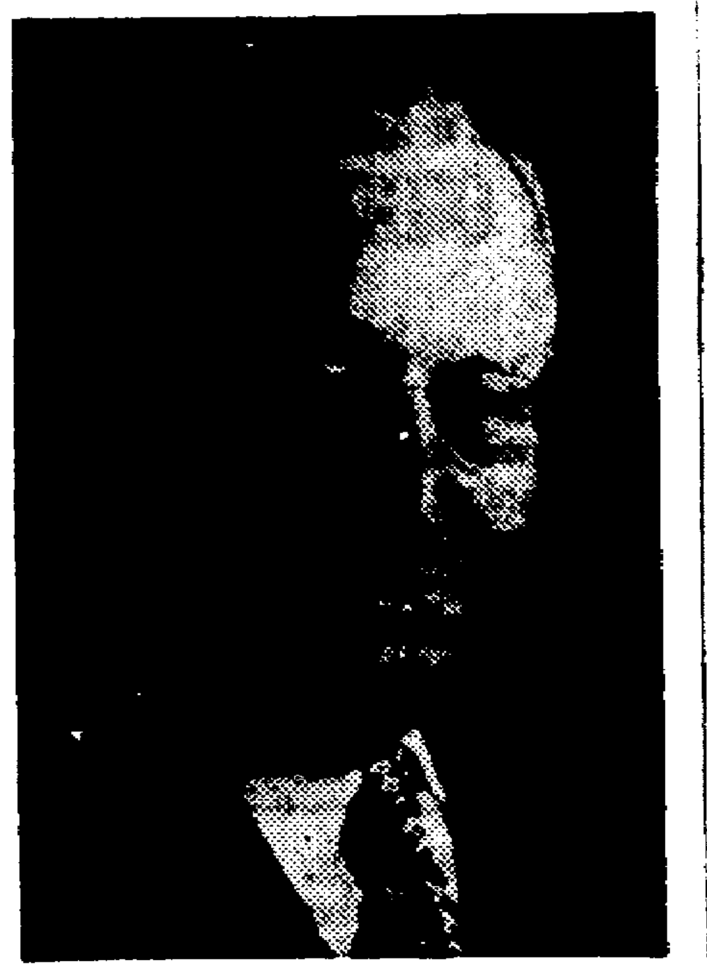
Baccalaureate and commencement services are scheduled at Meeker School next week.

The Rev. O. W. Robbins, pastor of the Meeker Methodist Church, will officiate in the baccalaureate service at the church Sunday at 2:30 p.m.

Commencement exercises will be held in the school auditorium Wednesday at 8 p.m. for five seniors. Speaker will be Dr. Harry Rahmann, a Celina, O., minister.

Joe Prettyman, president of his class, will give the valedictorian address and Dick Mawer the salutatorian address. Other seniors are Lowell Murphy, Doris Yost and Jacqueline Cooper.

Although the year in which many European wines were produced is important to their flavor, this usually is not true of California wines because of the uniformity of the climate.



FREDERICK H. ECKER

—:—

Insurance Firm to Honor Honorary Board Chief

The Marion District office of the Methropolitan Life Insurance Co. will be closed on the afternoon of May 7 to honor the 70th Metropolitan anniversary of Frederick H. Ecker, honorary chairman of the company's board of directors, it was announced today by W. H. Goodwin, manager of the Marion district office.

The career of Ecker, known as the "elder statesman of the financial world," has conformed closely to the Horatio Alger pattern. He joined the Metropolitan as a $4-a-week office boy on May 7, 1883. After advancing through many important positions, he was elected president of the company in 1929, became chairman of the board in 1936, and honorary chairman of the board on Jan. 1, 1951.

Upper Legion Plans Campaign for Memorial

UPPER SANDUSKY — The Wyandot Post No. 225, of the American Legion, will sponsor a fund-raising campaign for the project of erecting a new Crawford Memorial at Crawford, eight miles north of Upper Sandusky, on Route 23. Adjutant Ralph Broede was appointed as chairman of the fund-raising project.

The post voted two contributions, one to the athletic department of Upper Sandusky High School for the erection of an electric score board at the athletic field in line with the contributions from other service clubs and organizations of the community, and the second, a gift of $10 to the Wyandot County cancer fund.

Marlboro Club Event Scheduled Sunday

Boat Show and Auction Set at Delaware Dam

The Marlboro Boat Club's first big annual event, a boat show and public boat and motor auction, will be held Sunday at the Delaware Dam area.

The show and auction is scheduled to begin at 1 p.m. at concession stand No. 2, three and nine-tenths miles south of Norton on Route 23.

Indications are that some 150 boats and some 60 motors will be put up for auction, Ray C. Moore of Delaware, club publication chairman reported. There will be many new boats and all types of marine equipment on display, he said.

Persons wishing to sell boats are to bring them to the grounds on Sunday morning for registration. Anyone is welcome to display equipment.

There is no charge and the public is invited, he said.

The group meets tonight at 8 p.m. for a regular meeting at Ashley Grange hall. The public is invited to attend and there will be refreshments.

The club is holding a round and square dance at the Grange hall Saturday night for members and friends.

Scheduled events for the season, free to the public, were announced today. One event is the club's second annual boat races and another is a beauty contest. They are scheduled for early August.

The "hottest" drivers and most expensive boats in the middle west are expected to take part in the boat races for a slice of the $1,000 purse offered by the club and trophies. The club hopes to make the event the "Little Brown Jug" of boat racing and expect to increase the purse to several thousand dollars as the seasons pass. This will be the first year prizes of any nature are offered in the races.

The beauty contest, of which "Miss Water Sports of 1953" will be chosen, will be staged in August or before. A cash prize of $500 will be offered to the queen and other prizes will go to the runner-up. Money for the prizes have been donated by many individuals and business houses. The queen last year was a Marion girl, Miss Judy Schill.

The club was recently awarded a contract to operate the boat rental and refreshments concessions in the Delaware Reservoir area by the state division of parks and will have row boats and motors for rent and food and refreshments for sale at concession stands. The contract will last for three years and will be renewed if the club operates the concessions in a public spirited manner.

Two concession areas are to be opened at once and boats will be available in about three weeks, but refreshments will be available Sunday at the two areas. One area is located at the end of the Old Horseshoe Rd. where it now turns into the lake, and the other is on the east side of the Reservoir.

Th Marlboro Boat Club is a non profit corporation. Fees charged for boat rentals will only be large enough to cover the actual cost to operate and to supply boats, Moore said.

George Shaw of Delaware is president of the club. Other officers are Lloyd Coffland of Ashley, vice president; Mearl Cline of Waldo, secretary; and Lloyd Martin of Ashley, treasurer.

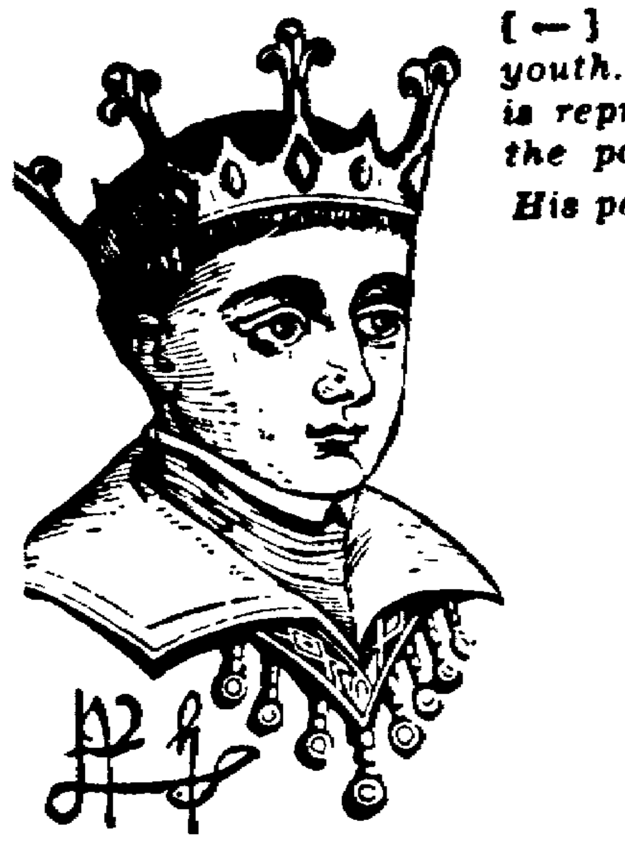
Moore is chairman of the board of trustees which also includes Carl Hetzner of Radnor, George Chubb of Mt. Gilead, Paul Savage of Marion and George Baker of Marion.

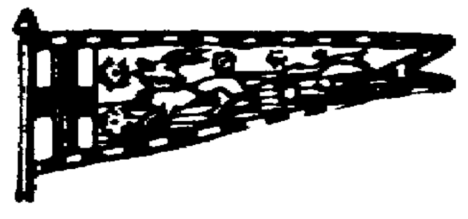
Moore is also chairman of the by-laws committee. Other members are Coffland, Martin, Otto Zeigler of Ashley, Robert Thrush of Radnor, Carl R. Thomas of Marion and Richard Firestone of Delaware.

CROWN CAVALCADE

The PREDECESSORS of ELIZABETH II

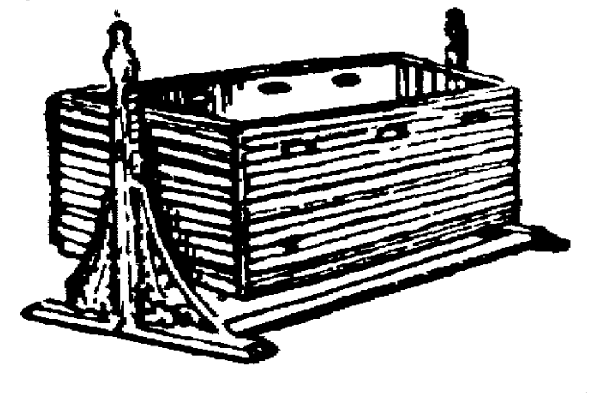
No. 15: Henry V. Ruled England 1413-1422.





[←] *Henry as a youth. His signature is reproduced beside the portrait.* Right: *His personal standard.*

[↓] *Drawing of Henry's cradle*



Born: 1387, son of Henry IV by his first wife, Mary Bohun. The wild character he is given in Shakespeare's play appears unjustified. Henry applied himself diligently to acquiring proficiency in the military art, and before he was 17, he commanded armies in the field. During the last years of Henry IV's reign, Henry was allowed by his father to take active part in state councils. Consequently, when he became Henry V in 1413, it was with training and a sense of responsibility unusual in a newcomer to the throne. Henry's conciliatory measures healed the breach with political opponents. With a united England behind him, Henry reasserted an old claim of English kings to the French crown and invaded France in 1415. He won a celebrated victory at Agincourt. Though outnumbered 5 to 1, Henry's bowmen and infantry annihilated the flower of French knighthood. French casualties were 5000 dead and 1100 captured to 133 slain Englishmen. Parliament promptly voted Henry the tax monies on wool and leather for life, making him one of the first English monarchs to be virtually independent of voted funds.

Defeat of heavily, armored French knights at Agincourt by the more agile English led to new concepts of military dress and tactics.

Nevada Group Visits Chicago

Special to The Star

NEVADA—Members of the Happy Travelers Club of Nevada and vicinity returned Saturday night from Chicago, Ill., where they had spent several days sight-seeing.

The group left by Greyhound Bus from Bucyrus and Upper Sandusky and was met by a Greyhound sight-seeing bus when it arrived at Chicago. The club members were taken to many places of interest, including the buildings of art and science, science and industry, the stockyards, Elks Memorial Hall, and open air market.

Club members visited Chinatown by night and the Chinese temple and museum, and ate dinner at one of their finest restaurants.

A visit was made to the Welcome Traveler radio and television shows and the group attended wrestling matches at the Rainbow Arena, where the entire group was flashed on the screen and the president and secretary of the club were interviewed.

Those making the trip were Thelma Ruffener, Ada Hilderbrand, Clara Frost, Bernice Kirby, Florence Lack, Lillian Spiegel, Helen Starner, Dora Troup, Neva Snavely, Mabel Keller, Mae Cover, Dorothy Starner, Nellie Clark, Elva Bryant, Cordellia Starner, Florence Clark, Mabel Walton, Helen Riedel, Florence Wood, Cletus Rosier, Florence Snyder, Fern Adams, Jennie Gongwer and Grace Miller.

Following the evening inspection, buffet dinners and dances are planned for all hands and their guests. The commandant's band from fourth Naval district headquarters in Philadelphia, Pa., will supply music at the dance as well as for the inspection.

TIP FOR MOTORISTS

HARTFORD, Conn. (UP)—State Motor Vehicles Commissioner Charles F. Kelley has a tip that might save lives. Interior lights should be turned on as well as parking and tail lights when a car stalls on the road at night. Tests have shown that interior lights often silhouette a car for approaching drivers better than exterior lights.

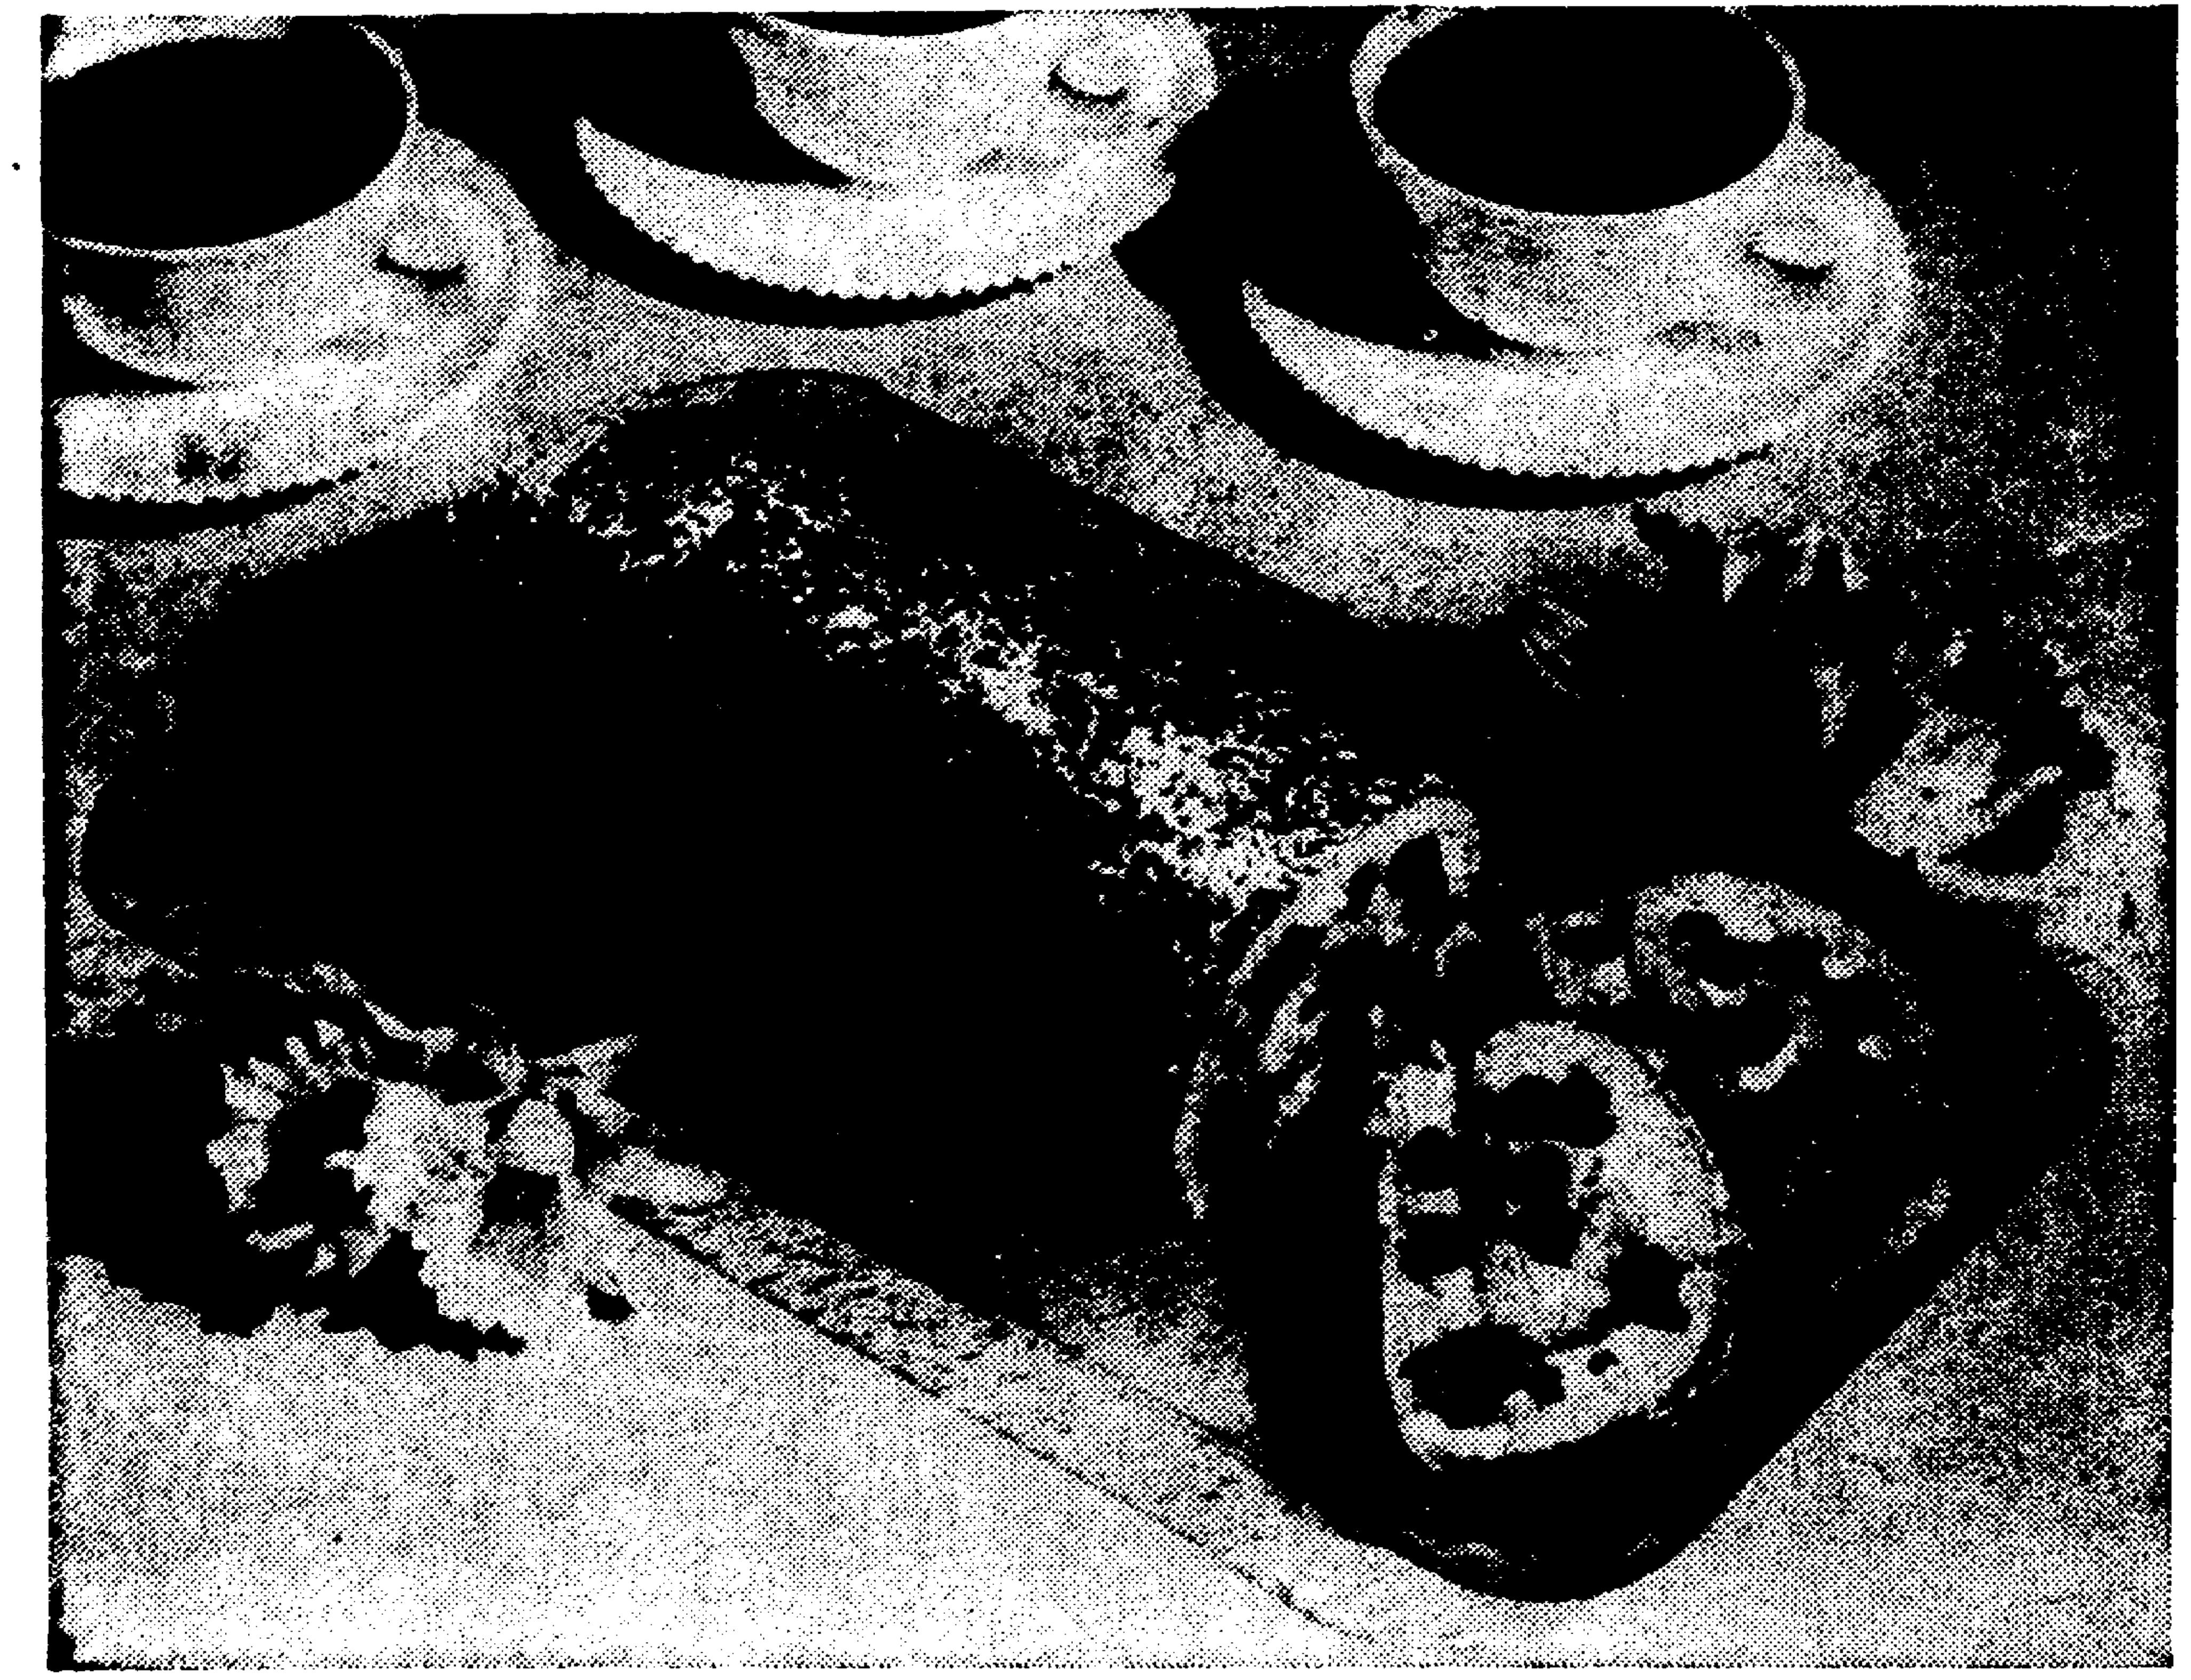
Blueberry Cake Roll Gives Touch of Spring



Sing a song of springtime and celebrate the arrival of this favorite season of the year with a delectable new dessert—blueberry cream cake roll. Light as a spring breeze, this elegant dessert brings a festive touch to your table and turns a family or company dinner into something very special.

BLUEBERRY CAKE ROLL

Ingredients: ¼ teaspoon salt, 3 eggs, ¾ cup sugar, ¼ teaspoon lemon extract, ¾ cup pancake ready-mix, 2 teaspoons gelatin, 2 tablespoons water, 1 cup whipping cream, 1 cup sifted confectioners' sugar, 1½ to 2 cups blueberries (fresh or frozen, drained).

Method: Grease sides and bottom of a 10½ by 15½ by 1-inch pan; line with waxed paper and grease again; dust with flour.

Add salt to eggs; beat until thick and lemon-colored. Add sugar to eggs, a little at a time, beating well after each addition. Add flavoring and pancake ready-mix; mix lightly until batter is smooth. Spread evenly in pan. Bake in hot oven (400 F.) 7 to 8 minutes or until brown.

Sprinkle a towel well with confectioners' sugar. Immediately on taking cake from oven loose it around edges of pan and turn out on towel. Peel waxed paper carefully from cake. Roll cake in towel and let stand 10 minutes.

Soften gelatin in cold water; set in a pan of hot water to dissolve gelatin. Cool slightly. Whip cream until stiff; fold in gelatin and ½ cup sugar. Unroll cake; spread cream evenly over cake and top with blueberries; sprinkle remaining ½ cup sugar over berries. Roll up cake and wrap in waxed paper.

Refrigerate cake roll several hours before serving. Serves 8.

Peace Outlook Good 8 Years Ago

Russians Once Allies

By DON WHITEHEAD
(For James Marlow)

WASHINGTON (AP)—They seem almost incredible now, those happy and exciting days eight years ago when Americans and Russians found it easy to be friends on the banks of the Mulde River in Germany. That was on the eve of the Nazi surrender May 7, 1945.

For a few days, there was no cloud of suspicion or distrust. Ivan and Joe found pleasure in each other's company. They had no trouble getting along.

They had met at the town of Torgau in the role of victors nearing the end of the long and bitter march into Germany. As far as these soldiers in the ranks were concerned, there was no reason

"Star Spangled Banner" and brought the American guests to their feet cheering.

Bradley returned the courtesy, laying on an American-style feast for Koniev and members of his staf. The Americans weren't going to be outdone in hospitality.

Bradley has recounted how he took Koniev into his war room and showed him the Allied might reflected on his maps. The Russian was treated as an ally.

Later Bradley told me: "The war was over so far as we were concerned. I didn't see any reason why he shouldn't see my war map." Then Bradley added wryly: "But Koniev didn't show me his war map."

And so it was in many ways—

Has Solution To Turnpike Legal Tangle

COLUMBUS, O. (AP)—An Akron state senator today disclosed a plan he says would untangle quickly the legal snarl delaying construction of the Northern Ohio Turnpike.

Sen. Carl D. Sheppard, a Republican and chairman of the Senate Judiciary Committee, simply proposes the Legislature amend the turnpike law to permit the turnpike commission to use any paving materials it selects.

Sheppard said he has such a bill in his pocket. But he added, so far he has received only scant encouragement from his Republican colleagues.

Sheppard declared:

"There is no use delaying this important project any longer with legal entanglements. The people want this superhighway at once. Let's give it to them and stop all this legal dilly-dallying."

The lack of Republican enthusiasm for the proposal, Sheppard said, is a GOP feeling the turnpike commission should fights its own legal battles.

RELAX DURING EXAMS

PROVIDENCE, R. I. (UP)—Brown University students go to the movies free during final examination week. The student board of governors at Faunce House, the student activities center, schedules cartoons and short motion pictures to relieve the pressure of studying for examinations. The "relaxation period" is open to all students daily without charge from 5 p.m. to 6 p.m.

Pins Awarded Veteran Members Of Pride of 35

Pins in recognition of years of membership were awarded and candidates obligated when Pride of 35, Lodge No. 79, Auxiliary to the Brotherhood of Railroad Trainmen observed its 59th anniversary recently in the Central Labor Hall.

Mrs. Helen Dorr of Buffalo, N. Y., chairman of the executive board of the grand lodge, was a guest. She obligated a class of seven candidates, assisted by Mrs. Patricia Schertzer, president, and Mrs. Lois Williams, past president. The work was put on by the drill team.

Mrs. Rena Clark was presented a pin in recognition of her 50 years' of continuous membership and Mrs. Bertha McDowell received a 40-year pin. The presentation was made by Mrs. Dorr. Members present included Mrs. Emma Linn who received her 50-year pin four years ago, Mrs. Ida Miller of Lakeview and Mrs. Alice Fetty who received their pins last December, and Mrs. Libby Flannigan who was awarded a 40-year pin some time ago. All received gifts from the lodge. Mrs. Mayme Zeigler of Mansfield, the only living charter member, was unable to be present because of illness.

For the initiation Mrs. Edna Ginder sang, accompanied by Mrs. Lucille Drake.

Vases of flowers decorated the officers' stations. A special award was won by Mrs. Verna Busler and Mrs. Frieda Klehm received the mystery package.

Presiding at the table, centered with a bouquet of flowers and lighted tapers, were Mrs. Marie Wilson and Mrs. Maud Martin. Mrs. Ida Miller presided at the punch table. Favors were miniature wheelbarrows filled with nuts and red, green and white mints. Past presidents and the social committee were in charge. A color theme in red, white and green, the lodge colors, was carried out.

$400 Received In Daisy Day Sale

Thanks to the generosity of the public, 3,000 Blue Star Mother Daisies, entire "stock" of the local Blue Star Mothers organization for Daisy Days, were sold in one day, Friday, and more than $400 was received. The report was made today by Marion Chapter 27, Blue Star Mothers of America.

Both Friday and Saturday were set as Daisy Days here, but only one day was used because of the large response of downtown shoppers to the appeal. Mrs. Helen Jrew was Daisy Day sale chairman. Proceeds are designated for the organization's fund for the welfare of war veterans, their families and disabled veterans in hospitals.

I LOST 100 POUNDS SAFELY WITH RENNEL

CLEVELAND, OHIO — "Before I learned about Rennel Concentrate I weighed 250 lbs. and felt so tired and sluggish it was hard for me to get around," writes B. Campbell, 1308 E. 91st St., Cleveland 6, Ohio. "Using RENNEL this past year I lost 100 lbs. and I did not have to diet to lose this weight. I now weigh 150 lbs. and feel so much better. I am 56 years of age, and feel like I am 40. I can now enjoy life, and can do my work without being tired."

It's amazing how quickly you can lose unsightly fat at home. Obtain liquid RENNEL at your druggist, mix as directed and take two tablespoonfuls twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it to the maker for your money back. You need never know a hungry moment reducing with RENNEL. Costs only $1.40. why they shouldn't be friends. They accepted each other on even terms.

There on the Mulde, we correspondents watched them throw their arms about each other and whoop with delight. They toasted with champagne in beer mugs and talked in sign language when they couldn't fathom each other's spoken words. They exchanged invitations to parties and swapped gifts. They insisted they wanted to live at peace. And they meant it.

But then came a subtle change. The Russians who had been so friendly withdrew into a shell. The Russian officers—undoubtedly acting on orders from above—began to cut themselves and their men from association with the Americans. They gradually strangled the thriving spirit of friendship even while the world cheered the defeat of Hitler's hordes as the way to peace.

The show of friendship at first had extended even to the generals. Russia's Gen. Ivan S. Koniev invited America's Gen. Omar Bradley to his headquarters for a feast. Tables were laden with caviar, sturgeon, mounds of other food, and carafes filled with vodka and wine. A soldier's chorus sang magnificently—they even sang the some small and some large—that the Russians began to roll down their Iron Curtain. But not before the Russian soldiers had shown they were ready—if left alone—to be friends with the Americans.

Many a Russian must have gone back home to tell his family and neighbors about those days of friendship. Ivan must sometimes wonder why peace with America seems so difficult when he found friendship with Americans so easy.

That is the real tragedy of this eve of the eighth anniversary of victory in Europe.

Insolence Abroad

Istanbul — There's nothing much doing in Istanbul.

Copenhagen —Come to think of it, I've never been in Istanbul.

John Crosby

Paris — I've never been in Copenhagen either. However, they're awfully nice date lines and, since in the next room a newspaperman is pecking out a story datlined Paris and since I just finished a column datelined Dublin, I thought we ought to throw in a couple more cities for good measure.

Actually, I feel strongly that I could probably write about Istanbul and Copenhagen with at least as much authority as Sen. McCarthy's two touring investigators, Roy Marcus Cohn and Gerard David Schine, who are known over here simply as Cohn and Schine—like a vaudeville team. In fact, one British paper headlined its story about them with the words, "Positively, Mr. Cohn! Absolutely, Mr. Schine!"

-:-

COHN AND SCHINE whirled through Europe in 16 days in an investigation of the United States Information Service which, of course, includes the Voice of America. They hit seven countries—let's see now, France, Germany, Yugoslavia, Austria, Greece, Italy, Great Britain—and they hit a total of 10 cities.

That's quite a lot of cities for 26 days and everywhere they were met by newspaper men curious to know how anyone could find out very much about anything in so short a time.

Among other things — just an an example of their technique — they devoted all of 35 minutes inspecting Radio Free Europe's immense plant at Munich, which is known as the Little Pentagon and takes almost 35 minutes to traverse. They spent all of seven hours in London and, when you consider that it takes an hour to get to the city from London Airport, that doesn't leave much time for investigation.

-:-

STILL, THEY contrived to get a peek at the British Broadcasting Co.'s operations in order — they said — to compare its methods with that of the Voice of America.

When they passed through Paris, the British press here was in a stiff British rage because it had the mistaken impression that Cohn and Schine were going to investigate the BBC rather than just look at it.

It was not mollified very much to hear that Cohn and Schine would spend only a couple of hours inspecting the enormously efficient and able British Overseas Radio Service.

The British felt quite rightly that their BBC either deserved more careful attention or that Cohn and Schine should have passed it up entirely. This is a fair sample of the savage resentment among Europeans which these two youths—Cohn is 26, Schine is 25—aroused wherever they went.

The very rapidity of their trip and the irresponsibility of their opinions which could not conceivably be very well founded were almost an insult to Europeans.

-:-

AS ONE EUROPEAN official put it, it was "insolence abroad." Among Americans in Europe the resentment was compounded with a very real fear. Career officers in the State Department are in the middle of a drastic shakeup and Cohn and Schine were just another torment to their harassed lives.

The effect on the Voice of America, of course, is just to paralyze it a little more than it's already paralyzed, which is plenty.

Just what they accomplished over here I couldn't say because Cohn and Schine wouldn't say. They talked to some 200 persons but who they were or what dark plots they uncovered remained their own secret.

However, they did admit in an unguarded moment they were looking for fresh talent — in other words, presentable people with the proper opinions — for what they referred to as "our television show." "Our television show" is

Galion's Current News Club Ends Year's Program

Special to The Star

GALION—The study of Ohio's "Women of Achievement" which marked this year's meetings of the Current News Club was completed with a luncheon-meeting last week at Hotel Talbott. There were 40 members and guests present in the private dining room for a one o'clock luncheon.

Mrs. C. F. King offered prayer of thanks, Mrs. Harvey Sherer, out-going president, spoke briefly and turned the gavel over to Mrs. Eric Brooks who accepted and introduced her new officers: Miss Hilda Miller, Mrs. W. W. Koppe, Mrs. Paul Blasberg, Mrs. James Borrer.

The program chairman, Mrs. Robert Larr, presented Miss Hilda Miller who told about the late Gail Ridgeway Brown, teacher of violin and composer of music for violin and voice, who was a personal friend of Miss Miller's, and lived in Galion. Another friend of the composer, Miss Blossom Burget, was introduced and sang two numbers by Gail Ridgeway Brown. Piano accompaniment was by Mrs. Charles Geiger.

The club's own talented vocalist, Mrs. W. W. Koppe, for many years a teacher of voice in Galion, was introduced. She sang "The Lord's Prayer" by Josephine Forsyth, and was accompanied by Miss Joan Dougherty. Then Mrs. Koppe, in presenting Miss Dougherty for a piano number, explained that Miss Dougherty was selected this year to "Who's Who Among Students in American Colleges and Universities. Mrs. Koppe sang three numbers of which the music was written by Miss Dougherty, with the latter playing the piano accompaniment.

Arrangements for the luncheon were in charge of Mrs. E. J. Boyer, and decorating was planned by Mrs. A. F. Unckrich, Mrs. James Borrer, Mrs. Clifford Andrews.

Officers who served the club this year were: Mrs. Harvey Sherer, Mrs. Koppe, Mrs. Paul Flick, Miss Mary C. Horn, and Mrs. C. F. King.

Current News is Galion's oldest literary club.

Caledonia School Junior-Senior Banquet Held

Caledonia's annual Junior-Senior banquet was held Saturday night at Green Lawn Inn on Route 30, east of Bucyrus.

A night club theme was carried throughout the decorations. A canopy of scarlet and silver, sparkled with tinsel, the senior class colors, covered the U-shaped table. In the center of the canopy was suspended a silver ball upon which different colored lights were reflected.

Table decorations consisted of a center piece made up of a full-sized black top hat covered with tinsel. Miniature black hats were used as vases for the flowers and the programs were made in the form of a top hat. Places were designated by cards with a small top hat in the corner. A soft light was provided by red candles, sparkled with tinsel, in scarlet and silver candle holders.

Above the head of the table was mounted the senior class motto, "Onward Ever Backward Never," made up of scarlet letters on a silver background. Under this was hung a large "53" made with gardenias, the class flower, on a black drop.

The invocation was given by Jacob Retterer. The after-dinner program consisted of a welcome by the junior class president and the master of ceremonies, John Kightlinger. Peg Walter, senior class president, gave the response. Ray V. Harper, superintendent, added a few remarks. Paul Layman sang "I Believe," accompanied by Mrs. Paul Showers, music instructor.

Russell West, a former teacher at Caledonia, was the guest speaker. A quartet composed of Selorus Tomlin, Dixie Detwiler, Jeanne Smith and Marian Deickert, sang the selection "Memories" dedicated to the Class of "53."

Seniors honored at the banquet were: Nona Rigdon, Mary Lou Cochran, Betty Weir, Suzanne Reed, Velma Lyon, Peg Walter, Pat Shonk, Myron Armbruster, Dennie Sparrow, Jim Kirk, John Boger, George Deickert, Rodney Dice, and Jack Whiteamire.

Members of the sponsoring junior class are: George Cochran, Gene Ault, Ronald Groves, Robert Noggle, Marian Deickert, Jeanne Smith, Francis Lyon, Joe Green, Selorus Tomlin, Paul Layman, Kenny Gilliam, Dick Stafford, John Kightlinger, John Wells, Jim Cain, Dixie Detwiler, Bob Hunt, Joyce Artis and Don Belt.

Faculty members and guests were: Mr. and Mrs. Russell West, Mr. and Mrs. Ray V. Harper, Mrs. Orral Garber, Mrs. Birdie Adams, Mr. and Mrs. Paul Showers, Miss Mary Scranton, Mr. and Mrs. Jacob Retterer, Miss Louise Laibe, Mrs. Ruth Neilsen, Mr. and Mrs. Willis Walter, Mr. Norman Underwood, Mrs. Edna Kennedy and Mr. and Mrs. Len Walls.

Galion Woman Seeks $15,000 for Injuries

Special to The Star

BUCYRUS—A $15,000 action for money was filed in Crawford County Common Pleas Court here Monday by Mrs. Julia Conn of Galion, against Riley O. LaRue, also of Galion, as a result of a collision between the Conn and LaRue autos in Galion on April 4, 1952.

The plaintiff charges that LaRue drove through a red traffic signal at East St. and Harding Way East at a speed of 40 miles an hour "in a state of intoxication." Mrs. Conn was driving west on Harding Way East and LaRue was driving south on East St. when the accident occurred, the petition states.

Mrs. Conn alleges that her injuries included a concussion of the brain, basal fracture of the skull and other injuries. Her petition states that she was hospitalized nine days, confined to home five weeks and for 17 weeks was unable to perform her duties as a housewife as a result of the injuries.

HEADS BUCYRUS CLUB

BUCYRUS — Mrs. Jay Winters was elected president of the Bucyrus Ladies Oriental Shrine Club at the annual reorganization meeting held here Monday night. She succeeds Mrs. Ada Kiess.

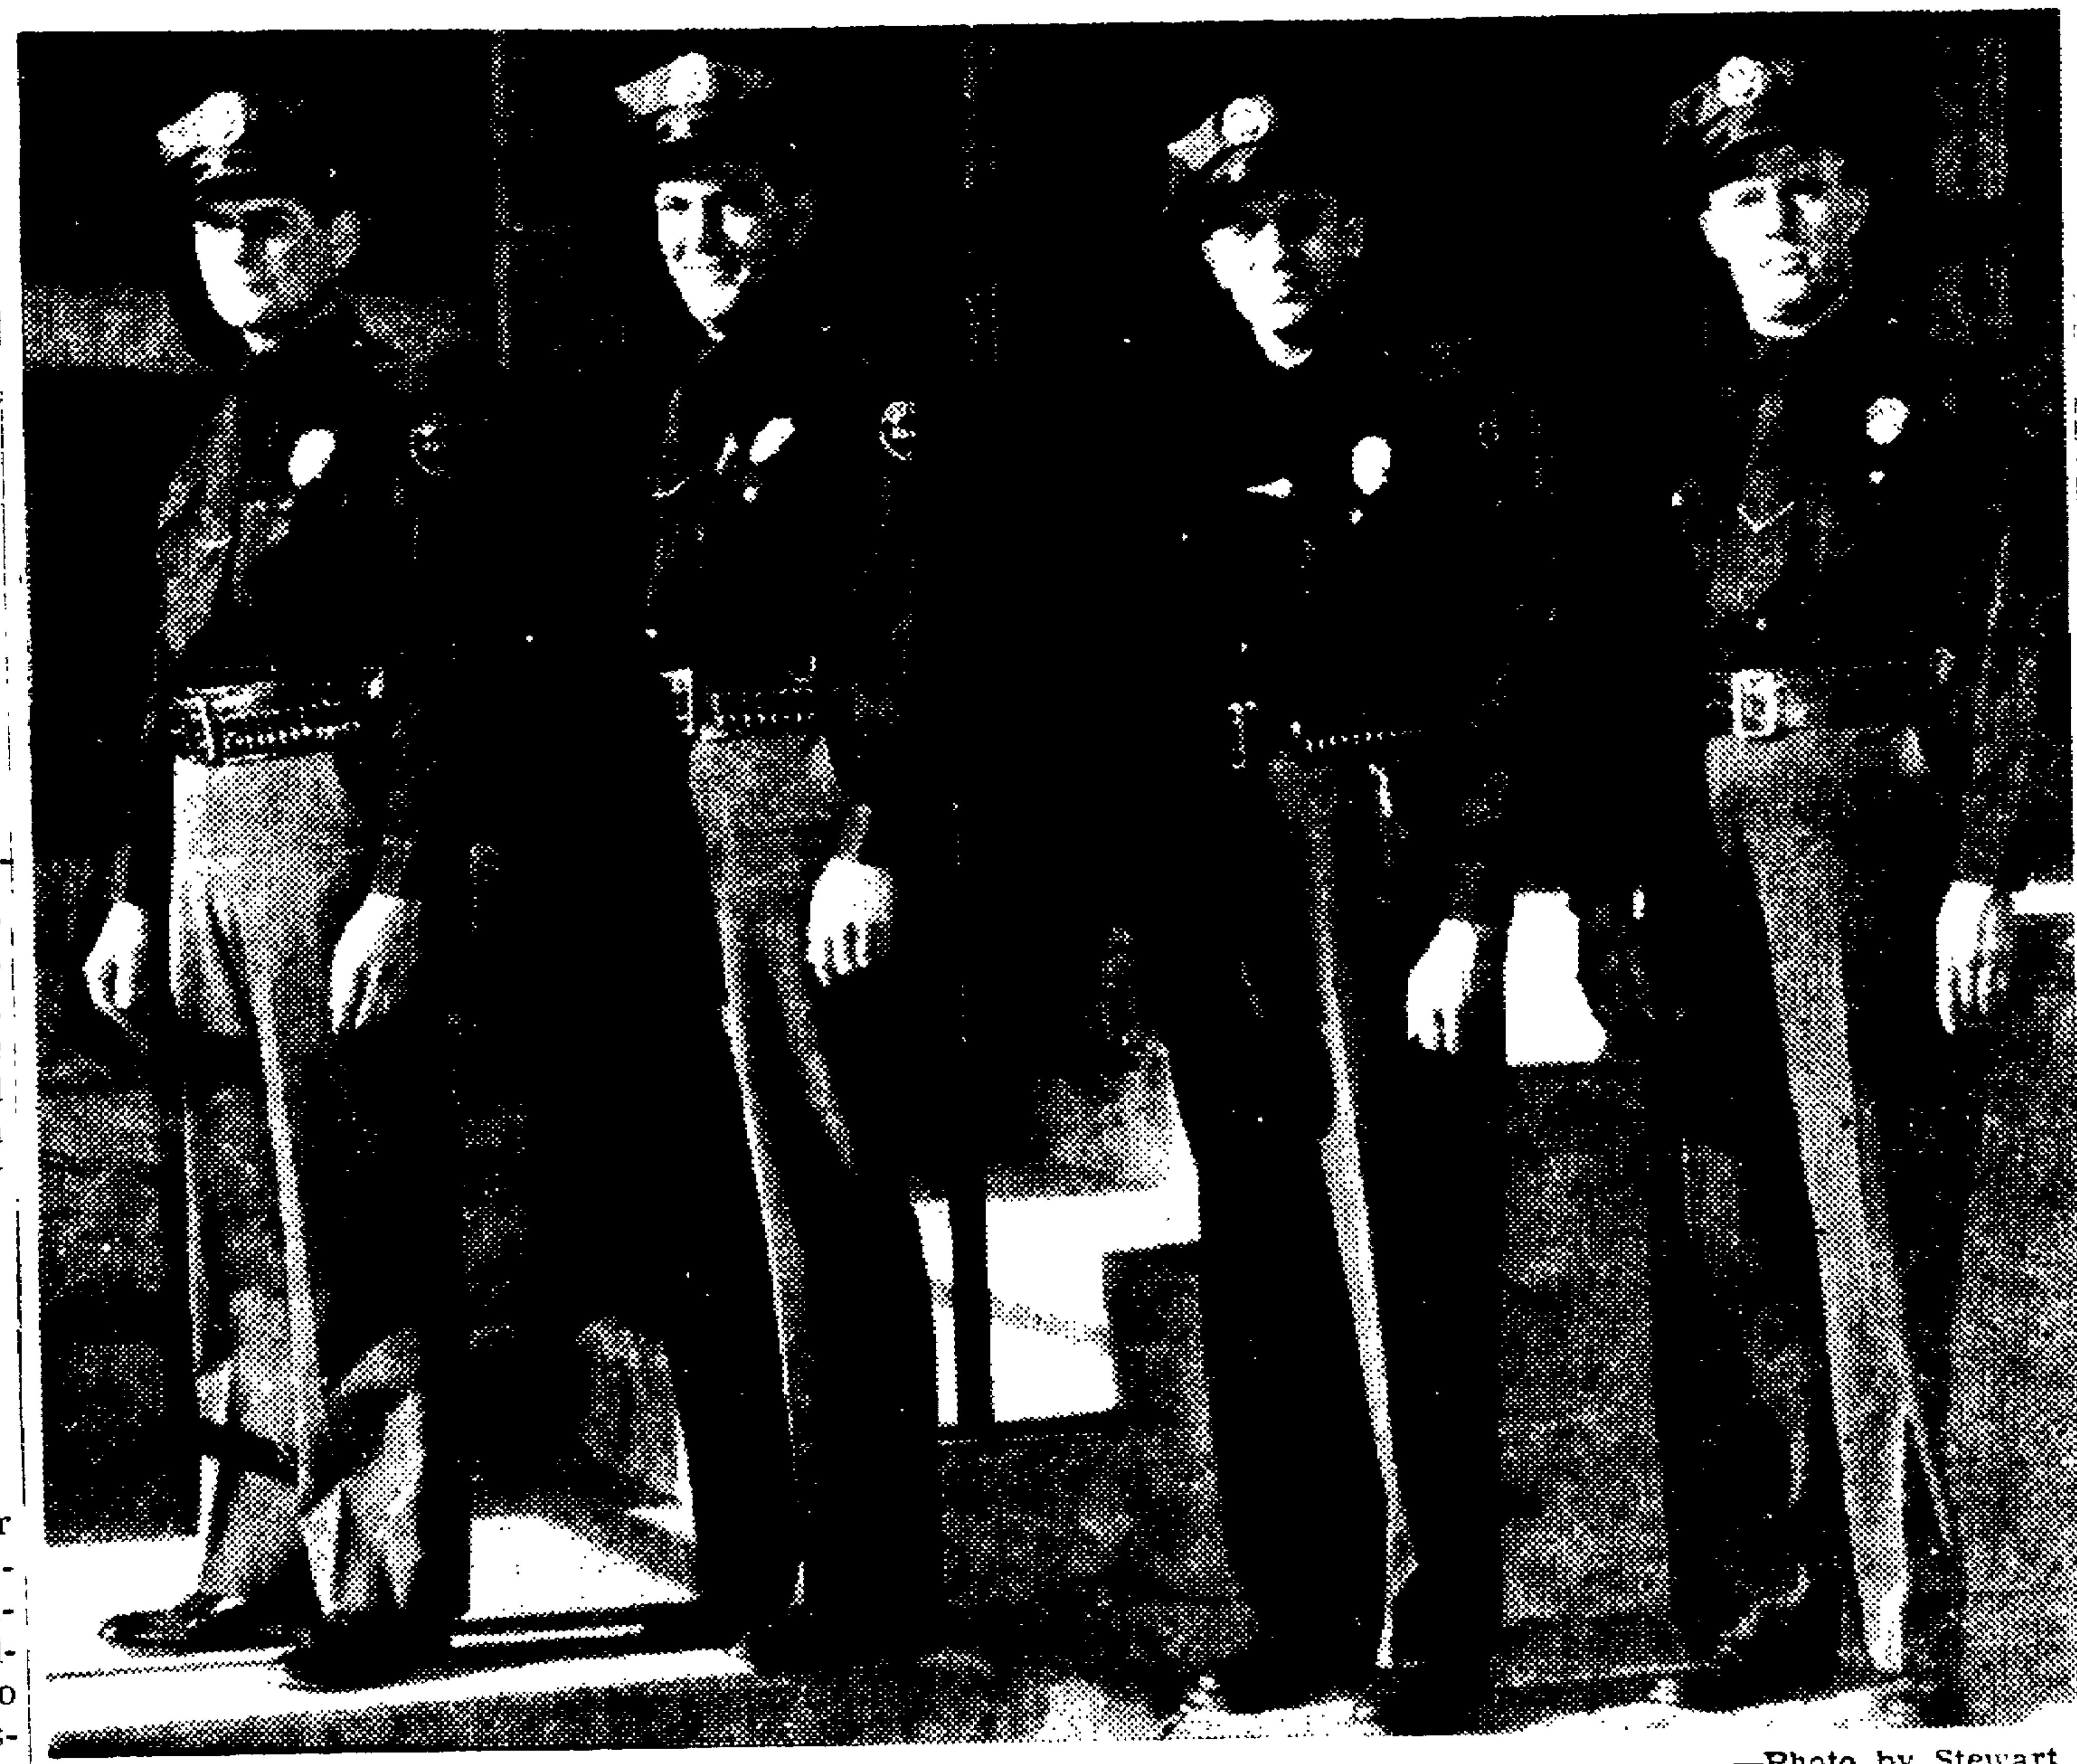
Sheriff, Deputies Wear New Uniforms



—Photo by Stewart

WEARING NEW UNIFORMS ARE MARION COUNTY Sheriff Glenn Obenour (at right) and his three deputies, James McClaskey, John Turner and Walter Snyder (left to right). It is thought to be the first time in Marion County history that the sheriff and his deputies were uniformed alike. The uniforms were purchased by Sheriff Obenour and the deputies with their own money at a cost of $126.90 per outfit. The uniforms consist of dark grey trousers, cap and Eisenhower-type jacket, black shirt and tie, Sam Brown belt, handcuff case, and emblems.

Inside Labor

Lewis' Era Over

By Victor Riesel

RIESEL

If John L. Lewis seems to be brooding under those famed bushy brows, it's because he knows what so few others do—that he no longer controls the nation's coal. He can no longer blow the whistle or telephone the coded password for a strike which might force the nation to brown out our major cities and slow our transcontinental trains.

There is in Lewis' litany across the land the hint of enraged ac-

Meany, CIO president Walter Reuther and even lesser men.

The rapier sarcasm is thrust with the old skill, but like the lines of an early Bernard Shaw shocker, it brings no flush to anyone's check.

Somehow Lewis, aging like all mortals, has like all immortal legends, refused to recognize the passage of time. This is no longer his era. But he refuses to recognize this.

Thus it was, a year or so ago when he realized that millions of tons of non-union coal were being dug in Central Pennsylvania and Kentucky, old-fashioned organizing squads were rushed in. Both sides shot it out.

In Central Pennsylvania this last

Relations Board and without influence even in the Pennsylvania courts after 20 years.

Within his own ranks, rebellion has broken out.

In Indiana, the union's coal-diggers are among the few in the United Mine Workers who have the right to vote for their own district president and other officials.

They are among the fortunate 33 per cent of the nation's 400,000 coal miners who have this democratic privilege in their union in this day and age of abhorrence for totalitarianism.

So in a recent election the miners actually voted to dump Lewis' candidate for president of District 11 there. John L.'s man

istence because its owners couldn't sell its coal—and 400 diggers are looking for work. Maybe it opens next fall. Maybe not.

Point is there is a four months' excess supply of coal above ground.

-:-

SO LEWIS has been maneuvering. First he flirted with the AFL. Then the CIO. Then Dave McDonald of CIO's Steel Union. But Dave is on his own for the first time and wants no temperamental partner to deal with.

Lewis is on his own. But don't count him out.

The miners have $50,000,000. They control the National Bank of Washington. They own four buildings in the Capital. Lewis has the power to move. And he will. Just watch.

Maybe he, of all old giants, can recapture an era.

To Install Freezer At Crawford Co. Home

Special to The Star

BUCYRUS — Crawford County commissioners announced here today that contract for construction of a walk-in cooler and storage freezer at the County Children's Home in Galion has been awarded to Miller's Cabinet Shop, Bucyrus.

The Miller firm submitted a bid of $9,011.

The cooler and freezer will be used for storage of perishable goods, grown at the home, together with quantities of meats.

Marvin Adams, home superintendent, said the home will be able to butcher and store its own beef and pork when the new unit is completed. The home purchases calves and hogs and fattens them on the surrounding land. When the new unit is completed, the home will discontinue the use of 20 lockers at a Galion food locker plant.

BUCYRUS LITTLE THEATER

BUCYRUS —New officers have been installed by the Bucyrus Little Theater group. James Lunday is the new president and other officers are: vice president, James Berry; secretary, Miss Dorothy Stover; treasurer, Mrs. Peter Thitoff; program chairman Wallace Brombacher; hostess, Mrs. James Malcolm, and board members, Mrs. George Crall and Joseph Keefe.

Green Camp Plans Commencement In New School

Special to The Star

GREEN CAMP—"There Go the Ships" will be the baccalaureate sermon subject delivered to the graduating class of Green Camp High School by the Rev. L. R. Kennard, Methodist pastor, at the Baptist Church, Sunday at 8 p.m.

The processional "Pomp and Circumstance" will be played by Miss Leonore H. Rice, music teacher. The Rev. Eugene T. Henzel, Emanuel Evangelical and Reformed pastor, will give the invocation. The school mixed chorus will sing the "Twenty Third Psalm." The Scripture reading by the Rev. Kennard will be followed by the girls' trio singing "The Prayer Perfect." The trio is composed of Norma Cleland, Charlotte Klein and Madelyn Willey. The Rev. A. H. Nothstine, host pastor will pronounce the benediction.

Members of the graduating class are Norma Cleland, Donna Converse, Charlotte Klein, Wanda Rader, Madelyn Willey, Kenny Bish, David Deeds, John Kennard, Donald Schertzer, Gene Marsh, Gary Murray, James Pfeiffer, Richard Porter, Fred Roth, Stanley Seiter, Paul Sheppard and Larry Wells. The class motto is "Less Than the Best is Failure."

Commencement exercises will be in the new grade school auditorium Wednesday a t8 p.m. It will be the first event held in the nearly - completed building. The school band, directed by Miss Rice will play the processional. The Rev. Nothstine will give the invocation and John Kennard will play a trumpet solo. Charlotte Kline is salutatorian and Donna Converse, valedictorian. Gary Murray will give the student prayer and Norma Cleland and Madelyn Willey will play a piano duet.

The class address will be by Earl C. Metz, head of the department of education, Capital University, Columbus.

Norman C. Roettger, superintendent, will present the class. Diplomas will be presented by Carl G. Seiter, president of the board of education. The Rev. Eugene T. Henzel will pronounce the benediction.

He has been disdained by the White House.

His organizing drives to slash the heretofore unheard-of digging of coal by non-union miners have been stopped cold in shooting duels between organizers and anti-Lewis men.

Some of his union people have actually revolted openly against him.

His political power plays inside labor have fizzled.

-:-

SO LEWIS, in the past few days, has lashed at President Eisenhower, AFL president George

February one of his special organizers, John Lonetti, was shot in the stomach by a non-union coal-digger.

-:-

A FEW DAYS ago, Lewis' lawyers and the local district attorney agreed to forget the bloody duel. Lewis seems to have ended his organizing drive there.

In that area alone, the non-union strip diggers are pulling 6,000,000 tons of coal a year off the open mines.

That's a lot of coal for one small center considering the fact that the nation's total output will run to some 470,000,000 tons this year.

And for the first time the National Labor Relations Board is ruling against Lewis.

On April 15, his Pennsylvania organizers were ordered to "cease and desist from restraining or coercing (non-union) employees of (a series of mines) by using or threatening them with force or violence, barring their ingress to and from work and threatening to take punitive action or reprisal against them, or in any other manner restraining or coercing employes in their self-organizational rights . . ."

-:-

IN KENTUCKY a U.S. Grand Jury is sifting secret testimony of scores of witnesses in the coal war there.

So Lewis has found himself without White House support, without the support of the National Labor

Robert Anderson, lost to Roscoe McKinney.

NEW AND OLD OFFICERS OF THE MARION POWER SHOVEL CO. 25-Year Club are shown at the club's eighth annual dinner meeting held recently at the Masonic Temple. They are, left to right, Mary F. Schuler, re-elected secretary; Clifford Ward, 1952 club president; Clarence V Dutton, new club president; and Sheridan Severns, new vice president. The club, which requires 25 years continuous service with the company, now numbers 248 members.

The New Boss

By Hal Boyle

NEW YORK, (AP)—Bosses, like other items of office equipment, wear out and have to be replaced.

When this happens, there is always an air of tension and nervousness about the office. Who is the new boss? What'll he be like?

Rumors fly around thicker than grasshoppers in August:

"I hear they dropped him on his head when he was a baby, and he wears a silver plate in his forehead."

"They say that at the last place he worked he cut the staff in half—and salaries, too."

"I hear he's the big boss's cousin. There is a family resemblance. Notice how close together his eyes are?"

"Is it really true he eats his own young?"

By the time the new boss actually shows up on the job, the office staff is firmly divided by hope and hysteria. Half of them have a chip on their shoulder and are determined to put him in his place. Half have secretly decided to butter him up.

Well, which course is right? How do you break in a new boss? The answer is neither course. Hazing a new boss is highly satisfying to the ego - but ruinous to your goal of more take-home pay. Fawning on him, on the other hand, will only cause him to question your intelligence.

The proper way to break in a new boss is to surround him with an atmosphere of cordial impartiality and let him know he is on his own mettle. Here are a few tips:

1. Never tell him, "the old boss wouldn't do it that way." If the former boss's name ever comes up at all, just shake your head in wonder as if to say, "how did our organization even manage to survive under that muttonhead."

2. Don't volunteer to do more work. Throw as much of your own work as you can on the new boss's shoulders. Then, as you gradually start doing it yourself again, he'll find his own load lighter, and feel grateful toward you.

3. Try to keep him at ease, but not too sure of himself. If he tells you a joke, laugh. But laugh moderately and thoughtfully, so he will know that if he had told it a little better you'd have laughed harder.

4. When he does a really good job, or finds a way to cut down expenses by making the paper clips last longer, don't hesitate to reward him with a little credit. Bosses are human. They want to be appreciated. But keep your praise crisp and to the point. A pat on the back, a brisk "good show, chief" - that is enough. Always leave him yearning for more.

5. Never point out the boss's blunders to him. If you must share your knowledge of his ignorance, tell it to your wife. Let the other fellows in the office make the mistake of telling the boss about his boners. They'll find a boss doesn't mind making a fool of himself so much as he does having witnesses.

6 After an interval of time, you let the boss know tactfully that your reltaionship, while friendly, isn't necessarily permanent. He'll get the idea - and give you the raise in pay you want.

And why not? Instead of making him feel inferior, you have given him a sensation of victory and accomplishment. You are doing work he secretly feels he ought to be doing himself, and your measured laughter is a bright moment in his day. You keep him on his toes, and make him feel he's a good boss. That's the way bosses like to feel.

7. One final tip: If you learn the new boss is a 24-karat dumbell, don't grouse about him or spread the news too far. In that case they might fire him and hire a really smart boss. And who in the office wants a catastrophe like that?"

Miss. Governor's Home Open To All

COLUMBIA, Miss. (UP) — This town of 6,124 has Mississippi's most elaborate park because the city fathers once had the foresight to give Gov. Hugh White land for a home.

That was back in 1925 when White, a wealthy lumberman, was considering transferring his business to Jackson. Businessmen petitioned the city council and it decided the best way to keep White was to "give him some roots."

They chose a 26-acre stretch of woodland one and a half miles east of the Marion County courthouse. When they discovered it was outside the city limits they passed an ordinance changing that.

There White and his wife erected a mansion which resembles a Latin type of villa. It features spacious patios, curving mahogany stairways, glassed-in porches, huge crystal chandeliers, and murals by famous painters. The grounds are in keeping with the luxury of the

LEGAL NOTICE

"Notice is hereby given that on April 3. 1953, The Ohio Fuel Gas Company filed with the Public Utilities Commission of Ohio, a complaint as to certain of its rates for natural gas now in effect in the following Ohio communities: Big Prairie, East Greenville, Kirkpatrick, Lakeville, Leesville, Little Sandusky, Monnette, New Pittsburgh, New Winchester, Pavonia, Pleasant Home, Red Haw, Reedsburg, Rowsburg, Windsor and Wyandotte. The new rate proposed by said company for a period of two (2) years is as follows:

For a period beginning with the periodic meter readings taken on or after the effective date of this rate and continuing therefrom for a period of Two (2) Years:

Thirty Cents (30c) per one hundred (100) cubic feet for the first 500 cubic feet used through each meter each month:

Six Cents (6c) per one hundred (100) cubic feet for the next 4,500 cubic feet used through each meter each month;

Six and one-half Cents (6½c) per one hundred (100) cubic feet for the next 95,000 cubic feet used through each meter each month;

Six Cents (6c) per one hundred (100) cubic feet for all in excess of 100,000 cubic feet, used through each meter each month;

A Minimum Charge for each customer each month of One Dollar and Fifty Cents ($1.50) shall be made;

A Delayed Payment Charge of five per cent (5%)) but which in no instance shall be less than Ten Cents (10c), shall be added to the above charge if the bill for the monthly reading period is not paid within the time prescribed by the Rules and Regulations of the Company

From and after the expiration of the aforesaid two year period and for a further period of Two (2) Years thereafter;

Thirty Cents (30c) per one hundred (100) cubic feet for the first 500 cubic feet used through each meter each month;

Six and one-half Cents (6½c) per one hundred (100) cubic feet for the next 4,500 cubic feet used through each meter each month;

Seven Cents (7c) per one hundred (100) cubic feet for the next 95,000 cubic feet used through each meter each month;

Six and one-half Cents (6½c) per one hundred (100) cubic feet. for all in excess of 100,000 cubic feet used through each meter each month:

A Minimum Charge for each customer each month of One Dollar and Fifty Cents ($1.50) shall be made:

A Delayed Payment Charge of five per cent (5%), but which in no instance shall be less than Ten Cents (10c), shall be added to the above charge if the bill for the monthly reading period is not paid within the time prescribed by the Rules and Regulations of the Company.

From and after the expiration of the next aforesaid two year period and for a further period of Two (2) Years thereafter and continuing until such time as the same may be changed by the Public Utilities Commission of Ohio:

Thirty Cents (30c) per one hundred (100) cubic feet for the first 500 cubic feet used through each meter each month;

Seven Cents (7c) per one hundred (100) cubic feet for the next 4,500 cubic feet used through each meter each month;

Seven and one-half Cents (7½c) per one hundred (100) cubic feet for the next 95,000 cubic feet used through each event of the moment as a continuing development in the history of man.

SOKOLSKY

I therefore, noted keenly Von Wiegand's reference to the contest for credibility between Eisenhower and Russia: "The Kremlin in the Pravda article used typical Asiatic tactics which all Asians understand — that of turning Eisenhower's bold spearpoint against himself and, directly and by implication, falsely charging that America, not Russia, is a threat to world peace."

-:-

THE RUSSIANS have conducted a peace campaign since 1946. They organized the Stockholm Peace Petition; they have used their vast propaganda organizations in every country in the world to advocate peace.

True, during this peace crusade, they have made war in China, in Iran, in Germany, in Korea, in Indo-China, but they have employed natives and not Russians. They have striven to give the impression the Russians have succeeded in creating the impression that they favor peace, and that the United States is actually creating conditions favorable to war.

No American effort to counteract this Russian propaganda has been successful.

-:-

EISENHOWER, in his speech on foreign policy, laid down the American maximum peace terms. The Russians replied in two ways: By a lengthy article in "Pravda," on April 25, and by an expansion of the Far Eastern War into Laos in Indo-China.

The Russians, as Marxists, employ the identical words that we do, but the meaning is different.

For instance, by peace, President Eisenhower and every American means an end to war, a restoration of the normal commercial and diplomatic relations among nations, disarmament on an accepted program and a recognition of the rights of peoples to governments of their own choosing.

By peace, the Russians mean a changed world of no boundaries, no nations, no races, no separation of human beings by religious or philosophic concepts.

All human beings would be one people in one world governed out

THERE WILL be no coercion, no force, no use of power — that is eventually. Meanwhile, men must fight and die, particularly those who are not Russians, to achieve this end.

And the only country that is preventing this heaven on earth from immediate accomplishment is the United States!

Here then is the conflict and, just as Von Wiegand wrote, in Asia, the Russian rather than the American view makes sense because of long repetition and the genuine dislike of the Asiatic for the Western European and the Americans who are regarded as exploiters.

American and British propaganda has up to now been not only futile but fatuous.

If Chester Bowles suggested that the Voice of America tone down its anti - Communism, it could be that its efforts irritated rather than informed.

The Russians devoted themselves to one line of propaganda, peace, and peace as defined above. We have become involved in a defense of errors.

To the Asiatics, and to many Europeans, we have lost face because we lost China and permit-

The "Pravda" article raised this question:

"Those wishing to see in Eisenhower's speech a real striving for peace cannot but ask why was it necessary for the President in a speech calling for peace to threaten unequivocally with the possibility of an atom war.

"Is it possible that such kind of arguments will make the speech of the President about peace more convincing?

"In any case, as regards the Soviet Union, such arguments, or speaking more plainly such threats, have never attained and cannot attain their purpose."

-:-

THIS HAS a clear meaning to those who live in fear of the atom bomb and who also fear that whatever happens, the war is more likely to be fought on their soil

The Indians have that in mind all the time and therefore they favor peace at any price, which is cheaper than having a major war fought in their country.

So far, the Russians have been very effective in their propaganda. If this country is to make up for lost time, it needs a different approach to a psychological defensive.

Certainly, a nation always on the defensive does not present an appearance of courage or even wisdom.

"KID OF THE YEAR." Six-year-old Jackie Adams of Clearfield, Pa., nominated as the "kid of the year" for heroism in crawling from a crashed airplane to get help for fellow passengers, receives a cup in Washington, D. C., from Vice President Richard Nixon on the Senate steps. Jackie was a passenger in a private plane which crashed near Williamsport, Pa., last September, and although suffering from a broken ankle, he managed to crawl and limp for several hours to get help for the pilot and four other injured passengers. The award is sponsored by the Junior Chamber of Commerce.

Trailer No Longer Shack on Wheels

CHICAGO (UP)—Trailers aren't what they used to be.

The two-bunk shack on wheels is now a streamlined version of a modern home that has attracted a population of 2,000,000 persons, according to the Trailer Coach Manufacturers Association.

Among the newer features are air-conditioning systems, a trailer coach built in two sections that may be towed separately, and two-story mobile homes.

E. L. Wilson, the association's managing director, said the basic design of trailers now includes a living room, itchenette, bedroom and bath facilities. Larger ones often have two bedrooms.

Trailers can be had with knotty pine kitchens, glassed-in tubs and showers, built-in television, built-in fireplaces, automatic washing

Wilson said that by summer 2,000,000 persons will be living in the mobile homes, and, with new and improved trailer parks, he thinks more trailers will be sold this year than 1952's $300,000,000 worth.

The placement staff of the U.S. Bureau of Indian Affairs found jobs in industry for about 59,000 Indians in 1952.

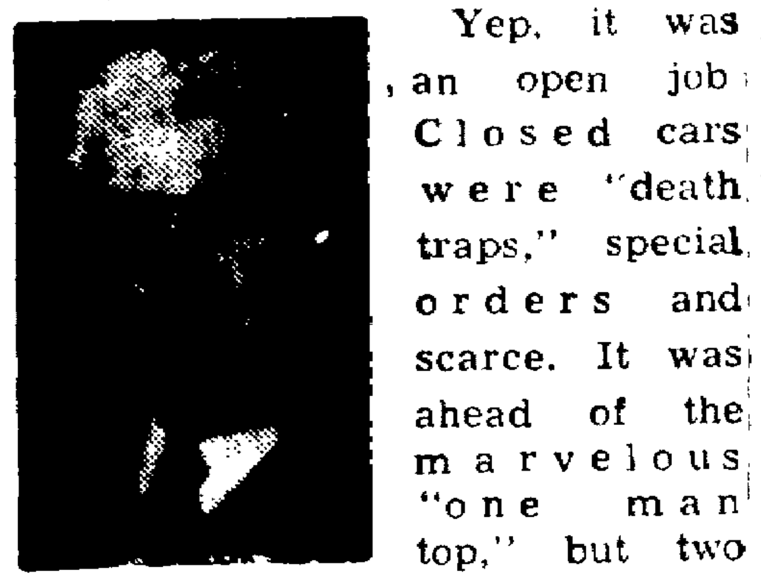
Lizzie Got You There

By FRANK TRIPP

We bought our first car 40 years ago this summer. It was a spanking new Model T, and cost $620 Might better have paid the money on the house, but we just couldn't sit on the porch any longer and see all the cars whiz by.

Anyway, we thought they whizzed and there seemed to be an awful lot of them. Yet they didn't whiz much over 25 miles an hour, and there now are as many cars in two city blocks as then were parked outside the ball park.



TRIPP

Yep, it was, an open job Closed cars were "death traps," special orders and scarce. It was ahead of the marvelous "one man top," but two people could get the top up and the side curtains buttoned on—sometimes before the rain stopped.

She had a wheel on each corner, same as now, and they ha sturdy wooden spokes and demountable clincher tires. Demountable in the sense that a blacksmith-typ owner could get one off the whee in a mere matter of hours.

The tires were filled with the same ingredient still used; ordinary breathing air, and lots of it 70 pounds' worth. Though air still is free, at current wages, with the old foot pump, it would cost somewhere in the neighborhood of fiv bucks to get a set of tires blown up to 70.

Folks used to wonder why they didn't fill 'em with sawdust and be done with it. When a tire was up to 70 pounds you couldn't den it with a sledge hammer.

The canvas-carcassed things cos almost as much as cord tires today; but they carried a libera guarantee—2,500 miles. Provide you religiously maintained the 7 to guard against "rim cuts" fron the endless ruts and hidden rocks that they had to encounter.

—:—

BY THE TIME an owner go the 2,500 which wasn't too often, he was well acquainted with the monster. He had pried it off the rim a dozen times. He had plastered it with puncture patches, usually along the road, and he had crept home with blowout patches tucked inside the casing. He had been to the vulcanizers so often that they were beginning to vulcanize their own vulcanizes.

I had a freak one time. It ran 3,500 miles without coming off the rim. The dealer gave me a new tire for it, for permission to put it in his window with a sign, "Frank Tripp drove this tire 3,500 miles without taking it off the rim."

Folks who didn't yet know me to be one looked in the window and said, "Frank Tripp's a damn liar!" That's how I first got the reputation.

—:—

A TOUTED FEATURE of our 1913 Model T was its lighting system. In addition to its kerosene side lamps, like they had on hearses, there was a brass gas tank on the running board—which also sported a sizeable tool box.

You put a pint of carbide in the bottom of the gas tank and filled the top with water to trickle down. If the thing didn't blow up it generated gas for headlights which you could stop and light with a match, anytime.

The brilliance could easily be seen by a pedestrian 50 years ahead, even if you couldn't see him. These triumphs of illumination worked swell for a few fillings, then got all corroded up, sputtered, went out, and you settled for the hearse lamps or got home before sundown.

—:—

THE HORSELESS CARRIAGE had been improving for ten years, now was "perfected." Dealer were saying "this is the ultimate." Charlie Kettering was still cranking his own car; Vince Bendix too My, how they changed things.

Gasoline got as low as eleven cents a gallon. Yet fuel cost per mile was hardly less than now The linen duster, gauntlet gloves and goggles were musts. The righ hand drive let you watch the ditch to which you pulled and shut off the motor while a team passed, skittishly.

Farmers despised motorists. Their horses ran away; their dogs and chickens were dead in the road. But the die was cast; the common man was entering his gadabout era. The farmer soon joined him. Exit, the horse.

Everybody kidded the "Tin Lizzie." The more they kidded, the more Henry sold. What sold them most was the owners' retort: "She gets you there, and she gets you back."

She sure did—and how!

department of microbiology will fulfill its test tube promise.

Waksman, who discovered streptomycin, said the drug, known as candicidin, has been tested only on animals, that it has never been fully refined and that its toxicity is still too high.

The discovery of candicidin, reported at a conference on the Chemotherapy of Tuberculosis in Atlanta, Ga., may prove of great medical significance because relatively little has been acocmplished in the control of fungi-caused disease in man. It already has proved effective with mice affected by fungi causing infections of the skin, lungs, central nervous system, liver, spleen and kidneys.

Work which led to isolation of candicidin was started in 1948 at Rutgers when the departments of microbiology and plant pathology began searching for an antibiotic to combat Dutch Elm disease. Candicidin is a distant cousin of streptomycin.

The bell was diverted to its present location by two retired railroaders living here, George J. Knab and August C. Biber.

It was requested by the Rev. Norman B. Godfrey, Episcopal missionary on Okinawa and honorary canon of All Saints Cathedral of Albany, who reminisced longingly of his days as a boy on the Pennsy.

The bell was from engine S-22, one that he had moved around the enginehouse at Ebenezer, N.Y., between 1918 and 1922.

"With the way the railroads are turning to diesels," he wrote sadly, "there won't be any steamers left when I get back to Buffalo next year. Tell the boys to just put a pail of steam in deep freeze for me against the sad day of the steamer's expiration."
